

Benefits of ITU Strike Offered to Other Unions

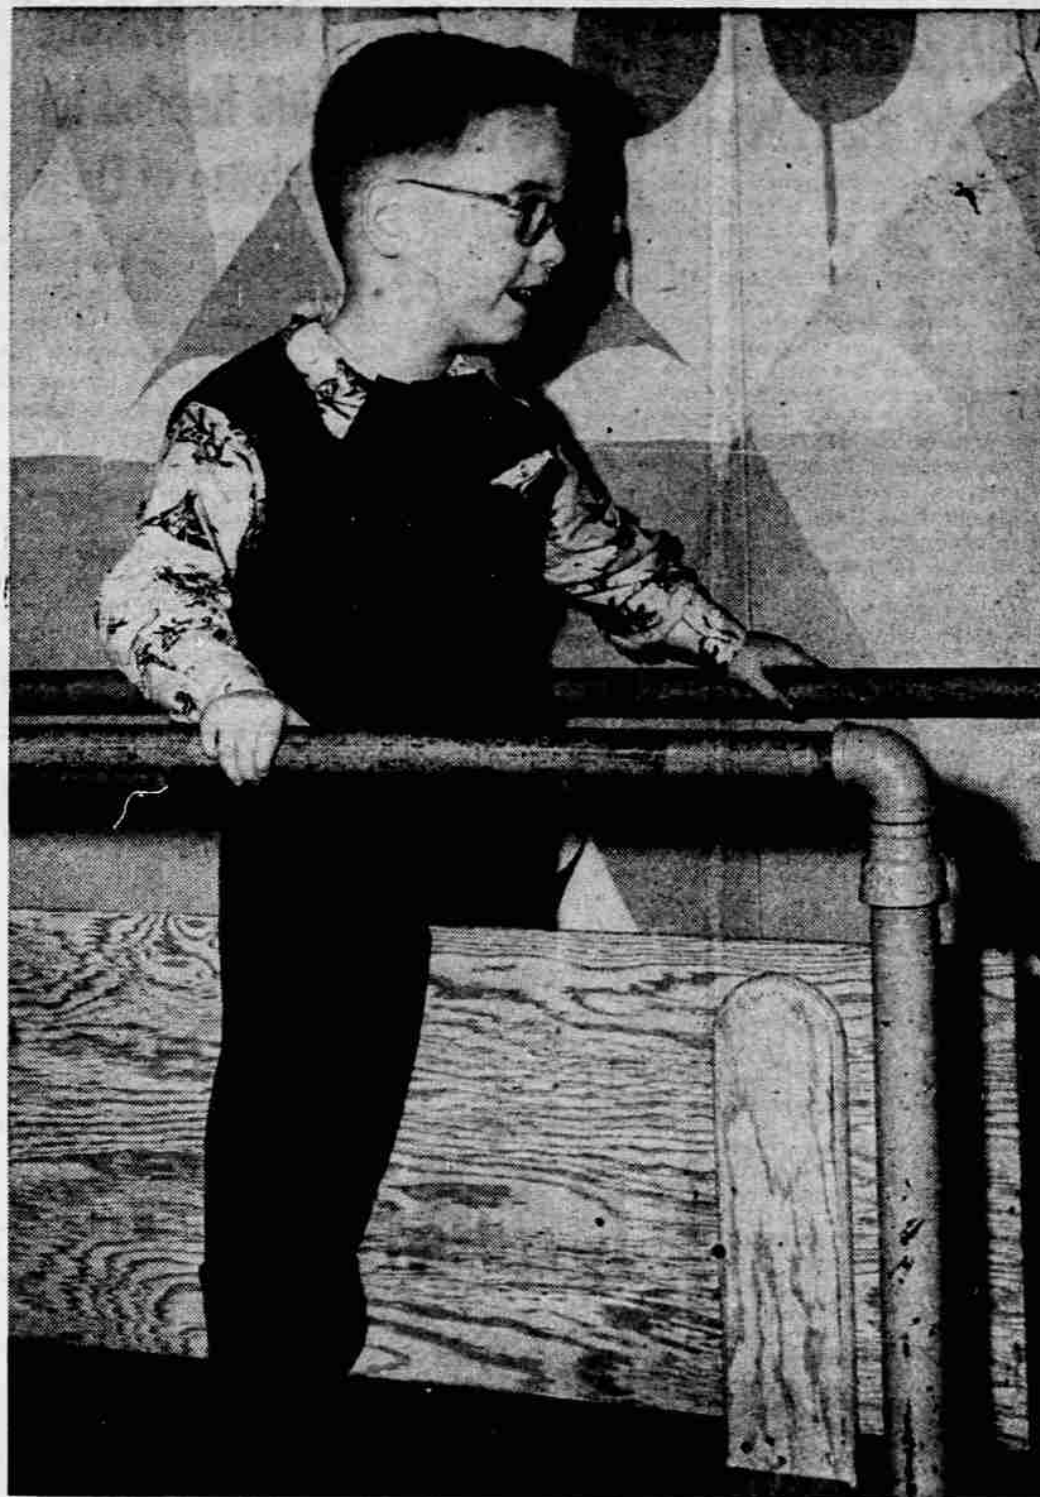

Rockford, Ill. — (U.P.) — The papers involved, the Morning Star and Register-Republic said the stoppage was a strike. The ITU said its members had been locked out.

Both newspapers continued to publish without interruption. Some members of the American Newspaper Guild refused to cross the ITU picket line, but others reported for work.

A management spokesman said that some guild members worked Saturday and that a 48-page Sunday newspaper would be published.

The work stoppage began after failure to reach agreement on a clause in a new contract. The disputed clause would provide that teletypesetter tape could be received by the papers only if produced by members of the Commercial Telegraphers' Union, or a subordinate union of the ITU.

THIEVES COMPLETE
Spokane, Wash. — (U.P.) — Police reported that burglars who broke into vending machines at a trucking firm didn't get a thing. Burglars had emptied the machines two nights earlier.

Toby Edward Kimmey has been named Medford's Easter Seal child for 1952. Toby, four-year-old son of Mr. and Mrs. Francis E. Kimmey, 630 Crater Lake avenue, suffers from cerebral palsy and is a patient at the Eugene hospital where he is being taught to walk with special equipment. Toby and other crippled children and adults of the state, are

aided with funds from the annual Easter Seal sale of the Oregon Society for Crippled Children and Adults. In addition to the sale, the Jackson county chapter is giving a dance at Rogue Valley Country club April 7, with proceeds to be added to the drive funds, and Epsilon Sigma Alpha sorority has planned a benefit style show and tea April 2 at 2 p. m. in the Pioneer room of the Jackson hotel.

Oregon Society Announces Easter Seal Child for 1952

