LIBRARIAN FORGIVES

Allegan, Mich. (U.P.)—Librarian Claxton Helms borrowed the Chinese custom of forgiving debts on New Year's. He accepted no fines on overdue books from January 1 to 14.

Carrier FDR Leads Ships Into Caribbean War Games

Ramey Air Base, Puerto Rico, Mar. 6—(U.P.)—A powerful armada of 180 warships, spearheaded by the big carrier Franklin D. Roosevelt, moved in on Vieques island today for an airborne-amphibious assault.

Paratroopers based here and seaborne foot soldiers will make a coordinated attack Wednesday on the small island six miles southeast of Puerto Rico to climax the record-size, peacetime war games being held in the Caribbean.

80,000 Involved

Known as "Portrex," the training maneuvers involved 80,000 soldiers, sailors and airmen. About 500 air force and navy planes are being used.

These war games also are providing a test for revised, "opened-up" amphibious warfare tactics that could be used to counter a possible atomic bomb attack. The new tactics emphasize dispersal and speed in movement of troops and equipment to beachheads and shores.

The basic idea is to keep from massing a big enough force to attract an A-bomb.

These tactics are along the lines outlined recently by Adm. Forrest P. Sherman, chief of naval operations. He predicted a "highly coordinated and highly flexible use" of airborne and amphibious forces.

"We must develop speed in preparation, speed in the movement to the objective, and speed in getting troops and supplies ashore and dispersed," he said.

Attack forces today stepped up their softening-up operations preliminary to Wednesday's airborne-amphibious assault.

Air force "Thunderjet" fighter-bombers from here continued to blast defense positions on the island with rockets, bombs and machine-gun fire.

Marines Go Ashore

A fleet of advance naval ships swept minefields and planted some of their own. A company of marines already had slipped ashore from a transport submarine under darkness to reconnoiter the landing beaches, enemy forces and instllations.

"Frog men" darted close ashore in small boats to destroy underwater obstacles in beach approaches.

Forces defending Vieques did not have any supporting surface warships, but their submarines and planes continued their attacks against invading forces.

Alaska-Canadian Milk War Near Head

Juneau, Alaska, Mar. 6—(U.P.) A first-class milk war between a Juneau grocery and local farmers neared a head today, with Canadian milk the cause.

The trouble started when milk from British Columbia's Fraser valley was shipped to a local grocery, selling at 30 cents an imperial quart.

The long-established milk price was 28 cents per quart, American size, or four ounces smaller than the imperial measure.

The 20th Century grocery immediately sold out 130 cases of Canadian milk. The Juneau Dairy association then told the store it could no longer get local milk. The grocery then dropped its imperial quart price to 25 cents, while the supply lasted.

In retaliation, a second grocery dropped its price to 25 cents a quart, but thrifty housewives continued to buy the Canadian product, getting the extra four ounces.

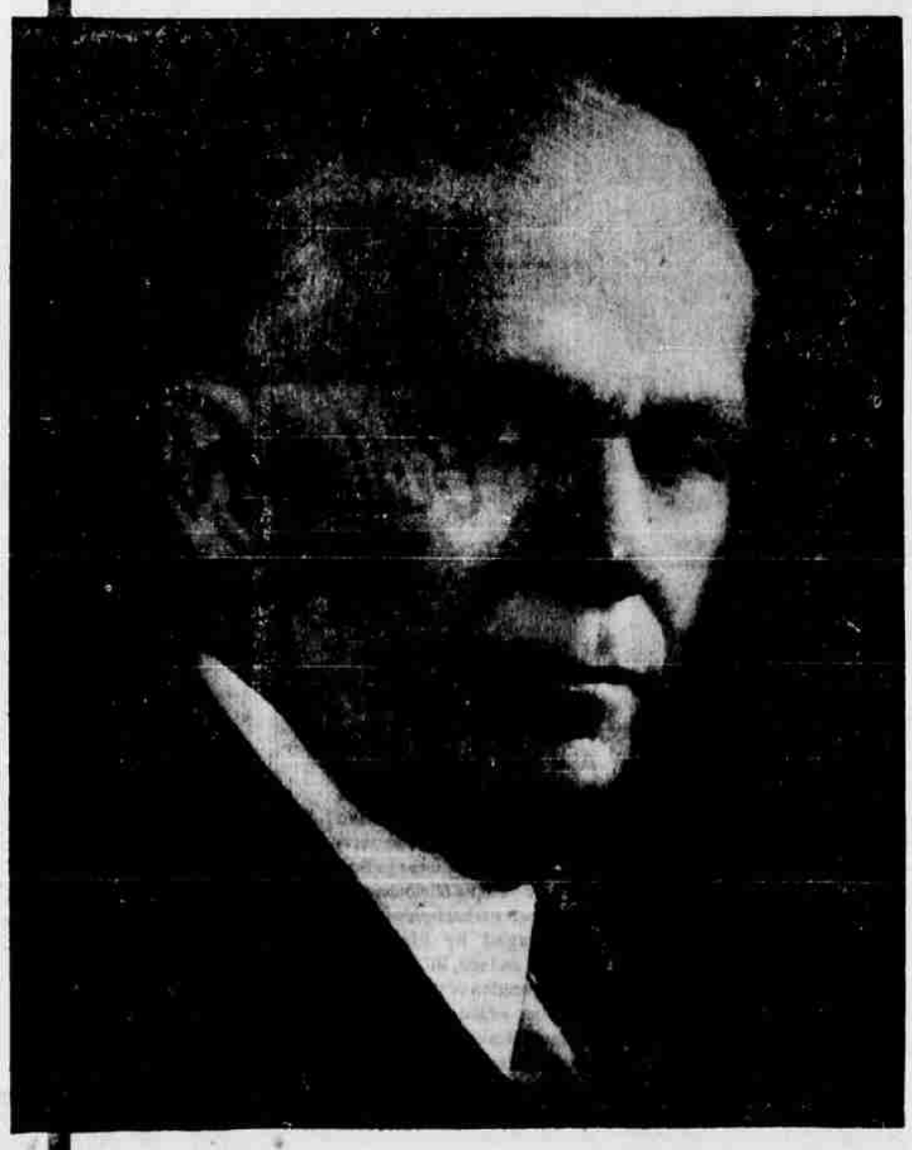
An Important Message from General Marshall



A STRONG RED CROSS means a stronger America.

With its host of volunteers the Red Cross brings relief to the victims of disaster . . . gives comfort to the hospitalized soldier and veteran . . . helps relieve the anxieties of the serviceman and his family . . . provides, in many communities, life-giving blood to the sick and injured.

Each year the millions who need help and the millions who want to help are brought together through the Red Cross.

This voluntary effort in behalf of our neighbors strengthens the fibres of democracy.

So I ask you to respond to the call for help this year as you have always responded before—with a kind and generous heart.

You, too, can help through Your RED CROSS
