

MISSING GIRL FOUND DEAD—Men waded through the waters of Wind River, Wash. (left), carrying the beaten body of Joann Dewey (right), which was found in the river by fishermen. The girl, missing for a week, was believed kidnaped by two men from a Vancouver, Wash., street. Authorities are pressing a search for her abductors.

Easter Seal Drive Support Urged as Final Day Nears

"Easter Seals help crippled children walk, play and learn—in other words they help handicapped youngsters fit into the normal scheme of life," Mrs. C. B. Partch, chairman of this year's Easter Seal drive, said today. She urged community participation in the drive, which comes to its conclusion Easter Sunday, April 9.

The Easter Seal itself, Mrs. Partch pointed out, symbolizes the work done by the 2,000 Easter Seal societies affiliated with the National Society for Crippled Children and Adults.

The 1950 Seal, picturing a little boy toasting his crutches aside and taking his first steps forward is the symbol of the work done by the local society as well as others of the national federation, is offering medical, educational, rehabilitation, employment and recreational services to the handicapped, she said.

"The Easter Seal is 17 years old this year, and has been responsible for raising millions of dollars for the crippled," Mrs. Partch pointed out. "There are eight million handicapped children under the age of 21 in the United States today, of which several are right here in our community. The funds we raise will be used here to aid them with direct services."

Drive Widespread
To emphasize the national scope of the Easter Seal drive, Mrs. Partch declared that last year Easter Seals went into 23 million homes during the 1949 campaign.

"The more seals used in our community, the more services we can finance for our crippled neighbors," Mrs. Partch said. "We have seen the public's confidence in our work year after year, as it is expressed in support of the Easter Seal drive. It will be even greater in this year's campaign and permit us to not merely maintain our present services but to add new ones."

Las Vegas Gunner Team Holding Lead
Las Vegas Air Base, Nev., Apr. 5—(U.P.)—The air force's second annual fighter gunner meet entered its final phases today with a team from the 3525th aircraft gunner squadron of Las Vegas holding a slight lead.

The local team had an unofficial score of 281 points out of a possible 683, a 13-point edge over the 33rd fighter-interceptor group from Otis air force base, Falmouth, Mass.

Lt. John H. Roberts, Lake Crystal, Mich., a member of the leading Las Vegas team, was in front as the best fighter pilot in the meet, which has attracted air force crews from throughout the world.

Four Fringe Areas Decline Annexation
Portland, Ore., April 5—(U.P.)—Residents in four of eight Portland "fringe" districts outside the city limits yesterday voted against annexation to Portland to climax several weeks of bitter debate in the area.

Portland voters will decide in the May 19 primary election whether they want the four districts incorporated into the city. Voters also will ballot on a fifth district in which 100 per cent of the residents have asked for annexation.

The four areas approving annexation to Portland were Mada park, Vermont Hills, Cambridge Village and an east side area. Except for the east side district, the areas wanting annexation lie north of Southwest Vermont street. The district unanimously in favor of annexation lies south of Vermont street.

Waters To Be Scanned For Body of Traitor
Avalon, Cal., Apr. 5—(U.P.)—Authorities will search the waters of Santa Catalina island today for the body of Theodore Donay, 31-year-old convicted traitor, who disappeared Saturday.

Donay, a Detroit importer, rented a motor boat at this island resort town and then disappeared. The boat was found deserted and it was believed Donay drowned.

A suicide note found in his Avalon hotel room was being checked by a handwriting expert.

BITTER BLAST—Unsmiling President Truman takes time out from his vacation in Key West, Fla., to charge that attacks on the State Department by Sen. Joseph R. McCarthy and other Republicans are helping the Kremlin. He accuses them of "sabotaging the bipartisan foreign policy." The President also defended three Government figures who have been targets of McCarthy and others—Secy. of State Dean Acheson, Phillip Jessup and Owen Lattimore.

Senate Candidate Denounces ECA as 'Rathole' Spending

Dave Hoover, Deadwood farmer, devoted most of his 30-minute speech last night to a denunciation of the Marshall plan program which he termed "operation rathole." He demanded "cessation of money-squandering to prop up the economies of foreign countries."

Speaking to a group of about 50 persons at the Medford high school auditorium in his campaign to unseat Oregon's Senator Wayne Morse, Hoover declared that the European aid program is a loss as far as promoting foreign trade is concerned, is ineffective as a deterrent to communism, and is a failure in its efforts to win friends for the United States.

