

**Last of Religious Talks Slated Friday**

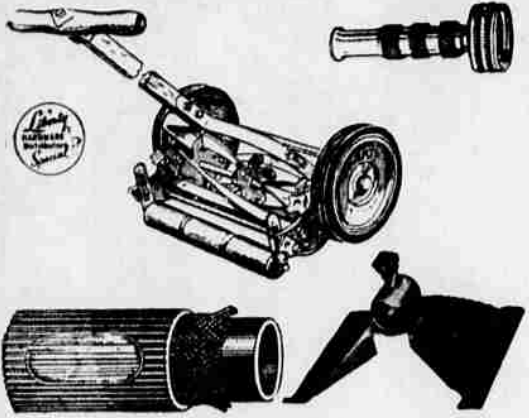

Glen Vernon, who has been speaking each evening this week at the Central Church of Christ, will present his last talk on Friday, church members reported today. His topic will be "The

Cross and the Judgment of all People."

Don H. Byers, pastor, will give the Easter Sunday sermon at 11 a.m. on "The Resurrection," and at 7:30 p.m. on "Why Seek Ye the Living Among the Dead?"

The public is invited.

**NEW WAREHOUSE COMPLETED**—Shown above is the new \$20,000 distributing warehouse just completed by the Bessonette Construction company at 741 South Grape street for the Moore Steel Service Company, Inc. The firm's staff will hold open house in the structure Saturday from 12 noon until 4 p.m. when its facilities for serving industry in this region will be shown. —(Brainerd photo).

**Moore Steel Company Sets Open House in New Home**

The Moore Steel Service Company, Inc., will hold open house in its recently completed \$20,000 distributing warehouse Saturday afternoon at 741 South Grape street. Construction was started last November and the firm is now ready to serve industry throughout northern California and southern Oregon with pipe, irrigation tubing, alloy and carbon bars, structurals, sheets and plates, shafting and boiler tubes. Moore Steel is the principal steel distributor in this area.

**Major Expansion**  
The company first began its Medford operations last August in its first major expansion move since it was organized in Eugene by Melvin Moore about two years ago.

Open house at the new plant will be observed from 12 noon until 4 p.m. Saturday, officials said. All machinery is in place and the plant will be ready for operation except for a few car-

loads of steel that are en route here. Refreshments will be served by the hosts, Moore, president-manager, Raymond Mencke, general manager of the Medford plant, and Frank Dixon, office manager here.

**Gold Hill Owners Invited To Meet**

Gold Hill, Apr. 6—All property owners are invited to attend a meeting to be held at the City Hall, Monday, April 10, at 8 p.m. The meeting has been called by Mrs. Daniel Stewart, chairman of the tax equalization committee.

Information about the results of the revaluation check conducted by Harry J. Loggan, appraisal engineer of the state tax commission, and Gilbert Hillman, appraisal engineer of the state tax commission at Salem, and C. A. Meyers, Jackson county assessor, will be given at this meeting. Information will also be given about the new 1950 tax city taxes being equalized with the remainder of the school district as a whole.

**Bridges Followed Party Line, Morse Says**

Washington, Apr. 6—(U.P.)—Sen. Wayne L. Morse, (R., Ore.) said today he often has expressed belief that Harry Bridges, west coast union leader convicted of perjury, "has followed the line of the communist party."

Morse, in a statement, said that he repeatedly has said that Bridges followed the party line "in many of his actions and expressions."

"The American jury system is a sound and a tested device for settling a disputed issue of fact in any legal proceeding," Morse said.

Number of anglers reached an all-time high for the 1948-49 season with a record total of 15,478,570 licenses. Michigan led all states in sales, California was second and Wisconsin third.

**Regulations for Rights-of-Way in O&C Lands Issued**

Washington, Apr. 6—(U.P.)—Secretary of the Interior Oscar L. Chapman today issued regulations for granting of rights-of-way for logging roads across timber lands administered by the bureau of land management in western Oregon.

