

220 Musicians To Make Eugene Trip If Money Raised

About 220 Medford high school music students—six bus loads of them—will go to the state high school music contest in Eugene in May, if sufficient funds can be raised to send them, I. A. Mirick, superintendent of instrumental music in Medford schools, said today.

An "On to Eugene" concert will be presented at the high school auditorium next Tuesday in an effort to raise some of the \$1,000 needed to permit the students to make the trip, he said.

Contributions from Medford residents toward this project will be welcome, Mirick said, and may be made to school officials.

Tickets for the concert will be on sale the rest of this week by music students to plan to go to the contest, Mirick added. Music to be performed at the Tuesday concert, which will be at 8 p.m., will include contest numbers.

Deadline Set for Deportation of 5 German Aliens

Washington, Apr. 20—(U.P.)—Five Germans who testified in two treason trials must leave this country by July 1, an immigration official said today.

The five were the target—along with the justice department—of a bitter complaint by the Veterans of Foreign Wars yesterday.

The Germans were identified as Mary Ann Heilbecker, Ilsa Hoffman, Runi Noback, Paul Noback and Elizabeth Schultz. Claimed "Forgotten"

The VFW said the government has "conveniently forgotten" them since they testified at the treason trials of Mildred (Axis Sally) Gillars and Herbert J. Burgman. It said their employment by a Washington recording service had displaced two veterans.

The immigration official denied the charge, but promptly set the July 1 deadline for departure of the five. He said no attempt was made to rush them out of the country in view of the assistance they had given the government during the treason trials.

Contention Denied

The FBI denied the VFW's contention that the firm employing the five persons is doing special work for it. It said that it has been a long time since the firm did any FBI recording work.

Since it was responsible for paying and arranging their way here, the justice department also must make arrangements to get them back to Germany and pay their fares.

Warden's Son Aids in Capture of Escapees

Vancouver, B. C., Apr. 20—(U.P.)—A warden's son, unarmed, captured three men who broke out of the Okalla prison last night and aided in the capture of two others.

The men, all in their early '20s, broke a lock in a yard gate and slipped through without the guards noticing, Warden John Millman said.

Millman personally sounded the alarm when he spotted the men heading toward a clump of trees near his house. Guards fired three shots but missed the fleeing men.

No Opposition

Millman's 28-year-old son, Mervin, raced out of the house unarmed and ran down three of the men as they were about to climb a wire fence outside the main prison walls. The other two made their way over the fence but four carloads of armed guards headed them off from the woods.

"They didn't put up any opposition and came along willingly with my son," the warden said.

Prison authorities refused to identify the quintet, who were placed in solitary confinement.
