WHITE ELEPHANT
Boston—(U.P.)—When the city of Boston tried to sell an old steam pump, two concerns said they would charge about \$15,000 just to take the apparatus off municipal hands. The city was saved further embarrassment when a third firm agreed to pay \$5,225 for the pump.

Boston—(U.P.)—Many of Greater Boston's 2,000,000 residents can get a quick weather forecast merely by looking at the beacon lights atop the 26-story John Hancock building. A steady red light indicates rain; flashing red, snow; steady blue, clear, and flashing blue, cloudy.

Egg Hunt Slated For Kids of City Saturday Morning

One of the major events of the Easter season in Medford is scheduled for Saturday when the Kiwanis club stages its annual egg hunt at the high school baseball field for youngsters of the entire county.

The hunt is set for 8:30 a. m., following the Easter bunny's principal visit to Medford. Chairman Tom Shepard said that the hunt will be held "rain or shine." About 3,000 eggs have been cooked at Domestic Laundry, and will be colored by Kiwanians at 7 p. m. today at the Salvation Army citadel. Because of the large number of eggs, Shepard said that club members will try to see that no child goes away empty handed.

Prizes
Hundreds of prizes will be given for youngsters finding specially marked eggs and there will be three grand prizes for each of the four divisions. Children will be grouped as follows: Two, three and four years of age; five and six; seven, eight and nine, and 10, 11 and 12. Those under seven years of age are asked to congregate near the baseball grandstand and those seven and older in the area by the tennis courts.

The Sloppy Six, a schoolboy novelty band, will provide entertainment at the hunt and Boy Scouts will patrol the area prior to the hunt. E. Ron Rice will be master of ceremonies.

Eggs were purchased from Valley Farm products.

Prospect Association Plans Amateur Play; Cast Names Announced

Prospect—A gay, modern mystery farce, "Mumbo-Jumbo," will be presented by the Prospect Parent-Teacher association April 14 in the Prospect high school gymnasium. Mrs. Nina Hollenbak will direct the production and Jack Hollenbak will be property manager.

The plot involves Dick, played by William Schulz, and Pee-Wee, portrayed by James Popp, two college boys who arrive at the home of Dick's uncle in the country while the uncle is away. Needing money, they decide to turn the country place into a hotel.

They soon have a hostful of ill-assorted guests, including Harold Custer (Lewis South), a timid young man, and his frightened mother, played by Mrs. Jake Jones; Peaches Greeding (Alta Goode), a chorus girl; Mr. Beamish (Harry Goode), a mysterious blind man; Dr. Omahanda (Norman Halliburton), a West Indian mystic; Kay Samed (Janice Popp), his beautiful and strange patient; and Madame Celesta (Mrs. Victor Chapman), a Haitian witch doctor.

A guest is slain and the sheriff of Milburn (Ralph Goode), arrives to take charge of the investigation and so does Miss Emma (Florence Shafer), the sheriff of Hopetown, for the house is built on the county line, which bisects the living room, leaving the corpse in one county and the evidence in another.

Also in the cast are Daisy (Sharon Schmidt), who helps solve the crime; Mrs. Sarah Reynolds (Kathryn South), Uncle John's wife; Twetty (Madeline Clark), a hired girl; Monahan (Jake Jones), a state trooper.

Angell on Vacation; Upholds McCarthy

Portland, Ore., Apr. 7—(U.P.)—Rep. Homer D. Angell (R., Ore.) was home today for the Easter recess of the house and with a pat on the back for Wisconsin's republican Sen. Joseph R. McCarthy.

"The state department needs a good house cleaning," said Angell.

He said, however, he thought the FBI was right in refusing to give up its files because some of the reports might reflect on innocent people. "but I cannot see there is any reason why the loyalty reports by the state department should not be given to the committee."

Angell said Mrs. Angell would remain in Portland temporarily to recover from a serious operation.

its benefits, and each member attending is to speak briefly on some phase of the subject.

Mrs. Lola Reed will be discussion leader.

VICTOR Says:

Well, it's here again, that beautiful time of year, Easter. I would like to forget business this week and recall to you a few words from one of America's great minds, Harry Emerson Fosdick. It has always appealed to me as much more than just a saying, rather it is something that the more you read it the closer you get to its real meaning. And now to quote, "Real prayer always does one of two things: It either frees us from the trouble we fear or else it gives us the strength and courage to meet the trouble when it comes."

Atomic Energy Gets Scientific Chill

Portland, Ore., Apr. 7—(U.P.)—Atomic energy got a scientific cold shoulder here last night in favor of energy from the sun by a prominent engineering executive who said that "solar radiation alone shows promise of providing all of our future requirements of heat, light and power."

Frank R. Benedict, manager of headquarters engineering for the Westinghouse Electric Corporation at Pittsburgh, Pa., addressed Portland sections of the American Institute of Electrical Engineers and the American Society of Mechanical Engineers.

Benedict said harnessed sunshine might well be our number one source of energy "when our dwindling supplies of coal, oil, and gas are gone."

A total of 25,000 carloads of apples are shipped yearly from Wenatchee, Wash.
