DO YOU HATE GOING THROUGH CHANGE OF LIFE?
So many women between the ages of 35 and 45 have good reason to hate "change of life" -- the time when fertility ebbs away -- when embarrassing symptoms of this nature may betray your age!
If this functional period makes you suffer from hot flashes or makes you feel so weak, nervous, restless, hard to live and work with -- try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Women by the thousands have reported remarkable benefits. No other medicine of this type for women has such a long record of success.
Regular use of Lydia Pinkham's Compound helps build up resistance against such middle-age distress. The woman's friend!

Young Folks and Old Folks
Cause here to care for my 83 year old father, a follower of your teaching for many years. Instead, he's taking care of me. Never looked or felt better in 13 years. With I had known about all this earlier. (Mr. J. W.)

Answer--You might send self-addressed stamped envelope and request the pamphlet "Young Folks and Old Folks."

Pain In The Heart
Will a person who has gall bladder trouble have pains in the heart? (D. M.)

Answer--Not unless some painful condition of the heart also exists. Pain emanating from the gall bladder may easily be mistaken for pain in the heart. (Copyright 1950 by John F. Dille Co.)
