South American CHINCHILLAS...

The Pearl of the Fur Animal... Imagine an animal so clean that it has no odor... and their luxurious fur is something out of this world. They can be raised in a spare room in your home, and thrive equally well in basements... Start as a side-line or hobby and you will be surprised how quickly it works into a full-time business.

The pedigree of each Chinchilla is either registered or subject to registration in the National Chinchilla Breeders of America, Inc.

Soviet Allied Group Member Leaves Japan

Tokyo, Sunday, May 28 — (U.P.)—The Soviet member of the Allied Council for Japan, Lieut. Kuzma Derevyanko, sailed for Russia today with 46 Soviet staff members and their families.

American diplomats speculated that the departure may mean a major shake-up is taking place in the Soviet mission here.

Allied council officials said Derevyanko had informed the mission by letter that he was leaving, but they said the letter did not indicate whether he would return.

The Russian group left on the same vessel that brought an almost equal number of replacements.

American officials said the action may involve only routine replacements of staff members, some of whom have been here a long period.

Derevyanko's top advisers appeared to have left with him. Maids at the homes of some of the leading Russians said their regular employers had "left with Derevyanko."

Klamath Area Girl Reported Drowned

Klamath Falls, Ore., May 27 (U.P.)—Brenda Jean Adams, seven-year-old daughter of Mr. and Mrs. Jack L. Adams, drowned at the Raymond logging camp, 67 miles north of here, today when she fell into a logging pond.

Her father is foreman at the camp. Witnesses reported the child fell as she ran along the pond's edge. Her body was recovered 10 minutes later and Jim Kaler, local ambulance operator, worked on her for more than two hours without success.

SHOTWELL WITH LARKS

Eugene, May 27—Floyd Shotwell, former hurler for the Medford Rogues, now is on the roster of the Eugene Larks in the same Far West league, it was reported here today. The ex-Rogues pitcher has been on the disabled list, however.

WAKEFIELD PROMISES TRY

Ann Arbor, Mich., May 27—(U.P.)—Dick Wakefield, resigned to a session in the minors but still bitter at the New York Yankees for sending him there, promised today to give it the old college try for the Oakland Acons.

SEARCH FOR DEAD IN PERU OUAKE — Civilians and soldiers search for dead and injured in rubble-strewn street of Cuzco, Peru, ancient capital of Incas, which was 90 per cent destroyed by a disastrous earthquake. Officials have counted 56 dead and 137 injured.

Razor Logging Co. Loses Court Case

Eugene, Ore., May 27 —(U.P.)—The Razor Logging company, principal loser in a fire which swept 650 acres of timberland east of here Friday, also lost a personal injury suit in circuit court today.

A jury returned a \$27,976.65 verdict against the company in favor of Manuel T. Cox who charged that injuries he sustained May 6, 1949, were due to company negligence.

Cox suffered a fractured skull when he was struck by flying debris after a line became fouled and snapped under the strain. A former high climber and hook tender, he alleged the company did not maintain a warning whistle he could hear.

Circuit Judge G. F. Skipworth said he thought the damage verdict against the Razor company was the largest ever won in Lane county since "about 1912."

Light Plane's Pilot And Passenger Dead

North Bend, Ore., May 27 —(U.P.)—The body of Kenneth Murray, 26, was recovered this morning by coast guardsmen near where the light plane he was piloting crashed into Coos Bay last night.

The body of Vernon Buzzard, 41, a passenger from North Bend, was recovered by coast guardsmen shortly before darkness had forced postponement of the search for Murray, who was piloting the plane, according to Brewer Mills, Coos county coroner.

An eye witness said the plane, a two-seater Piper Pal, was stunting when the accident occurred. The plane failed to pull out of a loop and crashed into the water with the wings folding up at about 200 feet.

The plane was completely demolished and both bodies were thrown clear of the wreckage, the witness said.

Death Toll Street Car Crash Lowered

Chicago, May 27 —(U.P.)— A street car crash that killed 32 persons this week may constitute a severe test for Chicago's publicly-owned transit authority, it appeared today.

The number of victims in the tragedy was reduced Friday night by Coroner A. L. Brodie who said a recheck of the charred bodies showed that only 32 died instead of the 33 previously reported.

All but one victim burned to death in the new-type high-speed street car that ploughed into a big gasoline truck. The other victim was the truck driver who died in his cab.

The street car was one of about 3,000 new trolleys and buses that the Chicago Transit authority put into service since it took over in 1947 from the bankrupt privately-owned Chicago Surface Lines and Rapid Transit Elevated System.

Pomona, Cal., May 27 —(U.P.)— Two rookie policemen captured four burglary suspects today 11

New Hearing Device Has No Receiver

Chicago, Ill. — Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new almost invisible Phantomold and Beltone you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltone, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing device in the privacy of your own home without risking a penny. Write Beltone today.

Truman Congratulates Acheson on His Work

Washington, May 27 —(U.P.)— Secretary of State Dean Acheson returned to the capital today, and was congratulated by President Truman on "the most successful international conference I think since Potsdam."

Acheson replied that he was "very touched" by Mr. Truman's greeting and said: "I have done my best to carry out your instructions."

Mr. Truman drove out to National airport to meet Acheson on his arrival here from New

York where he had debarked from the liner Britannia several hours earlier.

At New York, Acheson said that he was confident that his top level conferences in Europe produced "solid achievement" toward peace and that the west is "gaining in military strength."

Libel Jury Dismissed After Not Agreeing

Hartford, Conn., May 27 —(U.P.)— A jury of eight women and four men which tried for more than ten hours to decide whether Mrs. Hester R. McCullough libeled entertainers Larry Adler and Paul Draper by calling them pro-communists and traitors, was dismissed by Federal Judge J. Joseph Smith today when it reported it was hopelessly deadlocked.

Mrs. McCullough, who sobbed when the jury reported the first of its three disagreements late last night, was shaken by the jury's indecision.

"Naturally," she said, "I am greatly disappointed. I know however, that the members of the jury gave the case their most earnest and careful consideration. I am grateful to Judge Smith for his patience and impartial consideration of the trial."

"I still feel that communism is the greatest threat to our American way of life."
