

Musical Combination Pleases In Civic Association Concert

(By Mrs. E. E. Gore)

An ensemble group consisting of Rene Le Roy, flutist, Sidney Foster, pianist, and Janos Scholz, cellist, presented the second concert of the 1945-46 series of the Jackson County Civic Music association last evening at the high school auditorium. Each of these distinguished artists is an outstanding soloist in his own field.

The woodwind tone of the flute blended well with the string tones of the cello and piano and each artist was enthusiastically received in his solo numbers. This unusual musical combination enables artists to present the beautiful, masterful but neglected literature written especially for this small ensemble. While there was plenty of vivacity, vigor and vitality in the ensemble performance, the pinpoint clarity of intonation and exactitude of attack in pianissimo was very noteworthy.

Avoiding inadequate transcription of tunes, the program was made up of serious music in the classic mode originally composed for cello, flute and harpichord. Mr. Scholz played "Sonata in A major No. 3" by Beethoven, showing great depth of understanding both emotionally and technically, while Mr. Le

Roy gave "Fantasie for Flute and Piano" by the eminent French composer, Faure. With skill, aptitude and musicianship he pictured in tone the delicate beauty of the composer's conception of music.

Mr. Foster's piano playing, both in support of his colleagues and in his solo numbers, was marked by faithfulness of interpretation and was also supercharged with a dazzling brilliancy that carried him beyond the capacity of his instrument and his last note left one wishing for more. We are a very hungry people musically, and appreciate a concert like this, bringing us new combinations, new music and artists of civic music attainment.

The encores were "Prelude for Left Hand Alone", Scribner, (piano) and the ritualistic "Fire Dance" De Falla and "Pantomime" from "El Amore Brujo" also by De Falla and arranged for small ensemble.
