Radio Dial Lights

By Johnny Ahern

If you think that eight-year agreement Ski-Nose Hope signed with his sponsor is a long time... take a listen. One Don McNeil, who for 17 years has emceed the "Breakfast Club," has just wrapped up a 20-year contract with ABC. A 20-year contract isn't bad in any business... but in radio, it's one of those things that happen "once in a blue moon."

Anybody who hasn't heard the signature of the squeaking door? Well, as you no doubt know, it's the scene-setter for your host Raymond... on Inner Sanctum. And, it's one of the shows we mentioned last week as coming to the valley in the near future. Starts on July 13th, in fact... with exact hour yet to be announced.

Bill Cullen, the boy with a buzzer for a brain on "Quick as a Flash," is also straight from Carol Douglas' show... at 9:25 a. m. Commenting on bathing suits proportioned to fit all sizes of women, Carol was interrupted by Bill, with the remark that he'd rather see all women proportioned to the bathing suits. A charming thought, eh what?

In the "have you heard" department: Papa Dionne is expected to walk the floor again, and rumor has it that it may be

DO FALSE TEETH

Rock, Slide or Slip?

FASTEETH, an improved powder, to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock.ummy, goony, pesty taste or feeling. FASTEETH is alkaline (nonacid). Does not sour. Checks "plate" (denture breath). Get FASTEETH at any drug store—Adv.

Old? Get Pep, Vim

With IRON, plus supplements CALCIUM, VITAMIN B1

EN, WOMEN—over 40! Don't be old. Be young. Take Pep, Vim. Contains iron, calcium, vitamin B1, plus many other health-giving ingredients. Pep, Vim is the only product of its kind. Get it today. Get it today. Get it today. At all drug stores everywhere—in Medford, at Western Thrift Stores.

FOR SORE PILES

HERE IS SOOTHING RELIEF

Get amazing quick relief from pain, itch and irritation caused by hemorrhoids. Proven doctor's formula from famous Thornton & Minor Clinic now available for home use. Thornton & Minor Rectal Ointment tends to soothe and shrink swelling. Relieves distress. Get a tube of Thornton & Minor Rectal Ointment at Western Thrift Stores today. Follow directions on the label. For sale at all good drug stores everywhere.

1949 Payroll Down In Jackson County

Covered payrolls in nearly half of Oregon's counties were higher in 1949 than in the previous year, despite a general decline of \$30 million from the 1948 record of \$973 million, the state unemployment compensation commission reported today. In Jackson county payrolls dropped from more than \$30 million in 1948 to about \$29½ million in 1949.

Of the 15 counties in which increases took place, four—Marion, Douglas, Umatilla and Deschutes—were among the upper half. Sherman county had the biggest rate of gain from 1948 with 80.5 per cent.

Changes in rank since 1940 have been numerous, the commission said. Klamath county, second in the state in point of covered payrolls in 1940, has dropped to eighth place while Lane county has nearly doubled the payrolls of its nearest rival, Marion county, to hold the runner-up position. The commission said the most spectacular gain was registered by Douglas county, which has gone from 17th in 1940 to fourth in 1949 with a payroll 10 times as large as at the beginning of the decade.

Jackson county maintained its seventh place position over the 10-year period.

Missouri Hotel Man Victim of Assassin

Kansas City, Mo., June 22—(U.P.)—Marshall H. Dean, 35, assistant manager of the Hotel President and son of its managing director, was shot and killed today as he walked into his office on the mezzanine of the big downtown hotel.

Sgt. Leo Hoedl of the police homicide bureau said that E. G. Murrell, a former room clerk at the hotel, was caught after a 3½ block chase and arrested in connection with the shooting.

Hoedl said that Murrell said nothing immediately following his arrest. Witnesses at the hotel said that Dean's killer apparently had been hiding behind a large pillar. The first of three or four bullets struck Dean after he had taken several steps into the office.

He staggered into the adjoining office and fell, face up, before the desk of W. C. Maser, 62, auditor.

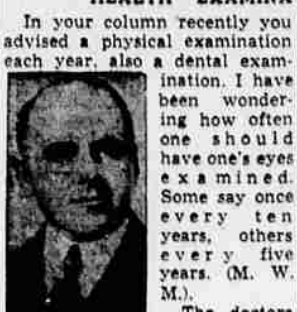

"Mr. Dean tried to say something but I couldn't understand him," Maser said.

for more than just one son or daughter. The father of five (at one time) is said to be expecting another such event... but whether it will be two, three, four or five is not reported.

Your Health and Its Care

By DR. WILLIAM BRADY, M.D.
Readers should address inquiries to: Dr. William Brady,
265 El Camino, Beverly Hills, Calif.

HEALTH EXAMINATION NOT 'CHECK-UP'

In your column recently you advised a physical examination each year, also a dental examination. I have been wondering how often one should have one's eyes examined. Some say once every five years, others every five years. (M. W. M.)

The doctors here send patients into the hospital for complete physical check-ups. Do you think it can be done satisfactorily in local hospitals or is a place like (the best advertised clinic) preferable? Also, please tell me what a complete check-up should include and about how much it should cost. (R. J. P.)

Personally, I wouldn't give a nickel or my time for an eye examination at any time unless I had eye trouble or reason to think I might need glasses. It must make the local doctors tired when you smart shoppers go traipsing off to the better advertised "clinic" for your "checkups."

