

POLICE DISPERSE PICKETS—Unidentified man falls to sidewalk during melee between mounted police and pickets outside Town Hall in New York. Demonstrators, protesting against "Hold Berlin" rally being held in the Hall, were dispersed by police. Main topic of the rally was "Dangers of Communism in Berlin."

Production of Alfalfa Meal Now on Increase

The production of alfalfa meal has increased seasonably, the Oregon State college extension service reported yesterday, with values of dehydrated meal dropping some at most markets.

The extension service said old-crop alfalfa meal is unchanged to a little higher as supplies are short. At Portland, alfalfa meal is 15 per cent protein, dropped 50 cents a ton and is now \$38 to \$38.50. Dehydrated 17 per cent alfalfa meal is \$50 to \$51 a ton, down \$1.50 to \$4 a ton.

Alfalfa meal trading in the Pacific northwest is said to be quiet and the seasonal slow demand is prevalent for old-crop supplies.

Industry Production Said Booming Again

Washington, May 27—(U.P.)—The federal reserve board reported today that the nation's industrial production is booming again.

It said in a statement that the April output climbed to the highest level since February 1949, chiefly as a result of increased activity in steel, auto and machinery manufacturing. The board added that it expected further gains to be registered during May.

The board's index of industrial production in April reached 189, two points higher than in March and 10 points above a year ago. But it was still six points short of the postwar high of 195 set in October and November of 1948.

The board said that if industrial activity continues at present rates it will apparently produce another two-point rise this month.

The order of succession to the presidency of the United States extends from the president to the vice president to the speaker of the house of representatives to the president pro tempore of the senate.

More Than Million Dollars Collected By Timber Taxes

Salem, May 27—More than \$1 million has been collected from the timber harvest tax since it was enacted by the 1947 legislative session. Commissioner Robert D. Maclean, in charge of the assessment and taxation division of the state tax commission which has the responsibility of carrying the law into effect, explained that the tax is collected from the industry for the express purpose of aiding the lumbering industry.

As originally prepared, a 20 cent per thousand board feet tax was proposed. This met with opposition during the session, and a compromise was finally made on a five cent basis. No compensation is received by the tax commission for the collection and enforcement and all funds are deposited with the state treasurer and is divided, 40 per cent going to the state board of forestry for rehabilitation of forests and 60 per cent for research in the utilization of waste resulting from harvesting, processing and manufacturing of forest crops and other expenses incurred in the forest products laboratory.

Special Section

A special section had to be created to handle the harvest tax, requiring office equipment, automobiles for inspectors to cover logging operations, a staff of two women to handle office details and two inspectors in the field. The operating expenses since the law became effective amounted to \$63,139.16 on April 30, the last tabulation, at which time the gross revenue was \$1,002,421.70. The expense breakdown for the 34 months was salaries, \$38,436.25; general operating and maintenance, \$15,006.59 and capital outlay, \$8,736.41.

Tax collected from logging operations was \$983,864.28; miscellaneous tax, \$7,281.04; and penalty and interest, \$11,276.38. Over the period bad checks amounting to \$318.01 were received, and tax refunds totaled \$3,312.03.

Rogue River Academy Graduation Saturday

Commencement exercises for the secondary school of Rogue River academy were held last night in the Seventh Day Adventist church with the Elder George Belieu of Portland as speaker. Consecration and baccalaureate services were held during the morning.

Graduates of the academy high school were Owen Bristlin, Mari Leta Bratcher, Mabel Babcock, Roy A. Parmenter, Vanita E. Riley, Jessie Manley, Betty L. Schinsing, Marlene R. Mariette and Glendon C. Glass.

Eighth grade graduation was held Thursday evening at the Valley View church. The program included vocal numbers by Mrs. O. E. Schnepfer and Jewelle Thompson. The commencement address was given by Dr. H. H. Breese. Members of the class were Harriett Sabo, Jewelle Thompson, Marilyn Babcock, Jean Wyatt, Donnie Young, Harold Martin and Don Reed.

Tigertown Resident Dies at Grants Pass

Grants Pass, Ore., May 27—(U.P.)—Robert H. Fleming, 82, a miner from the Tigertown district west of Cave Junction, jumped to his death from the fourth floor fire escape of the Redwoods hotel here today, police reported.

