As a result, east and west bound trains will be detoured via the Spokane, Portland & Seattle tracks on the Washington side of the Columbia river until the tracks are cleared later today.

Girl Scout District Holds Brownie Fly-up;

Many Attend Ceremony

Medford district of Girl Scouts held its Brownie fly-up ceremony Tuesday at the Girl scout grounds. Of the 250 fourth and fifth Grade Girl scouts participating, 100 were Brownies who took part in the fly-up ceremony which advances them to the intermediate program.

In several Brownie troops the leaders have progressed, with them, which, it is said, assures a stable continuity of continuous leadership.

An innovation this year, introduced by Mrs. Michael Rossi, was the use of a large mirror which formed the magic Brownie pool into which each Brownie gazed and saw herself for the last time as a Brownie before the fairy waved her magic wand transforming her into a Girl scout.

The Brownies assembled on the 10 stone steps in the Scout grounds, and gave their Girl scout laws and promise to their parents and intermediate scouts. The neophyte Brownies and Girl scouts formed in one big friendship circle to close the tenth annual fly-up.

Automotive engineers in Detroit are all excited because it's the most beautiful combination of safety, comfort and styling they've seen in years. And Mercury owners are wearing big, happy grins because they knew months ago what a buy they got in this 3600-pound beauty! Now it's YOUR turn to score with the year's top value. Trade-ins are high, terms as low as \$49 a month, and the price delivered here is only \$2171