People are funny that way. The farther they go from home on shopping expeditions the more they are willing to pay for all the Rubé Goldberg tests the well known "clinic" sells 'em. If the local doctors find this or that laboratory test advisable these funny people submit to it grudgingly and suspect the doctors of "running up a bill." Far away from home at the "clinic" they get a thrill out of any and all the machinery the "clinic" racketeers please to put them through and pay for it proudly—it will be something to talk about for years, especially when or if some "ordinary" doctor has the temerity to make his own diagnosis.

Evidently I failed to emphasize, or perhaps my article was too long to print, the importance of sticking to your own doctor for your periodic health examinations, for the records of your previous examinations are valuable for comparison with your present condition. You may say, if you are fond of travel, that they can keep records at the "clinic" too. Yes, maybe. And some bright clerk or attendant there may even remember you. But even that would hardly make it worth the money. Your case would have to be unique indeed to make any lasting im-

pression on the mind of any of the medical employees of the "clinic." To them you are just customer M-C-2162-W. To the doctor at home you are a person.

In any periodic health examination, that is, a voluntary visit to the physician for examination at certain intervals after forty, one of the essentials I mentioned in the article titled "Consult Your Physician When You Are Well" is inspection of the eyeground or interior of eyeball for early cardiovascular degeneration. The physician sees the minute arteries in the retina or sensitive film in the back of the eye, and the process of arteriosclerosis (hardening of the arteries) is evident in these arterioles long before any general manifestations develop. The physician uses an ophthalmoscope to look into the eye, but any general practitioner uses this instrument just as he uses a stethoscope.

Theoretically or ideally it might be an excellent rule of health that every one undergo a general physical examination each year. Practically it seems neither necessary nor feasible, as we shall explain in talks to follow.

QUESTIONS AND ANSWERS

Elaborate Harness
I have asked several times whether you approve of women wearing corsets and elaborate foundations, but have never seen the subject mentioned.

Answer—No.
Polio is Infantile Paralysis. Please explain what, if any, difference there is between polio and infantile paralysis. (S. H.)

Answer—They are the same—acute anterior poliomyelitis, which means acute inflammation of the forward columns or horns of gray matter (pathways of motor nerves) in the spinal cord. POLIO is Greek for gray. As every one knows, nearly as many youths and adults have epidemic poliomyelitis as infants and young children.

Vitamin Bunkum
Difference of opinion as to the value of mineral concentrated vitamins compared with those from vegetable sources. (C. W. A.)

Answer—You may search me. I don't even know what "mineral concentrated" means. (Copyright, 1950, by John F. Dille Co.)

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Dean's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Dean's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Dean's Pills today!

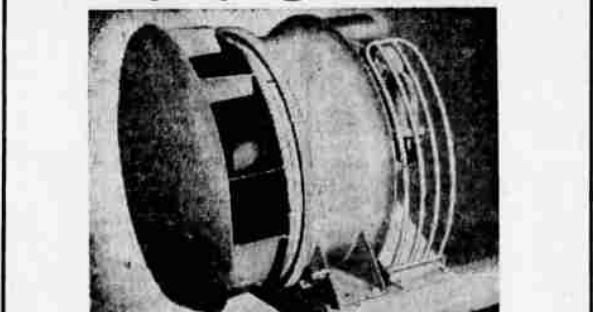

USE T-4-L FOR ATHLETE'S FOOT BECAUSE—

It has greater penetrating power. With T-4-L undiluted alcohol base, it carries the active medication DEEPLY, to kill the germ on contact. Get happy relief IN ONE HOUR or your 40¢ back at any drug store today at Mack's Drug Store—Adv.

Lady Nearly Choked While Lying in Bed

"I was so full of gas I was afraid I'd burst," wrote this local lady. "And would get worse after going to bed. Gas would rise up in my throat nearly choking me and make my heart palpitate until I'd have to prop myself up with a pillow to get my breath. It didn't take KAL-O-DEX long to stop all this, and I sleep fine now. My bowels are regular again and that sick head-achy choked up feeling has left me entirely." KAL-O-DEX is an HERBAL FORMULA extracted from NATURE'S PLANTS. Taken before meals it mixes with your food, helping to eliminate POISONS from system by cleansing the bowels, rid stomach of gas, and remove old sickening bile. Don't go on suffering! Get KAL-O-DEX today! MONEY BACK GUARANTEE! All drug stores—Adv.

Cut Spraying Costs Now!

Convert Your Old Rig to a One-Man Sprayer With a BES-BLO Blower Attachment

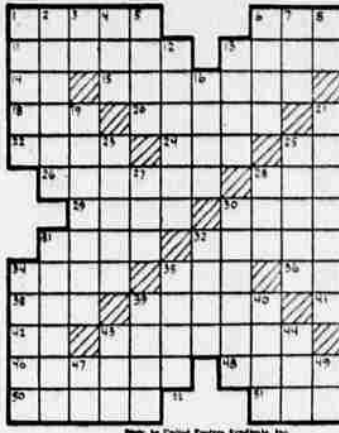

This compact 250-lb. unit is powered by its own air-cooled engine; delivers approximately 7500 cu. ft. of air per minute at 75 m.p.h. velocity. Quickly adjustable to right or left-hand spraying.
