Well-Known Men To Take Part In Kiwanis Kapers

Prominent business and professional men will have leading roles when Medford and Ashland Kiwanis clubs present their 1950 Kiwanis Kapers and Minstrel show February 22 and 23 at Ashland junior high and February 24 and 25 at Medford senior high.

Ray F. Baker, J. C. Penney company manager here and minstrel interlocutor of the 1949 Kapers, will be interlocutor for the "old-fashioned" minstrel act. The Rev. George Bolster, rector of St. Mark's Episcopal church, will be middle-man for the concluding "minstrel moderne," and Harry Skerry, Ashland city attorney, will be master of ceremonies for the variety act.

Black-faced end men from 1949 performing again this year are E. Ronald Rice of Frank Huff collection agency, Don Newbury, Medford attorney, and Walter Hamby, Ashland grocer and rancher. Other end men will be Frank Perl of Perl funeral home, Ed Barnett, manager of radio station KWIN, Ashland, and Bert Day of the Ashland street department.

Funds gained by Medford's club will be used for boys' and girls' work, particularly that for underprivileged children. Reserved seat and general admission tickets are on sale at the Medford hotel and McLain's drug center.

Potatoes Presumed Being Given To Miners

Washington, Feb. 14—(U.P.)—Department of agriculture officials said today that they assume surplus potatoes are being distributed among families of striking miners and other needy persons, but they doubted that dried eggs and powdered milk have reached relief channels under the recently announced federal food "give away" program.

Ray Schwartz, of the production and marketing administration's San Francisco office, is in Salt Lake City today to review relief food needs in that area and to determine how well they can be met under plans for distribution of surpluses. Washington officials of the department explained that state welfare agencies handle the actual distribution.

'Flying Barrel' Said Seen In Canadian Sky

Halifax, N. S., Feb. 14—(U.P.)—Now it's flying barrels.

Capt. William Crowell of Dartmouth, N. S., reported today he had seen an object late at night rushing through the air with a trail of fire.

"The barrel-shaped object exploded in a brilliant burst of blue and orange flame," he said. Crowell's report was supported by Doreen Macdonald of Enfield, N. S.

"I saw a flaming object roar through the night, and then burst into pieces and disappear," she said.

Dominion public weather office experts thought the object was a meteorite.