Toby Edward Kimmey, 630 Crater Lake avenue, son of Mr. and Mrs. Francis E. Kimmey, has been named Medford's Easter seal child for 1952.

Toby, who is four going on five, was named because he is typical of children helped by the children's school at Eugene, which is financed by the Oregon Society for Crippled Children and Adults, Inc., through the sale of Easter seals.

When Toby was 1½ years old, he couldn't sit up, much less toddle. His parents were finally advised by a Jackson county public health nurse to take him to Eugene for diagnosis and treatment. There his trouble was found to be cerebral palsy and his application for entry to the school was accepted. Toby entered the school in September, 1951.

Since then, his father reports that Toby is starting to crawl, and is practicing walking with the aid of steel braces and bars. His father pointed out that Toby is progressing under the intensive therapeutic care much more rapidly than was possible at home.

Mr. Kimmey had built an enclosed play yard for Toby and a tricycle with shoes attached to the peddles, so Toby could have the benefit of the reciprocal exercise of tricycling. However, even this sort of specialized equipment cannot take the place of the trained personnel at the children's school.

About two years of training will be necessary, Mr. Kimmey added, before Toby will be able to get around by himself. But that's a large step forward, he was quick to point out.

The sale of Easter seal benefit dance tickets is Mr. Kimmey's main project at this time. He stressed the benefits Toby was receiving and hoped that everyone in Jackson county could attend the dance April 7 at the Rogue Valley Country club from 9 p. m. to 12 p. m.

There is one family in Medford which really believes the Easter seal slogan, "Help a Crippled Child Become a Productive Adult."

