Symptoms of Distress
Stomach ulcers
Relieved QUICKLY
Medicines of distress arising from stomach ulcers due to excess acid. Stomach ulcers, heartburn, gas, etc., due to excess acid relieved faster than you would believe possible unless you've tried TIGARD. Money back if you're not relieved quickly, unless effective.

HEALTHY FOOD STORE
BEWARE OF PN-WORMS
Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.
Watch for the warning signs, especially the embarrassing, itching rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P-W, the new Pin-Worm treatment developed in the laboratory of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction for your money back. No why take chances on Pin-Worms! If you suspect this ugly infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!

NOW SHE SHOPS "CASH AND CARRY"
Without Painful Backache
Many suffer from painful backache, especially when they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the wastes and acids out of the blood. They help most people pass about 5 pints a day.
When kidneys function properly poisonous matter is removed from the blood. If they become weak, however, the waste, acids, poisons, etc., pile up, resulting in backache, rheumatism, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent urination, especially at night, and burning or stinging when passing urine are warning signs that something is wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Dr. D. Jayne's P-W, a stimulant, diuretic, used successfully by millions for over 40 years. Don't give up! Relief will be yours in 15 minutes of happy shopping and will help the 15 million of backache sufferers who suffer from it. Get Dr. D. Jayne's P-W.

Your Health and It's Care

By DR. WILLIAM BRADY, M.D.
Readers should address inquiries to: Dr. William Brady, 285 K Camino Beverly Hills Calif.

NOW IT IS UNUSUAL EXPOSURE
I wonder what health or medical authority writes the full page about pneumonia for the life insurance corporation, or whether the corporation just engages a bright young man to handle it like this:

Dr. Brady

Although pneumonia usually attacks those weakened by fatigue, unusual exposure, or gripe, it can also strike healthy people! As a matter of fact there is no scientific evidence that those weakened by fatigue are more likely to have pneumonia than you or I—or just you. I never get fatigued, that is, not in that sense of the term.
I do derive a mild thrill, however, from the qualifying adjective the insurance corporation uses this winter—the first time, I believe, the corporation has abated a jot or tittle about exposure. For as many years as I can recall it has been just exposure. This winter, you will have to worry about UNUSUAL exposure only—but don't worry, for it is still up to you to decide for yourself whether any real or imaginary exposure is UNUSUAL.
Here's where all the wisecracks, fust-budgets and cryophobias (cryophobia, morbid fear of cold) get off. The remainder of this talk is for the young ones, who, because they know no more about it than I do, do not bother their heads about avoiding exposure as a matter of their own personal comfort.
To all young readers, greetings from Old Doc Brady. I tell you about exposure is just my own belief, but there is no other principle of health or medicine upon the soundness of which I am more certain. It is this:
Exposure to sudden change, extreme cold, dampness, draft, insufficient clothing, insufficient heat, (insufficient to keep one comfortable), getting wet or any other environmental condition you may conceive of as exposure, has nothing to do with health or illness.
That's all.
This is a free country and any one may be just as ignorant as he wishes about this. But for goodness sake don't be perverse too and take to infer that I must be peculiarly "resistant" or "unacceptable" or "insensitive" to cold. I like solid comfort as well as you do. If I am less likely than you are, to catch pneumonia my relative immunity may be due to one or more factors but I'm dead certain it isn't because I do not fear drafts, wet feet, dampness or going out without hat, shoes, overcoat or muffler.

QUESTION & ANSWERS
Basal Metabolism
My doctor never heard of thermometers determining basal metabolism, as stated in one of your articles. Please give me the name of a physician who uses that method.
(Mrs. E. R.)

HOBBIES ADVISED TO MAKE USE OF LEISURE HOURS
Development of hobbies in order to make wise use of leisure time and carry the health, strength and mental keenness of youth into old age was proposed by Dr. Elmo N. Stevenson, president of Southern Oregon College of Education, who addressed Kiwanians Wednesday at luncheon meeting in the Holland Hotel Blue Room.
Stevenson, whose subject concerned mastering the art of living, explained that hobbies created a balanced life by satisfying innate urges, not gratified by one's regular work. Hobbies make life interesting and make a person entertaining to others.
Speaking about the college at Ashland, also, Stevenson said that attendance had jumped 137 per cent over last year and that there were more men in the school than women. He stated that some semi-professional terminal courses are being offered.

BLONDIE

THE NEBBES

TO FACE CHARGE

Casper, Wyo., Feb. 7.—(U.P.)—George Sidney Sitts, 32-year-old confessed slayer, will be taken to Deadwood, S. D., late today to face charges of killing two day.

George Sidney Sitts

South Dakota law enforcement officers, Wyoming FBI authorities said Sitts waived extradition to South Dakota on the murder charge during a hearing here today.

DO YOU KNOW?

That business is controlled by law—management and competition. Uncontrolled elements are destructive—even to themselves.
