LEADERS PLAN NATIONAL SCOUT JAMBOREE TRIP—The six Boy scout officials shown above are among the leaders from the Crater Lake Area council, Boy Scouts of America, who are planning details of the participation of local scouts in the national jamboree, to be held in Valley Forge, Pa., in July. Left to right, standing, they are Cliff Hansen, council scout executive; M. E. "Mike" Stansfield, Jerome Prairie, scoutmaster who will be assistant scoutmaster of jamboree Troop 1, and George Morey, Illinois Valley scoutmaster who will be assistant in Troop 2. Seated are Gifford Chindlund, scoutmaster of Troop 112, Ashland, and assistant of jamboree Troop 1; C. A. "Red" Stothers, Troop 8 scoutmaster, and jamboree Troop 2 scoutmaster, and Herbert Sampert, Oak Grove Troop 4 scoutmaster, who will lead jamboree Troop 1. Not shown are Dr. Charles Lemery, council jamboree chairman, and John Eddy, assistant district commissioner, who will be assistant scoutmaster of Troop 2. The map they are looking at is of the camp area at Valley Forge, where their camp will be near national headquarters.

66 Boy Scouts From This Area To Attend National Jamboree

Detailed plans for local participation in the big event of the Boy scout year—the national jamboree—were announced here Saturday for the first time, by scout officials.

Sixty-six boys—36 of them from Medford—will make the trip to Valley Forge, Pa., in July, according to Dr. Charles Lemery, jamboree chairman for the district. Among these will be 15 explorer scouts and six eagle scouts. Scouts from other districts of the council will include four from Ashland, 11 from Grants Pass, nine from Northern Siskiyou district and six from Southern Siskiyou district.

Two Troops
The boys will be organized into two troops, with 33 in each. Each troop will have four patrols, and will have a scoutmaster and two assistant scoutmasters. In addition, Cliff Hansen, council scout executive, and Dr. Lemery will make the trip from here.

The boys will travel in the same train as other scouts from Section 29, including Salem, Eugene, Klamath Falls, and other areas of District 11, which embraces Washington, Oregon, Montana, Idaho and Alaska.

Leave June 18
The train will leave Medford on June 18, and will return July 12. The route will include Los Angeles, the Grand Canyon, Albuquerque, Denver, St. Louis, Pittsburgh and Washington, D. C., going, and New York, Niagara Falls, Detroit, Chicago, Rushmore Memorial in the Black hills, Yellowstone National park and Portland, returning.

All scouts will use the same uniform, Dr. Lemery said, and it will include shorts, short-sleeved uniform shirts, jamboree neckerchiefs, overseas caps, and the jamboree insignia on the right pocket. Personal equipment will include, among other things, changes of clothing, sleeping bags and toilet articles. Sleeping bags and patrol, troop and unit equipment of scouts from the Pacific northwest will be carried at the jamboree in specially-prepared "trek carts", two wheeled affairs with one assigned to each patrol. It is thought that only northwest scouts will have this item of equipment.

"Trade Gadgets"
All boys and leaders will have "trade gadgets," or small items such as paper-weights, neckerchief slides, and things of this nature, all of them representing the area of the nation from which the boys come. These will be used to trade with scouts from other sections, so that each of the boys at the jamboree will have mementos of the jamboree.

More than 40,000 boys and leaders are expected to attend the national conclave. Among the 66 from this council will be Eagle Scout Lloyd Bishop, Medford explorer Post 3, who will be the council's representative on the jamboree special service troop of Region 11, which includes only outstanding Boy scouts for special duty. Young Bishop attended the international jamboree in France in 1947.

Precautions Taken
Insurance is being carried for each boy going, Dr. Lemery said, and elaborate precautions are being taken for the health, safety and welfare of all scouts on the trip. At least two medical officers, including Dr. Lemery, will be on the train from here, and a system of first aid stations and medical care arrangements will be provided at Valley Forge.
