

Britain Promises To Provide Help To European Army

London—(UP)—Britain promised Wednesday to go to the aid of the European Army if any of its six Western European member states, including Germany, is attacked.

This country made up for its refusal to join the European Army itself by pledging in an official white paper to give any attacked member state "all the military and other aid and assistance in its power."

Will Help Britain

The six European Army states—France, Italy, Western Germany, Belgium, The Netherlands and Luxembourg—at the same time agreed to help Britain if its forces in Europe are attacked.

The guarantees will be incorporated in a formal treaty between Britain and the European Defense Community—parent body of the European Army—and will come into force simultaneously with establishment of the six-nation army.

Some 1100 cattle belonging to the Rudnick interests were moved last week from the Table Top ranches where they had been on feed the past winter, to pastures on the Hanley ranch in the Big Butte district. The cattle were driven and were quite an unusual sight as they traveled along filling the road from fence to fence and "chaperoned" by cowboys and girls on horses. In years gone by this was the way all livestock was moved.

O. T. Wilson who is a frequent visitor here states that his two boys, Red and Dean (some time known as Snake) who had considerable experience with bombs in the South Pacific are convinced that the hole in the Beagle district caused by some kind of an explosion was caused by a bomb dropped from a bomber by accident.

Delegates from several valley Sunday schools attended the conference held here last Saturday. The forenoon was given over mostly to reports followed by a basket dinner at noon. Two excellent sermons were given in the afternoon by visiting ministers, John Stille of Shady Cove and Raymond P. Targgart of Portland, superintendent of the Pacific Northwest district for the American Sunday school union.

Honey bees have been placed in local pear orchards and so far have been having fine weather for their work.

Kerby Tant, government trapper of Eagle Point, came down Saturday with traps and hounds and began his campaign of matching wits with our chicken loving coons. At this writing he has caught five coons, two skunks, one porcupine and a dog.

This man and his dogs certainly know their stuff and we very highly appreciate their work but wouldn't dare offer them as much as a setting of eggs for fear of being investigated on charges of trying to bribe federal officials.

Douglas Proposes Drastic Reduction In Road Monies

Washington—(UP)—Sen. Paul H. Douglas asked the Senate Wednesday to chop \$50,000,000 from a \$69,500,000 appropriation for public roads.

The Illinois Democrat made his plea as the Senate took up the first appropriation bill it has considered this session: A \$960,000,000 supplemental measure to tide over more than 20 government agencies until the fiscal year ends June 30.

Pay Increase Provided

Most of the money would cover pay increases for federal workers.

Douglas said in a statement that Congress last year voted a \$95,000,000 cut in funds for the Bureau of Public Roads. He said the \$69,500,000 in Wednesday's bill, plus \$23,500,000 in funds carried over from past programs, would restore 98 per cent of that reduction.

Further plans for the food sale were made. Mrs. Ward Sybouts told the group the turkey dinner could be held Friday, May 2, instead of April 25 as originally planned, as the latter date was the high school play. Refreshments were served by Mrs. Sybouts, assisted by Mrs. Dave Bregren. Next meeting will be April 24 at the home of Mrs. Glenn Albert.
