

Baby Found Safe; One Still Missing From N. Y. Hospital

New York, Mar. 31—(U.P.)—Diane Ranzie, six-months-old, was found unharmed today, 12 hours after being kidnapped from a parambulator parked in a Brooklyn theater lobby, but police held little hope of finding a second stolen baby alive.

The second infant, Chaneta Holden, a Negro born prematurely 10 days ago, disappeared from an incubator at Lincoln hospital last night a few minutes after the Ranzie girl had been whisked from her carriage by Mrs. Catherine Palmore.

The infant's mother, Mrs. Clarence Holden, said she feared the baby had been dropped or injured by a hospital attendant and hidden. Police, theorizing that the child never had left the hospital, searched laundry chutes, incinerators, waste baskets, drainage pipes and every opening large enough to conceal a baby's body.

10 to 2 Vote by Jury Finds Coy Guilty of Rape

The second conviction for a sex crime in less than a week was obtained yesterday by District Attorney George Nielson when a circuit court jury composed of six men and six women adjudged Rex Joseph Coy, 28, guilty of assault with intent to commit rape. They took just one hour to reach the verdict. There were ten "guilty" votes with two dissenting.

Coy was identified as the man who attacked an 11-year-old Medford girl, by his victim and by two of her playmates. He did not testify in his own behalf. The Medford man was indicted by a grand jury February 23.

Sentencing Saturday
Judge H. K. Hanna has set 9:30 a.m. Saturday as the time to pronounce sentence and Deputy District Attorney Paul Hovland said Coy's previous criminal record will be brought up at that time. It could not be mentioned during the trial because Coy himself was not called to testify.

Coy was defended during the three-day trial by two court-appointed attorneys, Manville Heisel and Stanley C. Jones Jr.

A circuit court jury, consisting of many of the same jurors who tried the Coy case, returned another guilty verdict last week against Earl Gorman Edison who had been indicted on a statutory rape charge. He received a 12-year sentence but is being held in county jail here pending a motion for a new trial. Coy could be sentenced to life in the state penitentiary, or the court could give him a lesser sentence of from 1 to 20 years.

NLRB Gets Unfair Practice Charges

Kogap Lumber industries of Medford have filed unfair labor practice charges against the Medford Central Labor council, the national labor relations board in Portland told the United Press today.

While the NLRB did not release the specific charges, it was understood here that they involve a dispute between the firm and the labor council, together with several affiliated unions, which began about the middle of February.

Pickets have been posted at Kogap since the dispute rose over the employment of production workers at Kogap construction jobs, involving new dry kilns and sheds. The pickets have carried signs of the local building trades council which listed Kogap as "unfair."

Last week the local union of Lumber and Sawmill Workers, AF of L, protested to the Central Labor council over the picketing, and earlier this week the Klamath Basin District council of Lumber and Sawmill workers disclaimed this letter of protest.

Two Candidates Will Speak Here

Two democratic candidates for important political office will attend the Saturday afternoon meeting of the Jackson county democratic central committee, it was reported today by Mrs. Edward C. Kelly, chairman.

They are Howard Latourette, who is seeking nomination for United States senator in the May 19 primary election, and David Shaw, democratic candidate for nomination for congressional representative from the Fourth district.

Latourette is a former speaker of the Oregon house of representatives and is former democratic national committeeman for Oregon. Mrs. Kelly said. He arrived in Medford at noon today.

Shaw is an attorney practicing in Gold Beach and Eugene. The meeting, to be held at 3 p. m. at the Medford YMCA, will be open and the public is welcome, Mrs. Kelly said.

Democratic candidates for election to local offices also will be presented at the meeting.

Tobacco Tax Restored in California School Aid Bill

Sacramento, Mar. 31—(U.P.)—A three-cent cigarette and tobacco tax was put back into a \$29,500,000 school aid bill by the assembly ways and means committee last night and the bill recommended for passage by the house.

The committee voted 34 to 18 to reinstate the \$45 million tax on tobacco products that was taken from the bill Tuesday night by the revenue and taxation committee. It then voted 15 to three to send the measure to the assembly floor.

Approval of the measure was over the objection of A. Alan Post, the legislative auditor, and J. H. Mudgett, state budget director.

Mudgett objected to the increase in the school program and

His Fate Awaited

America Staggering From Crisis To Crisis, Elder Statesman Says

Newport, R. I., Mar. 31—(U.P.)—Bernard M. Baruch said today that the United States was staggering "from crisis to crisis with the initiative left to the enemy" and to win the cold war must have "a general staff for peace," headed by a man "of the stature of Gen. George C. Marshall."

