

**Students Entertained
On Saturday Evening**

A group of students from Southern Oregon college were entertained last Saturday evening by Miss Sidney Smith, also a student at the college, at the home of her parents, Mr. and Mrs. Jerry Smith, 1033 Reddy avenue.

An Italian dinner was served, with dancing and games following.

Guests were Ruth Keennineur, Ken Alquist, June Murphy, Bud Atkins, Virginia Alley, Harold Stielor and Bill Perrin.

**Four Members Speak
For Delphian Society**

Mrs. C. Ray More was discussion leader for last meeting of Delphian society. The topic was the psycho-physiological make-up of the human organism and speakers were Mrs. O. H. Bengtson, Mrs. Allan Perry, Mrs. J. M. Hare and Mrs. Earl L. Lawson.

The resignation of Mrs. Karl L. Janouch was announced and the appointment of Mrs. Verne H. Wilson to succeed her as treasurer.

Following the February 28 meeting the group will have lunch at the Medford hotel.

**Jacksonville Gardeners
Hear Program On Roses;****Chairman Also Speaks**

Mrs. Kenneth Farley gave a helpful talk on planting, spraying and pruning of roses at the last meeting of the Jacksonville Garden club held in the club's rooms in the U. S. hotel. She brought a full grown rose plant in a bucket and demonstrated the correct method of pruning as well as giving several different methods of starting rose cuttings and spray formulas.

Mrs. Lance Offenbacher read a history of the rhubarb plant and gave methods used for forcing this plant.

Miss Claire Hanley, state conservation chairman, read the definition of "conservation" as given by the National Council of Garden clubs. The definition is "the wise use and replacement of our natural resources so that we, ourselves and future generations may continue to benefit by them."

Miss Hanley further read that "the purpose of conservation is to preserve the balance of nature to prevent soil erosion, to protect existing forests and to plant new ones; to clear the streams so that aquatic life may exist and the water be right for us to use; to intelligently and unsentimentally protect wild life, so that it may perform its proper functions. Conservation will increase the production of food, fiber and fuel, and means the economic salvation of our country," the article concluded.

During the business session the club voted purchase of a small redwood tree for the Jacksonville memorial plot and tentative plans were made for a plant sale some time the last of March. It was also decided that if the Siskiyou district of the Oregon Federation of Garden clubs accepts the project of planting an Elizabethan garden in the Shakespearean shell at Ashland, the Jacksonville club will give its support.

Mrs. R. T. Nichol was hostess with Mrs. R. Finney and Mrs. Otto Hamilton as co-hostesses. Mrs. Paul Godward and Mrs. Dee Hendrickson poured. Mrs. Olson, newest member, received a prize.

Traditional Washington's birthday decorations were used for the tea table and the centerpiece was a cherry tree complete with gum drop cherries.

**Canton And Auxiliary
Hold Joint Meeting;****Invitations Accepted**

Canton Siskiyou members and auxiliary held a joint meeting February 17 with W. H. Dyer, captain of the canton, and Mrs. O. S. Walden, auxiliary president, presiding.

A covered dish dinner was served at the beginning of the evening. Canton members were invited to attend a dinner and initiation ceremonies in Grants Pass Monday evening and an invitation has been received from Kirby Rebeckah lodge to canton and auxiliary for a visitation there in the near future. Votes to accept the invitations were made at Friday's meeting.

Mrs. Walden appointed committees for the year. Mrs. Carl Pearson, chairman, assisted by Mrs. L. O. Howard and Mrs. Ella Parks, was in charge of the February committee.

**Principal Gives Talk
For Central Point Unit;
Observe Founders' Day**

Central Point—C. A. Meyer, principal of the Central Point grade school, spoke on "Parent and Teacher Cooperation" at the last meeting of the Central Point Parent-Teacher association.

A school is an institution to help children grow mentally, physically and socially, Mr. Meyer said, and is only what the parents and teachers make it. The task of teachers and parents is three-fold, he declared, to see that the child grows mentally, physically, spiritually and emotionally; to see that the environment of home and school help the child to grow, and to see that goals of the school and home are the same.

He stressed that there must be cooperation of discipline by both the parents and teachers. He ended his talk by saying that the school should be the first public institution to open its doors to the public and the last to close them.

Superintendent H. P. Jewett reported on the progress of the new school and urged everyone to vote at the coming election. He urged those who are not registered to do so at once with Guy Tex in Central Point.

Mrs. C. W. Anhorn was chairman for a Founders' day program and with Mrs. Arnold Bohnert read a history of the parent-teacher movement. Mrs. C. A. Meyer provided a piano accompaniment.

During the business session it was announced the infant and pre-school clinic would open again under the direction of Dr. A. E. Merkel, county health officer, at the American Legion hall February 20.

Mrs. L. H. Camp, spiritual chairman, read an article on "Ten Points for Being Good Parents." A new committee, welfare, was organized with Mrs. Dale Burns, chairman. Mrs. Carl Hoyer and Mrs. Otto Bohnert.

The meeting opened with the invocation given by the Rev. Rolf Hansen of Community Bible church and following the session refreshments were served by mothers of children in the fourth grade. Mrs. H. P. Jewett's second grade won the room present.

Which is the better
time to control
scale and mites?

No question about it. You'll get better control—and save money, too—if you go after scale and overwintering mite eggs right now. Here's why:

DURING DORMANT SEASON	AFTER DORMANT SEASON
• Infestation is minimum	• Infestation is greater
• Spray is easier to apply to bare trees	• Trees in leaf need heavier applications
• Insect contact is sure	• Insect contact is harder to make
• You get effective control with low-cost Shell Dormant Oils	• You need more potent—and more expensive—materials
