HEC Unit Sponsors Lunch And Style Show At Trail

Trail—A luncheon and style show sponsored by the HEC unit of the Upper Rogue Grange were held Thursday afternoon, March 9, in the Rogue River lodge, with 170 women from surrounding communities and the valley in attendance.

Butte Falls, Sams Valley, Prospect, Talent, Central Point, Eagle Point, McLeod, Ashland and Medford were represented as well as Shady Cove and Trail.

Mrs. Mildred Moss of Mann's department store was in charge of the style show with Mrs. Belle Van Dyke assisting at the piano. All models showing the latest spring styles of the store were members of Upper Rogue Grange with exceptions of Miss Phyllis Wendt, employee at the store, who appeared as a bride, with the Misses Deborah and Roberta Dunlap, daughters of Mr. and Mrs. John Dunlap, groomed as junior bridesmaids.

Outstanding costumes in the show included a sportswear loafing ensemble with jacket, with matching bag and hat, worn by Mrs. Hugh Severin of Prospect. Mrs. Dunlap modeled a suit with which she wore a wheat straw hat and complementary straw bag. A town-and-country suit with plaid jacket, worn with a kelly green all-wool gabardine skirt was modeled by Mrs. Robin Adair.

Mrs. J. H. Mallory wore a sheer worsted checked dress and Miss Merle Carlton modeled a demure print jacket-dress. Mrs. Bruce Griever's costume was a blue gabardine suit with navy blue accessories.

Uses Of Appliances Subject Of Meeting By Butte Falls Unit

Butte Falls—Fourteen members attended the Butte Falls Extension unit meeting in the home of Mrs. Robert M. Beeson, March 3. Mrs. William Ronayne and Mrs. Henry Tygart demonstrated uses of electricity and stressed safety measures to be constantly practiced to avoid home accidents.

A graphic contest was held showing the number of home appliances which can be used on one circuit and precautions necessary to avoid trouble in the uses.

Mrs. Beeman was appointed to attend a cancer control meeting March 15. Discussion centered around plans for the Home-maker's Festival and the part the unit would take in its program.

Luncheon was served by Mrs. Norman Palmer and Mrs. Tygart followed by learning the Extension song and a tie-dyeing contest. Mrs. Beeman lead discussion on program planning for the coming year and members made a number of suggestions. Next meeting will concern boiled dinners and will be held at Mrs. Keith Scott's home, led by Mrs. Hubbard and Mrs. Palmer.

Girl Scout Displays Featured In Stores; Quiz Contests Held

As a part of the observance of the Girl scout organization's 38th anniversary on March 12, a number of Medford stores placed displays in windows of Girl scout crafts and activities this past week-end.

The display in the window of the Cameo Beauty salon is the work of Mrs. Michele Rossi's junior high school Troop 33, featuring school bags for the schoolmates overseas project.

Also having an attractive display of school bags in the window of the Home Appliance company was Mrs. Paul Haviland's fifth and sixth grade Troop 11. In the same window Brownie Troop 111, with Mrs. Al Carrara as leader, had a display of sewing kits and wool boutonnieres and pin cushions.

Mrs. Lewis Le Mire's Troop 20 of fourth grade Brownies had made attractive good grooming scrapbooks and potholder holders. These troops are from St. Mary's neighborhood.

The troops of Washington neighborhood, with Mrs. Jack Miller in charge of the display, placed a very effective camping and cook-out scene in the Medford Furniture store window. In the Medford Flower shop window Troop 17 of Oakgrove fifth and sixth grade troops under Mrs. William Knips and Mrs. Glen Hobbs furnished the display of potted plants and flower paintings done by the girls.

Eighth grade scouts of Troop 38, under Mrs. James Campbell, leader, in their window in the J. C. Penney company, arranged a display of work connected with the earning of the child care badge, featuring a home set-up for a baby's bath.

One of the other highlights of the Girl scout anniversary week-end was the competing at the Scout house of the winners of the neighborhood quizzes. Each neighborhood in the Medford district was represented. Included were the following scouts: Nancy McKeown of Washington neighborhood, Bet-

"...just landed that order, dear—and my bags are packed"

Red-letter days seem brighter—and ordinary days more cheerful—when you chat with the folks over Long Distance. For your voice means so much to loved ones, expresses your personality so well, helps you say so clearly exactly what you mean.

Since rates are so low, you can use Long Distance service often. And you'll be able to say as much in your first three minutes of conversation as in a full letter—if you remember to plan your call in advance. It's also wise to keep a list of out-of-town numbers. For if you give the operator the number—not just the name and address—your call will speed through three times as fast...often within thirty seconds.

Use Long Distance—so personal, so fast, so inexpensive

Nash sales growth since the war has been more than 4 times as great as that of the Automotive Industry as a whole...

WHY NASH?

Why Nash? Because Nash has consistently led in the power parade—builder of valve-in-head engines for a third of a century—a leader in high compression.

Because today Nash alone builds a valve-in-head engine of 7.3 to 1 ratio that utilizes regular gasoline.

Why Nash? Because Nash was first with automatically-controlled, pressurized heating and ventilation, probably the greatest single health, comfort and safety feature of the modern automobile.

Because today's Nash Weather Eye Conditioned Air System is still first in efficiency and in safety—with fresh, untainted air drawn from outside the engine.

Why Nash? Because Nash has been foremost in advocating greater gasoline mileage.

Because Nash is a big full-size car that delivers over 25 miles a gallon at average highway speed.

* There's Much of Tomorrow in All Nash Does Today *

Why Nash? Because Nash was first to mass-produce the Unitized, welded body-and-frame car that is more rigid, durable, safer and free of rattles.

Why Nash? Because today's Nash Airflyte cars by scientific wind-tunnel test have been proved to have 20.7% less air drag than the average of 10 other cars tested—with less wind-noise, less fuel cost.

Why Nash? Because Nash was first to attack the problem of rust by Bonderizing and by use of more durable baked enamels. Because today all sheet metal parts of a Nash Airflyte are many times more resistant to wear and fading.

Why Nash? Because today's Nash Airflytes offer more combined passenger and luggage space, dollar for dollar, than any other car.

Why Nash? Because Nash has been years ahead in the development of the car interior. First to have the curved, one-piece windshield on all models, Unitcopes, and today the only car offering an Airliner Reclining Seat and Twin Beds.
