MANY PEOPLE
Get too much "city life" in their daily work and would be much happier in this nice five-room bungalow, located on 7/8 acre, in an excellent grove, with a fine clear view of Mt. Pitt, the Siskiyou mountains and Table Rock. The bath is not quite finished, and the house needs just a little finishing, but your dollars will really buy a lot of value in this one at $6850.00.

TOO MUCH EDUCATION

Knoxville, Tenn.—(U.P.)—Mrs Eleanor C. Wolcott, in her divorce bill, said she was willing to stick it out while her husband, Bob, got his bachelor and master degrees at the University of Tennessee. But when he enrolled in dental school and made plans to get a medical degree next, she said it was too much. Divorce granted.

Santa Fe's Museum To Display Folk Art

Santa Fe, N.M.—(U.P.)—An international museum of folk art, the first of its kind in the world, will be established soon at this cultural center of the southwest.

A bequest of money and art objects has been made by Florence Dibell Bartlett of Chicago to establish the museum. It will be built on a hilltop near Santa Fe, commanding a view of hundreds of miles.

The museum will be a repository for examples of folk art from all parts of the world.

Miss Bartlett said she is establishing the museum "to contribute towards a better understanding among the various peoples." It will be the first such undertaking on an international scale, she believes.

Miss Bartlett's collection of old costumes, jewelry, textiles, ceramics, furniture, paintings and other objects will become the basis of the museum.

The first American-built locomotive to be operated on a common carrier railroad in the United States was the "Tom Thumb" in 1829.
