VICTOR Says:

Not long ago I recommended my dentist, Dr. Mohr, to one of my patrons. After finishing her work he sent me a very nice card expressing his gratitude for my thoughtfulness. It was a gesture I liked very much.

I only wish I too might do the same but of course I don't have the addresses of all the lovely ladies who have given us a nice word, so please allow me to say we definitely appreciate your boosting us and we will reciprocate by doing our utmost to give you the best.

"And How Are All the Folks?"

Is there someone in your family about whom you are concerned? Someone who is a little "run-down" or "not doing very well?" Have you had the doctor make a careful examination and diagnosis? One call now may save ten or a dozen a little later . . . to say nothing of preventing unnecessary suffering and possibly serious complications.

The old expression "doctors cost money" is never so true as when they are not called at all.

Corn, Wheat Cutbacks By Farmers Expected

Washington, Mar. 21—(U.P.)—Farmers this year intend to cut back corn plantings 5.9 per cent and spring wheat plantings 12.6 per cent, the agriculture department reported today.

Seeking to hold down surpluses, the department had set planting allotments aimed at cutting the corn acreage 12.9 per cent and wheat 14 per cent. Half of Uncle Sam's \$4,000,000,000 price support investment is tied up in these two grains.

Smallest Plantings
The department said a March 1 survey of farmers' planting intentions shows that 82,765,000 acres of corn and 19,724,000 acres of wheat are in prospect. That would be the smallest corn planting in more than 50 years. It compares with 87,916,000 planted acres last year and
