

Nazarene Church Anniversary Noted

The Rev. Fred M. Weatherford, Arlington, Ore., will speak Wednesday at 7:30 p.m. at the 30th anniversary service at the Church of the Nazarene, Holly and First streets, according to the pastor, the Rev. Vernon Wilcox.

Mr. Weatherford was a pastor of the local Nazarene church for 11 years, from 1934 to 1945, and is well known in religious and civic circles here. It was under his leadership that the present commodious church building was erected, and the membership increased by over 150 per cent.

The church was organized on April 2, 1922, and the Rev. C. M. King, still a resident of Medford, was its first pastor, continuing in that office for six years during which time the first church building at Jackson street and Central avenue was built.

The public is invited to attend the anniversary service.

Explosion Set Off At Dalles Dam Site

The Dalles — (U.P.) — A 12-ton dynamite blast lifted a column of water nearly 1,000 feet above the Columbia river east of here Monday night.

The explosion, biggest underwater blast yet to be set off at the site of the new The Dalles dam, was watched by hundreds of residents parked along highway 30 and was designed to clear the river bed where water will be discharged from power house turbines.

Federal and state fish experts patrolled an area below the blast and recovered a number of sturgeon killed by the explosion, including one 9½ feet in length, and weighing about 500 pounds.

Many Tax Cases Wrongly Dropped

Washington — (U.P.) — An Internal Revenue Bureau attorney has testified that 31 tax fraud cases dropped in New York in the last few years should have been prosecuted.

The attorney, Earl C. Crouter, is a member of a special board of inquiry of the Internal Revenue Bureau. He said many of the cases were dropped while Daniel A. Bolich was special agent in charge in the New York area.

Bolich, who is under subpoena to testify Wednesday before the House ways and means subcommittee investigating tax scandals, was agent in charge in 1946, 1947, and until Sept. 1, 1948, when he came to Washington as assistant internal revenue commissioner.