Hourly Wage Boosts Given to Carpenters

Spokane — (U.P.) — About 7,500 union carpenters of the Inland Empire will receive immediate wage boosts of nine-cents-an-hour, the Wage Stabilization Board reported Saturday.

Permission to pay the increases, negotiated last December, was granted by the WSB's construction industry stabilization commission. The boosts will be effective as of last week.

TRUCK WRECKS PLANE

Hyannis, Neb. — (U.P.) — George C. Menard's airplane flight from Sioux City, Ia., to Cheyenne, Wyo., was interrupted here when a truck ran him down. Mennard was forced to put down

his small plane on a highway; vehicles were badly damaged during a minor snowstorm. Both but no one was injured.

ONE-MAN OPERATION...LOW UPKEEP...FULL 100 H.P. EFFICIENCY

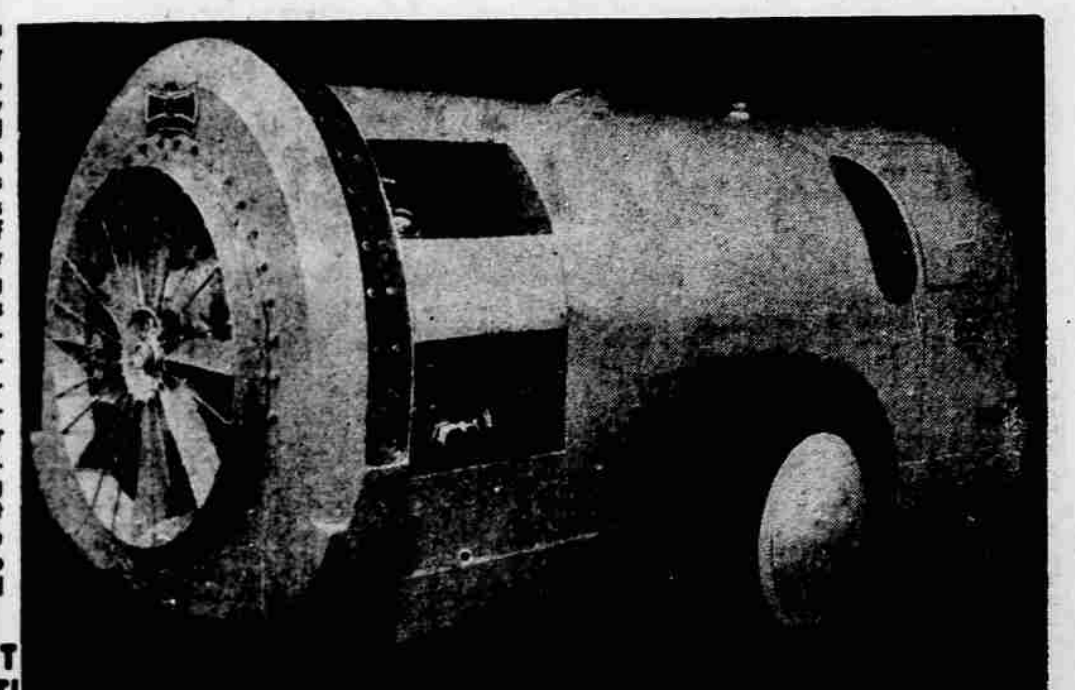

DH-403

The Rig that's Built for Rugged Duty in Any Orchard

Here's a spray rig you can count on—year in and year out—for sturdy, dependable, economical service. Its hollow cone nozzles and patented vanes assure positive pattern control and full saturation in even the densest foliage, thus cutting back the number of sprayings usually required per season, and greatly reducing the amount of spray materials customarily needed. Its one-man operation keeps high-priced labor costs at a minimum. It is designed for concentrate, semi-concentrate or bulk sprays. The 100 H.P. DH-403 is a small, compact rig...easy to maneuver...yet capable of doing a big-time job. That is why the small to medium orchard owner will find it especially satisfactory.

SEE & COMPARE IT! YOU CAN'T BEAT IT!

AIR-O-Fan
Air-O-Fan Products Corp. also manufactures the Air-O-Duster—a low-priced attachment that quickly converts a high pressure sprayer into a one-man sprayer with two-side delivery. See this economical attachment today!