Chapman said the regulations were designed to "assure equal access" to all who purchase timber in the so-called "O and C area" of the western section of Oregon. Some 35 billion board feet of merchantable timber is administered in the area.

Basically, the proposed regulations provide that where an existing road system has sufficient capacity for use by the road builder, the government and its licensees—or such additional capacity can be provided by the government rather than the construction of a duplicate road system, the government will seek to obtain the right to use such a road system for the marketing and management of its timber.

In return, the government will grant rights-of-way across government lands and assure payment to the road builder of a fair share of the cost of the road and of its maintenance.

**Will Up Timber Value**  
Director Marion Clawson of the bureau of land management said that the "effect of these new regulations will be to enhance the value, both of government and private timber."

Clawson said copies of the new regulations would be available in about 10 days at the regional offices of the bureau of land management in Portland, Coos Bay, Eugene, Medford, Roseburg and Salem.

**Christian Science To Be Topic of Lecture**

Arthur Perrow, Chicago, a member of the board of lectureship of the Mother Church, First Church of Christ, Scientist, will present a free lecture on "Christian Science: The Way To Freedom," here Sunday.

The lecture will be at the high school auditorium at 3 p.m. The public has been invited to attend.

**Three Inches of Snow Covers Prineville**

Prineville, Ore., Apr. 6—(U.P.)—Prineville residents got up this morning to find three inches of snow covering the ground.

A warm rain, chilled by falling temperatures, turned to snow during the night and put a white, slushy blanket over the Prineville area.

Forest service officials said about four inches of snow fell in the Ochoco national forest.

**EASIER TO CASH IN**  
Tampa, Fla.—(U.P.)—Thieves ignored valuable religious articles when they robbed the First Methodist and St. John's Episcopal churches here. They made off with a typewriter and a movie projector.

**Summer Session At SOC Scheduled June 19-August 11**

Ashland, Apr. 6—The Southern Oregon college summer session, under direction of Dr. Ray Hawk, will feature six workshops in elementary education. The summer session opens June 19 and closes August 11.

These workshops will last two weeks and each will carry three quarter hours of credit.

From June 19 to June 30, Ed 465, a workshop in Diagnostic and Remedial Instruction in Reading and Literature, will be offered. From July 3 to July 16, two workshops: Ed 408L, Methods and Materials of the Language Arts; and Ed 462, Special Education in the Creative Arts (P. E. and Music) will be offered.

**Drama Offered**  
From July 19 to July 30, workshops in Ed 408D, Drama for Elementary Teachers; and PE 337, Camp and Club Leadership, will be offered.

During the last two weeks, July 31 to August 11, a workshop, Ed 408S, Methods and Materials in Elementary Science Teaching, will be offered.

A fee for enrolling in each workshop will be \$21. Students enrolling for the regular summer session may take one or more of these workshops as part of their regular class load at no extra charge. For further information concerning these workshops, interested persons may contact Mrs. Mabel Winston, registrar, at Southern Oregon college.

**Wool Price Supports 45.2 Cents a Pound**

Washington, Apr. 6—(U.P.)—The agriculture department announced today it will support producer prices of 1950 wool at a national average of 45.2 cents a pound.

The 1949 support price averaged 42.3 cents a pound. But the 1950 support price is somewhat lower than average prices producers have been receiving recently as a result of the boom in the world price of fine wool.

Wool is one of three farm commodities which were expected to get higher support prices this year as a result of the 1949 farm act. The other two commodities are rice and tobacco.

The law permits wool supports to be set at from 60 to 90 per cent of the so-called "parity" or fair, price. But it also says support must be set at a level which will encourage U. S. production of 360 million pounds a year.

**Two More Men Enter Air Force Service**

Two more young Medford men have enlisted in the United States air force, and are now at Lackland air force base, San Antonio, Tex., for 13 weeks of basic training, according to Sgt. Gene Davis, army and air force recruiter here.

They are James Kenneth Shaffer, route 3, box 383A, Medford, and Rodney Green, 719 Bennett street, Medford.

Of the 1949 Illinois apple crop of 4,176,000 bushels, one-half graded No. 1.