"What is needed is a non-partisan group which will stay on the job until the cold war is won," Baruch said, "a group which would sit in continuous deliberation on the whole of the peace-making, serving as a central point of decision, weighing all the many commitments pressed upon us, guiding the best disposition of our strained resources, determining where in the world we are to fight a mere holding action and where we can achieve a decisive breakthrough—and at what effort."

Nation Said Spreading Itself Too Thin
The 79-year-old former presidential advisor spoke before the staff and students of the Naval War college here.

Baruch said the United States was today spreading itself "too thin, unable to achieve decision anywhere."

The "serious defeat" suffered by the United States in China, he said, "has stirred a good deal of public discussion of whether we are losing the cold war. Certainly there is sufficient reason to feel that what has been done so far is inadequate."

Must Learn To Pace
Baruch said the United States must "learn to pace ourselves in relation to the Russians and the threat of war." He said he believed that American intelligence could unravel enough of the Russian enigmas to give us "an adequate basis for judging Russia's intentions as to war or peace."

"I do feel that we must vigilantly watch the overall degree of Soviet mobilization for war and that we dare not permit too great a variance with our own mobilization, or we risk war," Baruch said.

But, he added, he felt another war would not begin with an open attack on the United States.

"It seems to me quite likely that the test may come in the more subtle form of civil war, probably in Germany," he said.

As a matter of fact, he said, "it is not a state of civil war already exists, because that is what the cold war really is—neither peace nor total war but a succession of civil conflicts, more or less violent, wherever the Soviets can foment such strife."

He urged "prompt enactment of a stand-by mobilization plan" providing for economic as well as military measures to meet war, to remove "our present source of peril" which he said is the time lag between the start of a war and complete mobilization.

Baruch said a stand-by mobilization plan should be "put into law now, to go into instant operation upon joint proclamation by congress and the president."

He said it should include:

- "An impartial selective service law, with a work-or-fight clause;
- "A readied civilian defense;
- "The elimination of profiteering;
- "The power to shut down less essential production to give military needs priority;
- "Rationing of scarce essentials;
- "Much higher taxes;
- "A ceiling on all prices, rents, wages and other costs to prevent the inflation which could wreck any mobilization."

Bridges Perjury Case Goes to Jury After 81 days

San Francisco, Mar. 31—(U.P.)—The perjury-conspiracy case against Longshore Union Leader Harry Bridges and two of his aides was submitted to a jury of eight men and four women at 12:43 p. m. today.

Federal District Judge George B. Harris completed a morning-long period of instructions to jurors at 12:10 p. m., and after a brief conference with opposing counsel, submitted the case.

Long Session Seen
The jurors will begin deliberating immediately following lunch—about 2 p. m. Apparently in anticipation of a lengthy deliberation, the first three jurors in court today showed up carrying suitcases. One brought a comfortable pillow with him.

The 49-year-old president of the powerful International Longshoremen's and Warehousemen's union is charged with lying at his naturalization hearing in 1945 when he denied he was ever had been a communist.

J. R. Robertson, longshore union vice-president, and Henry Schmidt, top ILWU organizer, were indicted with their president on a conspiracy count and charged with aiding and abetting Bridges' alleged perjury.

Points of Law Covered
Harris took an entire morning to cover more than 40 points of law which the defense and prosecution wanted explained to the jury.

At the behest of Bridges' attorneys, he stressed the "guilt by association" theory and said the labor chief could not be convicted if evidence at the 81-day trial showed he had cooperated with communists merely to further the work of the union.

The attorneys stressed the "guilt by association" theory and said the labor chief could not be convicted if evidence at the 81-day trial showed he had cooperated with communists merely to further the work of the union.

Groundwork Laid For Soil District

More than 40 residents of the Sams Valley, Beagle, Meadows and Table Rock communities met at the Sams Valley school last night to lay the groundwork for a new campaign to form a soil conservation district.

A committee of 14 will draw up tentative boundaries for the proposed district, which would coordinate soil-saving and water-conserving efforts. The committee proposes to determine sentiment in regard to the district, and whenever they run into opposing viewpoints they will draw a boundary line, thus helping to assure the success of the measure when it finally comes to a vote. Only landowners in favor of such a district would be included in the balloting.

Petitions are being circulated for submission to the state soil conservation committee, and it was learned today that sufficient signatures to call for hearings in the area have already been obtained. More signatures will be sought, however.

A second meeting of interested farmers and ranchers has been set for April 20 when the final proposed boundaries may be known.

House Votes Slash In Foreign Aid Money

Washington, Mar. 31—(U.P.)—The house voted tentatively today to lop \$20 million off the \$45 million asked by the administration to carry out President Truman's "point four" program. The standing vote was 117 to 78.

Rep. Christian A. Herter (R., Mass.) submitted the proposal for reducing the first-year authorization for "point four" to \$25 million. This would include about \$10 million for technical assistance programs now in operation.

