

Friends Pastor Here To Retire Next September

Carl F. Miller, pastor of the Medford Friends church, last night informed congregation members that he is discontinuing his pastoral work here effective Sept. 1, 1950. He made the announcement at a meeting held at the church.

The Rev. Mr. Miller, 70, has been active in the ministry for 42 years, 32 of them in the west. He served the church at Newburg for nine years, and has also held ministries at Salem, Vancouver, Boise and Bell, Cal. He has been in Medford for about a year.

In all these years, Mr. Miller reports, he has missed only three Sunday services.

He and Mrs. Miller plan to retire in September, probably in Roseburg where their daughter resides.

Church of Nazarene Plans Special Rites

Sunday is the opening of a full week of special activities at the Medford Church of the Nazarene. The pastor will speak on the "Gospel Hour" program over KMED at 9 a.m. and at the 11 a.m. worship service.

The morning subject will be "Faith Tried But Triumphant," the fourth in a series of messages. Guest speaker at a unified Youth Group service at 6:30 p.m. will be the Rev. James Kratz of Garfield, reader and pianist who will present "The Pilgrim's Progress." Friends are invited to this service.

At the 7:30 evening service, the district superintendent, Dr. Weaver W. Hess, will be the pastor's pulpit guest.

Throughout the conventions of next week guest speakers will be announced for the 7:30 evening services of the Annual Women's Foreign Missionary society Monday and Tuesday and for the annual district assembly of the Church of the Nazarene which convenes Wednesday through Friday.

Four-Figure Offer For 'Self-Rocking' Chair Proposed

Muscataine, Ia., May 5—(U.P.)—The price-tag on Mr. and Mrs. Floyd Holladay's "self-rocking" chair topped the \$1,000 mark today.

The Holladays said a man who wanted his identity kept secret made them a four-figure offer. But they said they decided to wait for a still better one.

Meanwhile, they said, the strange old rocking chair keeps on rocking, untouched by human hands.

Admission Considered

Mrs. Holladay said she is considering charging admission to the curiosity seekers who have thronged her home to watch the red-upholstered chair's strange antics.

The Holladays had been having "open house" for the curious and the skeptical, but they soured on visitors when someone sat in the chair and the arm broke off.

No one has yet given a satisfactory explanation of the phenomenon, Mrs. Holladay said. The Holladays and their three sons have moved the chair into each room of their frame house, but it makes no difference. The chair just keeps rocking.

Trademark of London Bobby May Be Ended

London, May 5—(U.P.)—The black helmet which is a trademark of the London bobby may wind up in the ash can soon.

A smart peak cap has been modeled. The bobbies are voting now whether to don it and discard the helmets they have worn for 86 years.

The tide of the Revolutionary war turned toward the American cause when colonial troops stopped British General Burgoyne at the Saratoga battlefield, now a national historical park.

A 95-foot-high oak in Talbot county, Maryland, is believed to be about four centuries old.

BARBARA STANWYCK SAYS:

"You can't make a bad cup of M.J.B."

"RPM" clings to hot spots other oils leave bare!

Good news gets around. 43% of all M.J.B. users first tried it because friends and neighbors recommended it.

Smart shoppers say that money spent on M.J.B. coffee is a sure thing; every rich satisfying cupful is guaranteed good. That's because M.J.B. is a perfect flavor-balanced blend of several world-famed coffees, the best grown. Brewed mild, strong, in-between, with drip or regular grind, success is certain with M.J.B.

"It's loyal coffee," a friend once said, meaning that M.J.B. is so carefully roasted that its famous flavor never varies; it's always good. The secret lies in an "individual bean roasting process" which, along with highest vacuum pack, makes sure you get lots of extra deep-down coffee goodness for your money. Try it; you will see. "You can't make a bad cup of M.J.B."

So good we guarantee you'll like it. You can't make a bad cup of M.J.B.

In the Western desert country where 130° in the shade is considered "cool," and where every mile is torture...

...Folks who know will tell you that more people prefer "RPM" than any other brand of motor oil!

Maybe it's news to you... that broiling-hot as your engine gets when you're out on the desert, it gets even hotter when you stop! Ordinary oils "run away" from heat like that... leave hot spots bare and unprotected. But not RPM Motor Oil! It's compounded to cling to hot metal... give you the best engine insurance you can buy... For example, one fleet of vehicles, operating on "RPM," in the Mojave Desert, Death Valley and southern Nevada, traveled over seven million miles last year without a single failure due to motor oil. Try "RPM" in your car!

We take better care of your car
