

When wholesale prices for foods drop, we lower our prices immediately. We're only too ready and willing to sell for less when we can buy for less. That's our policy — and we make it work by searching the wholesale markets for the best food buys of the week — every week. And that's why you get the "drop" on lower food prices when you shop here. Come in today — or any day. You'll stretch your food dollars — shrink your food bills.