Church Group Files Incorporation Papers

Salem, Ore., Mar. 31—(U.P.)—The Southern Oregon Christian Service Camp, with headquarters in Medford, filed articles of incorporation here today, signing the articles were Earl F. Downing, L. H. Camp and Everett H. McGee.

Cooperation Plea Voiced as Census Begins Tomorrow

Medford enumerators for the 1950 federal decennial census will officially begin their rounds of homes Saturday, and census officials today again voiced a plea for cooperation from residents.

Enumerators have been trained to be courteous at all times, they said, and hope in turn for polite response from citizens. All enumerators will carry identification.

Census workers under Crew Leader Mrs. Ralph Doty in Medford conducted a practice enumeration for about four hours today. These calls were the "real thing" and did not represent a "dry run," she said. Persons called on today will not be contacted again.

Enumerators Listed
The 19 enumerators for Medford under Mrs. Doty are Mrs. Elizabeth Archibald, Miss Julia Bailey, Mrs. Alice Buchter, Kenneth Buxton, Mrs. Margaret Dunley, Mrs. Arlene Espey, Mrs. Esther Jones, Mrs. Lura McGuire, Mrs. Wilma McCord, Mrs. Elaine Reifort, Raymond Stagger, Richard Schuchard, Mrs. Marilyn Bely, William Woodford, Mrs. Winona Warren and Elsie Werner.

Mrs. Doty has west and southwest Jackson county in addition to Medford. H. F. Friel is leader for the east and north section and Mrs. Dorothy V. Matheny for Ashland and the south and southwest areas.

The city hall is the mailing address for census takers here, but Mrs. Doty said that census officials would spend no time there. Crew leaders are required to travel about assisting enumerators.

B-17 Lands Here in Hunt for Lost Craft

A B-17 air rescue plane from McChord field, Tacoma, Wash., landed at the Medford airport yesterday in the search for a Portland Beechcraft biplane missing for more than a week on a flight between Lakeview and Portland.

The big four-motored ship, converted from a World War II bomber, left McChord yesterday morning, searched the Redmond area yesterday, and returned to McChord field last night. It will continue its search operations out of the Redmond field, according to the Medford air and airways communications squadron detachment.

Bond Issue Revote Set for April 24

Central Point, Mar. 31—The school board of consolidated district No. 6 at a special session last night set Monday, April 24, as the date for a revote on a \$500,000 bond issue for new high school construction at Central Point.

Patrons of the district approved the bond proposal at an election last November but a reaffirmation election was made necessary by the interpretation of law by a Portland bonding attorney.

Polls will be open from 2 to 8 p. m. at the Gold Hill school gymnasium and the Central Point high school gymnasium.

Board members said that plans and specifications for the new high school should be completed in about one week.

1950 Cancer Drive To Start Saturday

The 1950 American Cancer society campaign will get under way Saturday in Jackson county and in the rest of the state. The campaign will continue through April, which has been designated cancer control month by the congress.

George Schoeffel of Portland, state campaign chairman, announced the campaign will be "the most intensive in the history of the nation" and that Oregon will exert every effort to raise its share of the \$14,565,000 national goal.

Sacramento Police Seize 2 Brothers In Girl's Death

Fingerprint Leads To Capture of Duo

Sacramento, Mar. 31—(U.P.)—A fingerprint found on a beer bottle was credited today with leading to the capture of two brothers accused of kidnaping and murdering pretty JoAnn Dewey, 18-year-old hospital worker.

The brothers were Turman Wilson, 24, who once served six years in Oregon state prison for rape, and his brother, Utah Eugene Wilson, 21. They were held for Vancouver, Wash., authorities.

The Wilsons surrendered peacefully last night to Sacramento police and FBI agents who waited near their coupe which was parked on a downtown street. Turman was armed with a .25 caliber automatic pistol, and a six-shot double action revolver was found on the front seat of his car.

The government charged them with unlawfully fleeing from Washington state to avoid prosecution. In Vancouver, Wash., first degree murder and kidnaping charges have been filed against them.

The brothers were ordered held in lieu of \$25,000 bond on the federal charge after temporary arraignment before U. S. Commissioner Adella McCabe. However, they will be surrendered to Clark county, Wash., deputies to face the murder charge. FBI agents said "Anything that happens in Washington, they blame me." Turman complained as he was fingerprinted after the arraignment. He and Utah appeared in the commissioner's office dressed in brown coveralls supplied by the Sacramento police department.

After the arraignment, the brothers were taken to the county jail.

The suspects refused to discuss Miss Dewey's slaying, said Police Captain Larry Trimble, nor would they give a "reasonable explanation" for being in Sacramento.

