

SOCIETY and CLUBS

Gold Star Officer To Visit Medford Saturday Afternoon

Another meeting in the series being held to complete organization of a chapter of Gold Star Mothers will be held Saturday, March 4 at the Girls Community club. All women who have signed the charter, and those who are eligible, are asked to attend this meeting.

In Medford to assist with organizational details will be Mrs. Louise Newhouse, Roseburg, department recorder of Gold Star Mothers of Oregon.

The meeting will open at 10:30 a.m. and a potluck luncheon will be served at noon. Mothers attending are asked to bring something for the menu if possible.

Mrs. Fred Lawrence, who has been heading the organization work, today expressed her appreciation to those who have assisted, especially those who have assisted with contact work. Mrs. Lawrence states that about 20 members have already signed the charter and she states that any Gold Star mother not contacted and who is interested in joining the organization may call Mrs. Alice Shober, 2-6046, or Mrs. Lawrence at 2-7676.

Business Women Hear Local Doctor

Medford Business and Professional Women's club held a dinner meeting last Thursday, and speaker for the evening was Dr. R. G. Barnes. His topic was "Socialized Medicine."

During the business meeting Miss Dana Platz reported on the recent carnival given by the club, and Mrs. Nellie Wall was given recognition for having sold the largest number of tickets.

Reports of the state board meeting were given by Miss Laura York and Mrs. Olivia Clavpool.

Mrs. Bertha Haskins, president of the club, was given a birthday corsage.

Meeting Held Thursday By Work-a-Way Club

A meeting of the Work-a-Way club was held Thursday afternoon at the home of Mrs. Frank Richey, 420 Western avenue. Games followed the business meeting, with prizes for winners, and the remainder of the afternoon was spent sewing for the hostess.

Mrs. G. E. Childreth was a visitor and members present were Mrs. J. W. Parker, Mrs. Ben Music, Mrs. Othar Richey, Mrs. Delbert Orgain, Mrs. Glenn Bowles and Mrs. Frank Richey.

Next meeting of the club will be March 9 at the home of Mrs. Orzain, 146 Kenwood avenue. A potluck luncheon will be served.

Glove Making Studied By Upper Rogue Group

Trail—Eighteen members of the Upper Rogue Extension unit met at the home of Mrs. G. A. Hubbell of Trail February 21. After a short business meeting the members were polled to determine their preferences for subjects to be taken up for study next year.

The afternoon was spent in glove making, with instructions being given by Mrs. Bartuss.

The next meeting of the unit will be held March 21 at the home of Mrs. T. M. Littlefield on the River road, Shady Cove.

Mrs. Stanley Morgan To Be Club Hostess

Mrs. Stanley Morgan will be hostess for a meeting of Wenonah club Thursday at her home, 212 South Orange street. A covered dish luncheon will be served at 12:30 o'clock.

Prospect Unit Meets At Community Hall; Glove Making Studied

Prospect — Prospect Home Extension unit met recently at the Prospect Community hall with 24 members and guests present. Mrs. Eula Middlebush led a discussion on work to be carried on by unit members in the coming year.

Luncheon was served by Mrs. Arch McKillop and Mrs. Everett Shafer.

Project for the meeting was glove making with Mrs. Floyd Loren and Mrs. Burt Broomefield as leaders. Any members not present wishing to learn glove making are asked to contact one of the leaders since several groups will be working on this project in various homes.

Next meeting of the unit will have lamp shade making as a project, with Mrs. Arch McKillop and Mrs. Arthur Holmes as leaders.

Book Study Completed By Society Members

Mrs. Meredith A. Groves was hostess for the last meeting of the study group of the Woman's Society of Christian Service, held Wednesday afternoon at her home. The group completed the study of the book, "We the People of the Ecumenical Church."

Mrs. Frank Fanger reviewed the previous chapters of the book, and Mrs. J. R. Woodford gave the devotional lesson. Mrs. J. P. Bray reviewed the last chapter and the afternoon closed with discussion about the book as a whole.

Hostesses Entertain Members Of Circle

Last meeting of circle three of the Woman's Society of Christian Service was held at the home of Mrs. Belle Jones and Mrs. Susan Graham, with 24 members present. Mrs. Lucy Lyman was a visitor.

Mrs. Jessie Minear led devotions, her topic being "Jesus' Life."

Circle three members will be hostesses for the homecoming meeting February 28, and the March meeting will be in the home of Mrs. T. J. Johnson, 1478 Morrow road.

To Meet

Delphian society of Medford will meet Tuesday at 10 a.m. at the Girl Community club. The meeting will be followed by luncheon at the Medford hotel, and it is stated that reservations for this are unnecessary.

Sewette Club Meets At Gerald Cook Home

Sewette club met at the home of Mrs. Gerald Cook, 920 South Ivy street, Thursday evening. A prize was won by Mrs. Tom Cook, and a birthday gift was presented to Mrs. Gerald Cook. Group singing was enjoyed.

