... AROUND HOLLYWOOD

By VIRGINIA MacPHERSON
United Press Correspondent

Hollywood, May 2 (U.P.)—All will be steaming all the thunder you sweater girls might just as well blow your brains out, an expert in these things said today, unless you've got nice gams, too. Legs are back!

The bulging bustline has bulged its last, a corseting to Willys.

From now on, the boys'll be whistling at what's below the skirt instead of what's above.

"Sweater girls are new," he insists. "Look at the new hemlines. They're going up and up and up. Eventually they'll be even higher than they were in 1944."

Willys, who is a manufacturer of deluxe stockings, denies he can be accused of prejudice. He maintains the ladies always wore stockings—even in the days of the long "new look."

It's late, he says. The well-stuffed sweater has run its cycle. "And the sensation of the century," Willys says breathlessly, "is the girl with the 'psycho-symmetrical' legs. You might even call 'em 'psycho-symmetrical' legs. Because all men break out in whistles the minute they see a pair.

DOGS GET SHEEP
Bland, Va. (U.P.)—Packs of wild dogs roaming the Bland-Giles mountain range have been termed the state's largest single sheep destroyers. Farmers said the dogs usually attack the strays from a flock at night but in some instances sheep have been killed in daylight.

DIPS CASH IN
Portsmouth, N. H. (U.P.)—More than souls were lifted when evangelist Billy Graham held his revival meetings here. Police reported that pickpockets netted nearly \$175.

Few Gals Blessed
We might as well explain right here that very few babes are blessed with this "psycho-symmetrical" stuff. It is to the leg department what Jane Russell is to the plunging neckline.

"In all my years of making stockings for movie stars," Willys went on, "I have measured approximately 2700 pairs of legs. And I can only think of 10 'psycho-symmetrical' pair."

At the top of the list, he says, is a girl who doesn't even make her living with her gams. She uses her vocal chords. Name's Margaret Whiting.

"Here are absolutely perfect," Willys sighed. "Ankle—8 1/2; calf—12; thigh—19 1/2."

Surprise to Maggie. News that Maggie has perfect legs came as a big surprise to her, she said.

"I don't mind if the boys whistle at 'em," she giggled. "Just so they don't whistle back."

Willys named the rest of the "psycho-symmetrical" cuties who
