

Benefit Claims For 1950-51 Now Being Received

Salem, Ore., June 28—(U.P.)—New claims for the 1950-51 benefit year will be received this week, the state unemployment compensation commission said today. They will be received at the commission's 26 local offices.

The commission said those now unemployed may serve their required waiting week before the benefit year opens with the week of July 2-8. The old benefit year ends Friday, June 30.

New Claims Filed

Insured claimants who have been drawing 1949-50 benefits throughout June were allowed to file their new claims last week. But their first compensable week in the new year will be July 2-8. Only 4,493 new claims were received as against 6,234 a year ago.

Because of the more than 31,000 claimants who exhausted their 1949-50 benefits by mid-June, the number filing this week may be somewhat more than the 5,711 of last year, the commission noted.

Unemployment payments this month are running considerably under comparable weeks of 1949. During the year just drawing to a close, however, those covered under state law have received nearly \$26 million compared with \$13 million in the 1948-49 benefit year.

Of the 390,000 workers eligible for benefits, nearly 144-

News of 4-H CLUBS

Upper Rogue 4-H Beef Club

Meeting was called to order by the president, Monte Axtell. Donna Clark is quitting the club as her steer is too big. She is going to take some other project in 4-H this year.

A new girl in the Beef club is Marron Peasley. We are going to have the next meeting at her place.

Monte Axtell will make a demonstration on "beef cattle" at next meeting and Douglas Chamberlain will make a demonstration on "bloating of dairy cattle."

Judging of dairy cattle at the next meeting will start at 8 o'clock and the meeting will follow the judging.

Velma Peile was acting secretary as her sister was attending 4-H summer school at Corvallis.

Alaska Miners Highest Paid on Continent

Palmer, Alaska, June 28—(U.P.)—United Mine Workers at the Evans Jones mine were granted a 10-cent hourly wage increase today and Mine Operator Harry Hill said they were the highest paid coal miners in North America.

The raise boosted the miners' pay to \$3.10 an hour. The firm employs 150 men.

900 have filed claims, compared with 103,000 the previous year.

Festival to See Ancient Sport of Bowling on Green

Ashland, June 28—"Bowling on the green," the ancient and picturesque English sport which is the forerunner of more modern types of bowling, will be a feature of the Ashland Shakespearean festival this year.

Harry Rees, a native of Cardiff, Wales, and recent arrival in Ashland, has received a shipment of bowling "woods" or balls from Stratford-on-Avon, the home of William Shakespeare. The woods are a gift to the festival association, and Rees plans to organize a club devoted to the venerable sport, and to hold competition in Lillith park during the summer.

Is Champion

The Welshman is recognized in England as international champion and during two years he lived in Seattle he won the Pacific northwest championship in the sport, which is highly popular there and in California.

Some discussion has arisen over the possibility that a team of bowlers, in authentic Elizabethan costumes, may engage in the sport during the festival, in addition to other attractions for visitors. The game was popular in Shakespeare's day, and among its devoted adherents were such persons as Sir Walter Raleigh, Sir Francis Drake, and others in the court of Queen Bess.

Portland Amnesia Victim Identified

Portland, Ore., June 28—(U.P.)—A woman who apparently suffered temporary amnesia yesterday has been identified as Mrs. Cecil Pomirankie of Portland, the women's division of the city police department said today.

The division reported that Mrs. Pomirankie apparently lost her memory because she was was to have an operation at the over come by knowledge that she county hospital. She was on her way to the hospital at the time. Friends of the family recognized the women's picture in a local newspaper story and reported to police, the division said.

Northwest Rivers Continue Downward

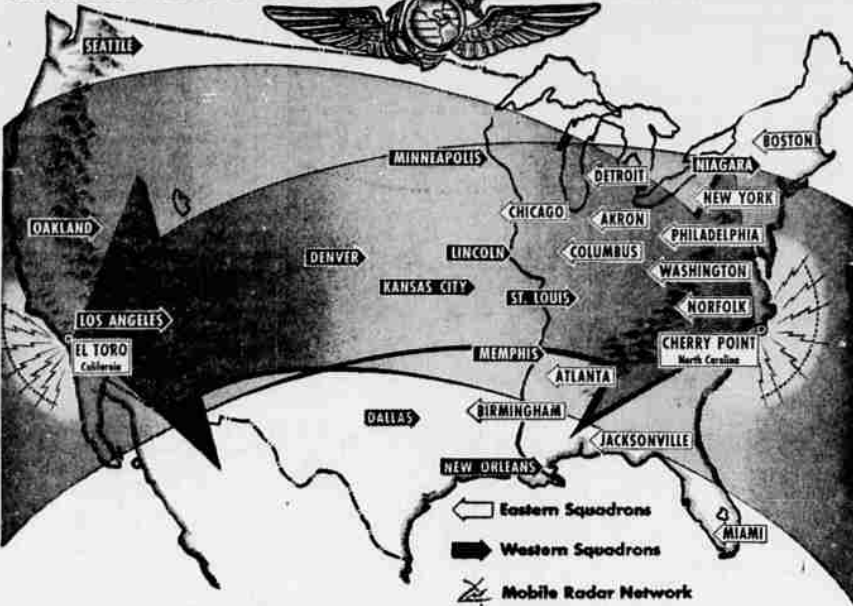

Portland, Ore., June 28—(U.P.)—The 1950 northwest flood situation, heralded only six weeks ago as serious by weather bureau forecasters was bright today with forecasts of continued "moderate increases" in the rates-of-fall of the Columbia and Willamette rivers.

Condition of the railroad dike at Rainier, Ore., was better with the falling Columbia. If the dike had given way, a residential area would have been flooded.

Rivers fell at Portland, Vancouver, Lewiston, Trinidad, Pasco, Bonners Ferry, and Boudary, the weather bureau said.

Alleged Garbage Law Violator in Court

The first of six alleged violators of the laws prohibiting indiscriminate dumping of debris appeared in justice court yesterday to answer charges of dumping refuse on the property of another without permission, namely in the Climax road area.

Judge W. P. Tucker said this morning that Roy Hopkins has been given until July 10 to clean up the garbage he left in that area. At that time the area will be inspected to see whether the order has been complied with before the case is closed.

State police filed six of the debris dumping complaints in justice court Saturday but Hopkins was the first to appear in court.

There is less waste land in proportion to total area in Illinois than in any other state.

Summer School at Phoenix Under Way

Phoenix, June 28—Remedial summer school classes for Phoenix elementary grade students are being held in the schools here, according to School Superintendent E. R. James, and arrangements have been completed with Southern Oregon college to conduct the classes.

Students believed by their parents to be in need of summer school work, and who have not been enrolled, may register for the classes at the Phoenix elementary school any morning this week, or they may call the school superintendent.

The classes, which will continue for six weeks, started Monday, and start at 9 a.m. each day. They are under the supervision of David Barker, of Ashland's Lincoln school, and are conducted by student teachers from SOC.

New Bedford, Mass.—(U.P.)—When James Bramwell stepped out of the shadows one night to warn a motorist of a detour ahead, he was told: "Mind your own business." Patrolman Bramwell did just that. He arrested the driver on a drunken driving charge.