Next meeting will be at the home of Mrs. Jessie Wilson, Table Rock road, and a friendship quilt will be made. It is set for March 9.

Home Canner Class In Judging Product Set For Eagle Point

Homemakers of Jackson county are invited to a home canning judging school to be held Thursday, March 2, at Eagle Point Grange hall, starting at 1:30 p.m. Arrangements have been made by Eagle Point Grange Home Economics club for Mrs. Vivian Freeman, educational representative for the Kerr Glass company to conduct the school.

Ticket of admission will be one filled jar to be used in the discussion. The jar will not be opened unless owners wish questions answered about the contents. The jars will be returned to the owners. Mrs. Freeman suggests that housewives bring jars about which they wish to brag on either appearance or flavor, or any about which they have questions. Each will have an opportunity to practice judging of filled jars and participate in the question and answer forum.

Popularity Of Canasta Shown In Revenue Report

Washington, Feb. 27—(UPI)—Everything from canasta to proposed congressional legislation was reflected today in a report on government tax collections in January.

Total collections by the internal revenue bureau of January were \$3,464,644,093 — nearly six per cent below the \$3,679,599,432 collected in January, 1949. This drop was enough to wipe out a small gain in collections during the first half of fiscal 1950 over the same period for fiscal 1949.

The bureau reported that the number of tax stamps sold to manufacturers of playing cards jumped from 4,916,858 in January, 1949, to 7,581,604 last month. The rise coincided with

the popularity of the card game canasta, which requires two decks of cards.

Collections of retail excise taxes on furs, luggage, jewelry and cosmetics dropped from \$45,078,564 a year ago to \$44,293,324 last month. Spokesmen for the industries affected by the retail excise levies claim that talk of reducing the taxes has resulted in lower sales for the past several months.

AIRLINES EMPLOYEES — Some 4,000 maintenance employees of American airlines will go on strike March 1 in 16 cities, the CIO Transport Workers union said today.

1950 Cars Set Economy Marks in Rugged Run

by A. C. Pillsbury
REGIONAL DIRECTOR
AMERICAN AUTOMOBILE ASSOCIATION

GRAND CANYON, ARIZONA —Competing in the world's greatest stock car test, 31 American automobiles, driven by non-professionals, zoomed into this winter-bound resort to set a high average miles per gallon of 22.074 and score new individual car performance and economy records. Maximum legal speeds were observed in the 751-mile, 18½-hour grind.

Sweepstakes winner in the Mobilgas Grand Canyon Economy Run was the Mercury, with a high in ten miles per gallon of 61.27, a miles per gallon figure of 26.524. Other winners were: Class A, Willys Jeepster, 26.099 miles per gallon; Class B, Ford Deluxe, 23.326 miles per gallon; Class C, Kaiser Special, 23.946 miles per gallon; Class D, Mercury, 25.34 miles per gallon; Class E, Studebaker Land Cruiser, 24.887 miles per gallon; Class F, Frazer Manhattan, 23.907 miles per gallon; Class G, Cadillac 61, 22.972 miles per gallon; Class H, Cadillac 62, 22.525 miles per gallon; Class I, Cadillac 60 Special, 22.080 miles per gallon; Class J, Cadillac 75, 17.245 miles per gallon.

Two Grades of Gas Used

Sponsored by General Petroleum Corporation, the rigidly controlled test dramatized the relationship between performance, economy, and safety of the 1950 automobile when correctly driven, lubricated and fueled. We permitted entrants to select either regular (Mobilgas) or premium (Mobilgas Special) grade of gasoline in order to more closely parallel the actual choice of you motorists. Results clearly show that real performance with economy is within the reach of every motorist when the grade of gasoline best suited to the operation of the car is used and the car is properly and safely driven.

The tough run was designed to test performance and economy; there were 61 miles of city driving, 335 miles of mountain roads, and 355 miles of level highway. Into the 2 day test we crammed temperature and altitude variation that the average motorist would encounter in a year. Temperatures dropped from over 70 in Death Valley to below freezing in the mountains. Altitudes ranged from below sea level to over 7000 feet.

Cars in Peak Condition

To illustrate the relationship of economy and performance to correct lubrication, A.A.A. officials drained, flushed and refilled every crankcase with regular Mobiloil to give engines full protection under both hot and cold temperatures. All gear housings were drained, flushed and refilled with correct grade of Mobilgreases. Engine cooling systems were conditioned for sub-zero temperatures with Mobil Anti-Freeze.

Out of the Mobilgas Grand Canyon Run have come authentic results to guide the motorist in his choice of gasoline and motor oil. It shows what performance and economy any motorist can gain when a well-conditioned car is properly driven. It proved again the ingenuity of the car builder and the technical skill of the petroleum chemist, who, combined, continue to give Americans their biggest dollar value.
