School Board Candidate

Medford Doctor Files Candidacy For School Board

Dr. Leroy Jensen, Medford physician and surgeon for the past 15 years, yesterday announced his candidacy for a five-year term as Medford school board director.

The annual election will be held on Monday, June 19.

In reporting his candidacy, Jensen said that he is vitally interested in the youth of this community and desired the best education available for them. He has two children, Jon, six, and Ann, three.

Cites Beliefs

Dr. Jensen said he believes in sound and progressive educational practices, solid business principles in schools and full cooperation between the public and the teaching profession.

The doctor has practiced medicine since 1923. He practiced at Astoria for seven years and spent three years in Europe. Dr. Jensen owns his home at 1121 South Oakdale avenue. He stated that he likes the people of this community and plans to remain here the rest of his life.

Second Candidate

Dr. Jensen was the second aspirant for the school board post to file nomination acceptance at the school office by Saturday noon. Dunbar Carpenter previously filed. The term of John P. Moffat expires and he declined to seek reelection.

Friends of Mrs. Moore Hamilton, wife of the Medford postmaster, filed a nominating petition yesterday morning supporting her as a candidate, but Mrs. Hamilton said Saturday afternoon she would require some time to consider the matter. She added that she had not planned to become a candidate and felt that she should take some time to weigh the matter before announcing a decision. Acceptance of candidacy must be made by next Tuesday, according to school officials.
