Barbara Payton Asks Monthly Sums In Alimony Suit

Hollywood—(U.P.)—The costly romance of Franchot Tone and Barbara Payton appeared headed for a possibly more expensive ending Thursday after the blonde actress filed for \$1,500 a month in temporary alimony pending a divorce.

Payments Demanded

Her attorney, Milton Golden, filed a petition in superior court Wednesday demanding that Tone make the payment until their contested divorce comes to trial.

Golden charged that Tone had made a hasty exit from California after she filed a cross-complaint to his divorce suit and is steering clear of the state in an attempt to "starve her out".

Hearing Schedule

A hearing on Miss Payton's temporary alimony petition was scheduled for April 16. She charged in her divorce action that the actor is worth \$1,000,000, of which at least \$100,000 is community property.

Golden said Tone was "just stalling" and added that the actor "changes his mind every other day."

Parent-Teacher Group Reaffirms Support of Bill

Pendleton, Ore.—(U.P.)—Delegates to the 39th annual Oregon Parent-Teacher Congress closed their convention Wednesday by reaffirming their support on the state's proposed school reorganization bill.

The bill will be on November ballot.

A few delegates spoke briefly in opposition, urging the organization to refrain from reaffirming its stand on such legislation and let the individual members study the bill before election time.

Mrs. Arthur N. Green of Portland, former chairman of the state PTA legislation committee, said strong, unified schools would bring about better teaching facilities in all phases of education and the cost, in terms of services received, would mean better education for less money.
