False though she be to me and
I'll never pursue revenge:
For still the charmer I approve
Though I deplore her change,
In hours of bliss we oft have met.
They could not always last;
And though the present I regret,
I'm grateful for the past.
—Congreve.

passed on, was a good friend of mine. As he owned such outstanding thoroughbreds as Seabiscuit and Noor, naturally much has been said about his interest in horses. I have seen no reference to his interest in dogs. Charlie Howard was one of the greatest lovers of dogs I have ever known. He never had less than six dogs all the time I knew him and these dogs always had the run of the house. Charlie didn't favor any particular breed of dog. He had all kinds. Last time I was at his house his three favorites were a dalmatian, a scottie and a dachshund.

Passing By
Jimmy Stewart. Elongated cinema luminary. His wife, who thinks he is too thin, has ordered Jimmy to put on 10 pounds. I don't know what kind of diet he will follow to gain weight. However, I do know that some years ago when Mr. Stewart was singularly underweight his doctor suggested he consume eight ice cream sodas a day in addition to his regular meals.

Horses & Women
Have you a wife around 35 years of age? Is she the mother of two children? How does her figure compare with that of 12 years ago? Dorothy Lamour, in an interview with London newspapermen, said: "I am 35 years old and have two children, but my measurements are the same as they were 12 years ago." Miss Lamour's measurements are: Weight, 120 pounds; height, 5 feet 5 inches; bust, 37 inches; waist, 24 inches; hips, 37 inches.

Sleep
The average man spends one-third of his life in bed. John Healey of Beverly, Mass., came to the conclusion this was a waste of time. That life is too short to spend one-third of it sleeping. So he decided to sleep only three hours out of 24. Mr. Healey reached that decision 31 years ago. He has followed it religiously. He hasn't been to bed in 31 years. He sleeps in a rocking chair. He is 92 years old. He smokes 10 cigars a day and is still active in business.

Asking
Queries from clients. Q.—What woman has the most beautiful legs in the world? A.—Your query covers too much territory for me. However, I will say that Colette Marchand, the French ballerina, has the most beautiful legs I have seen so far. Marlene Dietrich is just not in it with Mlle. Marchand when it comes to limb contour.

Mules & Men
Do you know any bachelorette who has reached the desperate stage in her search for a hus-

band? How desperate is she? Does she know the easiest place in the world to get a husband in Alaska? Of the 22,000 adult males in Alaska, 11,000 are bachelors. The great majority are not bachelors by choice. It's just that women are unusually scarce. Practically all the females in Alaska over 15 years of age are married. Incidentally, it is claimed more whisky is consumed in Alaska than in any other area under the United States flag. Most of it is consumed by the aforementioned bachelors. Their loneliness has driven them to drink.

Sidelights
Am asked who is the better golfer, Bing Crosby or Bob Hope? Bing is just a little better than Bob. His handicap is three. Bob's is five. It has been stated by her physician that Princess Elizabeth's second baby is due July 27. That certainly is not a specific about the date of a

blessed event. I will be interested in seeing how nearly right the prediction is.

Motorcycles
Do you own a motorcycle? Have you a wife or sweetheart who loves you so much she is willing to go riding with you? But that wasn't what I started to ask you. How many miles per gallon can you get on your machine? I have heard of a British-made motorcycle which can go 132 miles on a gallon of gasoline.

Asides
The name of a firm of Shrewsbury (England) real estate agents is Doolittle and Dally. . . . Bostonian asks: "Do you remember Jake Wirth's cafe in our town?" I certainly do. I also remember that Boston theater called "The Old Howard" when its slogan was: "Always something doing from 1 to 11." . . . When a woman insists upon talking while dancing it proves she "ain't got no rhythm."

Medford Students at Illinois to Graduate

Two Medford students will graduate from the University of Illinois, Urbana-Champaign, Ill., on June 18, it was reported from the university this week.

They are Betty B. Reber, 537 Mae street, who will receive a bachelor of science degree in education, and William W. Shepard, route 3, who has earned a bachelor of science degree in the division of special services for war veterans.

The largest graduating class in the history of the school will receive degrees. Gov. Adlai E. Stevenson of Illinois will be the commencement speaker.
