Arturo Toscanini, Orchestra in Portland

Portland, Ore., May 9—(U.P.)—A special 14-car train carrying Maestro Arturo Toscanini and 106 members of the NBC symphony orchestra pulled into Portland today for one of Oregon's top musical performances of the year.

Toscanini, whose greatness and personality are indelibly felt in contemporary music, arrived aboard a special car at the rear of the train, complete with special, well-stocked larder, a personal chef, dining room, living room and lounge.

Hardly a downtown store was without a portrait of the maestro in its windows and the Benson hotel prepared a special suite for the 83-year-old conductor.

A large black sedan was hired for his sole use while in Portland, including a condition that the chauffeur be a man about 45 years of age, who is not to speak to the musical wizard unless spoken to first.

Wall Street
New York, May 9—(U.P.)—Mining stocks, including the oils, led the stock market higher today without benefit of volume.

Oils rose to new high on gains ranging to more than a point. Increasing demand and a firmer price structure for gasoline helped that group. Higher prices for the non-iron metals gave that group a lift and new tops were made by such issues as St. Joseph lead, Kennecott copper, Anaconda, Miami copper and Calumet & Hecla.

Retail Merchants Discuss Variety Of City Problems

Some 75 retail merchants of Medford discussed a variety of mutual problems at a dinner meeting at the Medford hotel last night, held under the auspices of the Jackson County Chamber of Commerce.

Subjects which were aired by the merchants ranged through support of the Sheriff's posse for the opening of the Hawthorne park swimming pool, a screening committee to review fund solicitations, publicizing Medford as the southern Oregon and northern California shopping center, tourist promotion, the city license problem, and generally improving retail trade through cooperation and creation of a modern, friendly atmosphere.