Miss Dewey, whose home was in Meadowlake, Wash., was snatched off a Vancouver street Sunday night, March 19, by two men driving a black sedan. Her nude and battered body was found a week later in the Wind river about 50 miles from Vancouver.

(Acme Telephone)
CENSUS TAKER GOES TO SEA—Her questionnaire ready, census taker Helen Mabbott is hoisted out of the boiling surf with launch and crew onto pier at Farallon light station, 30 miles off San Francisco's Golden Gate, where she counted noses for the 17th decennial census. She found in all, nine men, five women and five children. She also got seasick.

Nose Counters Will Start On Saturday

Washington, Mar. 31—(U.P.)—Nearly 3 million doorbells will be rung tomorrow as census takers begin the biggest, most complete tabulation ever made of the American people.

Forty-two million others homes will be visited before the four-week job is completed.

Three separate enumerations—covering population, housing and agriculture—will be made simultaneously in the nation's 17th census, a once-a-decade operation.

To Gather Information
In addition to counting the 151 million-odd population, the census-takers will gather pertinent information about each individual and the nation's 45 million homes and 6,300,000 farms.

When all of the data has been gathered and tabulated, the government expects to have 15 billion facts about its citizens.

The task requires the help of 175,000 part-time workers in addition to some 2,000 regular census bureau employees. About 90 per cent of the extra help will be laid off within a month.

About 8,500 technicians and clerks alone are needed to operate the 3,000 card-punching and tabulating machines that occupy acres of floor space at bureau offices here and in Philadelphia.

The end result, after more than two and one-half years' work, will be 100,000 pages of printed tables and text.

The house-to-house canvassers will write the answers to their questions on sheets bigger than the page of a newspaper. Each

Remind Dog Owners Of Control Ordinance

City police reminded residents today that enforcement of Medford's dog control ordinance will commence Saturday.

The law forbids dog owners to allow their animals to run loose during April, May and June as a protective measure for gardens and flowerbeds.

Ernest G. Beale, newly appointed control officer, will patrol streets and answer complaints made to police. Where citations cannot be issued to dog owners, the animals will be picked up and taken to the Jackson County Humane society. Dogs may be redeemed by paying a \$1 fine and board, and dogs not called for in three days will be killed.

Portland, Mar. 31—N. P. Avtonomoff, Medford, was elected president of the Oregon branch of American Association of Teachers of Slavonic and East European Languages here this week, at a meeting held at the home of Mrs. Marjorie McDonald.

Medford School Students Take Three-Day Vacation

Students, instructors and administrators alike of the Medford school system will have a break in the regular routine next week.

Spring vacation will be observed on Monday, Tuesday and Wednesday. Concurrently in Portland sessions of the Oregon Education association will be held and a number of teachers and administrators will trek northward this week-end for the event.

Among those planning to attend the OEA conclave are E. H. Hedrick, city school superintendent; Elliott Becken, assistant superintendent; Lester Harris, high school principal; Glenn Linn, junior high principal and H. W. Gustin, Jackson grade principal.

There will be classes Thursday and Friday. Hedrick said school will be dismissed at 2:30 p. m. Friday. Students will be permitted to attend earlier Good Friday services on written excuse from their parents.

FBI Gets Documents In Lattimer Charges

Washington, Mar. 31—(U.P.)—Sen. Joseph R. McCarthy has handed the FBI the documents he says will prove far eastern expert Owen Lattimore a communist and a Soviet agent, his office revealed today.

The Wisconsin republican was in a local hospital for sinus treatment and no details were available on where, when or how the material was given the government's top investigative agency. The FBI was silent too.

The data bearing on the "Lattimore case" was described in part by McCarthy in a Senate speech yesterday. McCarthy said it links Lattimore to a 1945 espionage case, showed that the Johns Hopkins university professor was a source of information for Soviet information and intelligence service and gave the name of a witness ready to testify that Lattimore was a communist party member.

Lattimore, directly and through his wife, has described McCarthy's charges "pure hog wash." He is hustling here on a United Nations mission in Afghanistan to testify Tuesday before a senate foreign relations investigating subcommittee.

Church Group Files Incorporation Papers

Salem, Ore., Mar. 31—(U.P.)—The Southern Oregon Christian Service Camp, with headquarters in Medford, filed articles of incorporation here today, signing the articles were Earl F. Downing, L. H. Camp and Everett H. McGee.

1950 Cancer Drive To Start Saturday

The 1950 American Cancer society campaign will get under way Saturday in Jackson county and in the rest of the state. The campaign will continue through April, which has been designated cancer control month by the congress.

George Schoeffel of Portland, state campaign chairman, announced the campaign will be "the most intensive in the history of the nation" and that Oregon will exert every effort to raise its share of the \$14,565,000 national goal.