ECA funds, Hoover said, should have been spent in the United States instead of being spent in a program that "has made Uncle Sam an Uncle Sap."

Quotes Sen. Malone
The speaker read a statement by Nevada's Senator George Malone to back up his contention that the Marshall plan has succeeded only in furnishing Russia, indirectly, with processes and manufactured supplies it needs for World War III. Hoover claimed the Marshall plan has headed us toward bankruptcy.

Hoover used the final few minutes of his talk to attack the "so-called bi-partisan foreign policy," and denounced Senator Morse for his support of it. He was equally severe with Secretary of State Dean Acheson. "Morse," Hoover declared, "endorses Acheson and Acheson will not turn his back on Hiss."

President Truman was criticized for his spending policies, and Hoover claimed Morse has aided Truman in becoming the nation's greatest spendthrift.

Hoover continues his campaign tour with speeches in Klamath Falls and Bend today.

WEATHER
By United Press
Northern California: Increasing cloudiness today with rain from Ukiah and Red Bluff spreading south to Salinas and Stockton by night; occasional rain over area Thursday; cooler central and north portions today and extreme southern interior Thursday; southerly winds 25-35 mph from Point Arena north today and southwesterly 15-25 mph otherwise.

The pronghorn antelope is one of the new mammals that originated in the New World. Most others migrated from Asia via the Bering Strait.

League of Oregon Cities Sets Meet Here Next Week

City budgeting, local improvement planning and financing, proposed state legislation, and many other items of current interest to city officials and civic leaders of this area will be on the agenda of a regional League of Oregon Cities dinner meeting April 12, at 6:30 p.m. in the Medford hotel.

Mayor Diamond Flynn has issued invitations to the mayors, councilmen, and other city officials of the area. Delegations are expected from Ashland, Butte Falls, Cave Junction, Central Point, Eagle Point, Gold Hill, Grants Pass, Jacksonville, Phoenix, Rogue River and Talent.

The Medford meeting is the 14th of a series of 22 regional meetings.

League President Hollis S. Smith, mayor of Grants Pass, stated that the 1950 meetings have been timed to coincide with the preliminary planning of city budgets for the new fiscal year. He said he felt that a great deal of value could be derived by the city officials through an opportunity of exchanging ideas, experiences and comments on many mutual financing problems.

He stressed that the meeting will be devoted largely to informal round-table discussions with full opportunity for the several city delegations to present their particular problems.

The meeting will be attended

by League President Smith; League Vice-President Morris Milbank, mayor of Grants Pass; Joane Seeger, league consultant; and Arnold M. Westling, planning and public works consultant, bureau of municipal research and service, University of Oregon.

ALLEYS PAY DIVIDENDS
Memphis, Tenn.—(U.P.)—Just regular, dirty old alleys proved profitable to the city. Within 66 days after the first of the year, illegal alley parkers paid \$3,000 in fines.

FAMILY STUFF
Morton, Miss.—(U.P.)—Donnie Nutt, 17, and Wayne Nutt, 19, played on the Morton high school basketball team this year. The younger Nutt is the older Nutt's uncle.

Parents Find Son After 30-Year Hunt

Denver, Pr. 5—(U.P.)—Mr. and Mrs. George Hill awaited their son's homecoming today, after 30 years of heartbreaking search.

Mr. and Mrs. Hill, former residents of Macomb, Ill., who now live here, discovered their son, James Curtis Hill, through the veteran's administration after learning he had been a paratrooper.

Mrs. Hill said that in 1920 she left her son Curt, then five, in her grandparents' home in Macomb after a bitter quarrel.

When she returned with her husband to get the boy after finding another place to live she found them gone. They had taken Curt with them.

The parents spent hundreds of dollars following up tips through the next 30 years, during which three other children were born to the couple. But they never gave up, and when Mrs. Hill learned through relatives that Curt had been a paratrooper she finally contacted him through the national service life insurance administration.

She found Curt in Reno, Nev., and today had a letter from him saying that he would visit her soon.

COAL POURS IN
Kenvir, Ky.—(U.P.)—The coal shortage held no terrors for Lige Pope: When two trucks loaded with coal collided, one banged into Pope's house and deposited a whole load through his bedroom window.