Police officer Lou Grimmer found Fleming in an alley behind the hotel. The aged miner was rushed to Josephine General hospital but died without regaining consciousness.

Grimmer said it was at first thought Fleming was victim of a heart attack but it was later determined he had jumped from the fourth floor fire escape.

Fleming had been brought to Grants Pass by Sheriff Loyd Lewis of Josephine county as a voluntary witness in an investigation of a dynamite blast at Holland near the Tigertown mine yesterday.

Tinkering With Meter Expensive for Salem

Salem, Ore., May 27—(U.P.)—V. F. Frahm of Salem, who pleaded guilty in municipal court to tampering with a parking meter to get two hours' free parking time was fined enough to pay for those two hours of parking every day for more than a year.

Police said Frahm was observed tinkering with the mechanism on a meter. When he finished the meter showed two hours of parking time, but no coins were in the box. Frahm was fined \$50 with \$15 remitted.

Nomination of Morse Bring Demo Comment

Washington, May 27—(U.P.)—Democratic National Chairman William M. Boyle Jr., today belittled the liberalism claims of Gov. James H. Duff of Pennsylvania and Sen. Wayne Morse (R., Ore.).

In his weekly letter to party workers, Boyle noted the recent primary victories of Duff and Morse, in which both men ran as "liberals" against "conservatives."

"If Duff and Morse really believed in the kind of liberalism the majority of the people voted for in 1948," he said, "they would be democrats—not republicans."

As for Morse, Boyle said, the senator "has campaigned for many reactionary republicans and despite his self-proclaimed friendship for labor unions, he is supporting Senator (Robert A.) Taft in the Ohio senatorial campaign."

'Upside Down Corpse' Puzzle to Officers

Visalia, Cal., May 27—(U.P.)—Police today were seeking the answer to the riddle of the upside down corpse—the secret of the body buried head down in a three foot grave beneath an oak tree in a cow pasture near here.

The body of a small man dressed in khaki trousers and plaid shirt was found Friday when two men looking for cattle paused to rest and saw the tips of two black shoes protruding from the ground, officers said.

The cattlemen, Garland Hullett and Vernon Spray of Visalia investigated and found the shoes encased feet.

All of State's 1,350 School Buses Okayed

Salem, Ore., May 27—(U.P.)—All of Oregon's 1,350 school buses have been inspected and less than two per cent have been rejected, Capt. Walter Lansing, state traffic safety division director, said today.

About five per cent of the buses were found defective on original inspection, Lansing said, but defects of three per cent were corrected and the buses now comply with requirements of the 1949 school bus law.

Most of the rejected buses were old and already have been replaced with new vehicles, Lansing reported.

Retailers to Meet Here Monday Evening

All Medford retailers have been requested to meet with the retail trade committee of the Jackson County Chamber of Commerce tomorrow at 8:30 p. m. in the Pioneer room of the Jackson hotel.

June 5 to 11 has been proclaimed "Medford Rodeo Week," because of the annual Roundup, and all merchants have been asked by the committee to cooperate by devoting at least one window to a western or rodeo theme. The committee also requests that all retail employees appear in western garb during the week.

A special committee of the chamber, composed of Arthur Hess, Roger Shaw, Robert Agard and George Gates is cooperating with the Sheriff's posse in working out details for downtown participation.

Oregon Driver Killed When Car Rams Truck

Detroit, Ore., May 27—(U.P.)—Leslie A. Allen of Detroit was killed late Friday when his car crashed into the rear of a logging truck on the Santiam highway.

Another passenger, Lowell F. Fleetwood, 25, of Mill City, suffered cuts and bruises.

Czechoslovakia Must Close N. Y. Consulate

Washington, May 27—(U.P.)—The United States today ordered Czechoslovakia to close its consulate general in New York in reprisal for anti-American actions by the Red-dominated Prague government.

At the same time, the United States bowed to a Czech demand to cut the American diplomatic staff in that country to 12.

The latest round of rehabilitation will leave both countries on an equal basis—each with an embassy and a 12-man diplomatic staff in the capital of the other.
