Former War-Trial Judge Tells Active Club Of German Democratic Ambitions

"A firm but fair policy toward Germany will pay off, because I am convinced that the German people can work in and work with a free and democratic government." This was the opinion expressed by Robert F. Maguire, prominent Portland attorney, to members of the Medford Active club, their wives and guests last night at the Rogue Valley Country club.

Maguire, who recently spent 18 months as a judge at Nuremberg war trials, traced the underground opposition movement to Hitler's regime prior to and during World War II. Taking his facts from testimony at the trials and captured documents, he stated that the forces for peace in Germany were in a position to gain power at the time of Chamberlain and Munich. They were going to the German people with the facts that Hitler was leading them to war, and so had informed the government of Britain and France, when Chamberlain's appeasement program was adopted at Munich. They lost their message, for Hitler gained more than he was asking without war. This same attempt was thwarted again when Hitler and Stalin signed their pact in 1939.

Maguire told how all but two of the top German military men were secretly opposed to Hitler. He told the background of several of the plans to assassinate Hitler and make peace with the allies, including the now-historic attempt on Hitler's life by a bomb planted at a conference. "Over three million religious and political opponents were killed in the prison camps of Germany," Maguire said in describing the conditions of their death. "A dictator must make his subjects believe that he is the man of all wisdom, of all beneficences and all power. This leads to the violent oppression of religious and political freedom wherever a dictator is found.

whether it be in Germany or present-day Russia. Maguire is a non-partisan candidate for the Oregon supreme court.

He was introduced by Frank Van Dyke, Jackson county representative and former Activian. Warren Lessog was program chairman. Also guests were State Sen. William McAllister, president of Active International in 1936, and Mrs. Van Dyke and Mrs. McAllister.

Lumbermen Name Six Directors

Portland, Ore., Mar. 10—(U.P.) Six additional district directors yesterday were elected to the board of directors of the West Coast Lumbermen's association during a stockholders' meeting. The move is designed to give fuller representation to the increased production of Douglas fir lumber in Oregon and northern California.

The three districts of Columbia river, Lane county and Jackson and Josephine counties were awarded an additional director in view of the heavy expansion of the sawmill industry in those regions. New members of the association's board are: J. W. Copp, Clark County Lumber company, Vancouver, Wash., three years; William Swindella, Willamette Valley Lumber company, Dallas, Ore., one year; L. S. Anderson, Fall Creek Lumber company, Fall Creek, Ore., two years; N. B. Giustina, Giustina Bros. Lumber company, Eugene, Ore., two years; Richard Reynen, Fir Milling and Planning company, Ashland, Ore., three years, and C. E. Magnuson, Sound Lumber company, Arcata, Cal., two years.

Donations Assure Early Start On Church Addition

Cash and pledges amounting to between \$40,000 and \$50,000 are expected to be on hand by this week-end, assuring early construction of a new addition to the church school temple of the First Methodist church, it was reported today by the Rev. Meredith A. Groves, pastor of the church.

The amount on hand represents the contributions of about two-thirds of the members, Mr. Groves said in telling of "the enthusiastic and generous response of members and constituents during the present financial crusade."

The response from those still to be solicited should provide sufficient funds to cover the cost of the project," Mr. Groves added. Total cost is estimated at about \$80,000. Pledges are on a two-year basis, and construction is planned as soon as sufficient cash is on hand.

The official board, and workers in the financial drive, will meet Monday at 7:30 p. m. with the director of the crusade, Dr. John Henry Soltman, of the Methodist Board of Church Extension of Philadelphia. Plans for the new building will be discussed, and arrangements made for the extension of the financial campaign until every member is visited.

Referendum Sought On Portland Statute

Portland, Ore., Mar. 10—(U.P.) A petition from the civil freedom committee today was on file with the city auditor asking for a referendum on Portland's new anti-discrimination ordinance in the November 7 general election.

At least 13,282 names would be needed before the issue could be placed on the ballot. Signatures must be filed by 5 p. m. March 23. If that many signatures are obtained, the ordinance would not go into effect until after the election, if voters approved it.

The anti-discrimination ordinance makes it illegal to bar persons from hotels, restaurants and other public places for reasons of race, color or religion. A maximum penalty of \$500 fine and six months imprisonment is provided for violation.

The petition was filed by a hotel owner, a chef and a tavern owner. The ordinance was passed February 21 after many speakers had called it a progressive step in race relations.

Aspirin Overdose May Kill, Bulletin Warns

Portland, Mar. 10—A warning against giving aspirin to children without the advice of a physician was given today by the state board of health in the current issue of the Oregon Health Bulletin.

In a bulletin article, figures on overdose-poisonings from aspirin were cited, and the magazine said "The common aspirin tablet can become a deadly weapon if taken in sufficient quantity."

Citing a report from England, the magazine said it revealed cases where two infants were given toxic doses by their mothers who had misinterpreted their physicians' instructions. One infant died because of this.

NOT TO BE STOPPED
Detroit (U.P.)—Eighteen-year-old Dolores Le Roy left a church after a wedding rehearsal to find that her wedding gown had been stolen from the groom's car. She borrowed one from a girl friend and got married, anyway.

EGG WITHIN EGG

Hillsboro, Ore., Mar. 10—(U.P.) An egg 7½ inches around the middle and 9 inches long was laid by a yearling Rhode Island red hen, according to its Dixie mountain owner, Norman Nelson.

The egg was an egg within an egg. The outer shell cracked while in the nest and the outside yolk seeped out. Inside was a normal sized egg, Nelson said.
