Notices Give School Districts Levy Data

Notices were in the mail today to the 26 rural school districts in the county informing them of the procedure they must follow if they intend to vote additional levies for school district expenses over and above those already set by the equalized levy of the rural school board.

Red Cross Lists Needs Of Family Which Lost Home

County Red Cross officials today asked help for another burned-out family, the 13th this year. The family lost all its possessions and the Red Cross again asked help for obtaining furniture and other household items.

The head of the family plans to rebuild the house on Beall lane, but lost all his carpenter tools in the fire. If anyone in this area wishes to donate tools of any sort the Red Cross feels this would be of more assistance than anything else. Tools may be taken to the Red Cross office in the courthouse.

Needs Listed
The family needs two chests of drawers, a wood-burning kitchen stove, chairs, dishes and utensils and clothing. Beds, mattresses and bedding have already been secured.

Sizes of clothing needed are man's size 44, women's size 14, boy's size 12, girl's size 9 and baby size 2, it is stated. Anyone having furniture or clothing may call the Red Cross office, 2-4405, and arrangements will be made to have the articles picked up. Clothing and carpenter tools may be taken to the office, but due to lack of storage space, those having furniture are asked to inform the office and then keep the furniture until it can be picked up by the family.
