

# Medford Laces Grants Pass 11-1 To Take District Baseball Lead

Coach Alex McDonald's Medford high baseball team now holds sole lead in the District No. 6 A-1 standings.

The Black Tornado plastered Grants Pass 11 to 1 here Friday for its second triumph in district play. Medford previously beat its other district rival, Klamath Falls, and has one more game with the pelicans and Grants Pass before completing its circuit slate.

Friday's victory was Medford's third of the season over the Cavemen. Two previous games were practice affairs. Grants Pass and Medford collide again on Wednesday at Grants Pass.

**Conner Homers**  
Medford pounded out eight hits, including a home run by Dennis Conner, and capitalized on the considerable wildness of Cavemen Pitcher John Harbour to achieve the Friday win.

The fifth frame, when six runs crossed the plate, was Medford's big inning.

Terry Maddox started the spree with a single and stole second and third bases. Derald Wootton and John Niles walked. Max Lindley hit a ground ball and Terry Maddox scored when Catcher Norm Hedgepeth dropped the throw to the plate. Lindley was safe at first. Lloyd Hart walked to push Wootton across with a run.

**Bases Loaded**

That set the stage for Conner with a bases-loaded situation. He cleaned the bases with his round-tripper. Conner laid into the fifth pitch by Harbour and knocked a screamer through the infield. The ball dropped in front of Leftfielder Don James and then bounded over his head.

Harbour gave up three walks and four hits in the fifth.

The Tornado got three runs in the second inning on hits by Wootton, Lindley and Ted Landers, a walk, a passed ball and an error. In the third inning Maddox singled, went to second base on a passed ball and traveled to third on a wild pitch. He scored on another wild pitch.

**Rodgers Scores**  
Tom Rodgers walked in the fourth inning, advanced to third base on a passed ball and wild pitch and tallied when Connie Holzgang was thrown out attempting to steal second.

Grants Pass gained its single run in the fourth inning on singles by Dick Pepper and Bell and an error.

Wootton, hurling for Medford, struck out 13 batters, walked two and allowed three hits. Maddox was the heavy hitter for Medford with three singles in four times at bat.

## Giles Will Levy Fines on Players Who Fraternize

Brooklyn — (U.P.) — President Warren Giles of the National League threatened stiff fines Saturday for players who fraternize on the baseball field.

"We had meetings with every club in the league during spring training," Giles said at the Giants-Dodgers game, "and we told the players that being friendly with the opposition on the field just wouldn't be tolerated."

Seven Indians and White Sox players were fined by American League President Will Harridge Thursday for acting too friendly with members of the other team during their three-game series this week.

Giles said he had no objection to players talking to fans in the stands, provided that it had the approval of the team's manager and front office.

**AN IMPORTANT MESSAGE TO OUR CUSTOMERS AND FRIENDS**  
We are happy to be able to tell you that the lawsuit brought more than four years ago against Ford Motor Company and Dearborn Motors Corporation by Harry Ferguson and Harry Ferguson, Inc. has been settled by agreement of the parties.  
There are three points connected with this settlement which, as a present or possible future owner of a Ford Tractor, we went to make clear to you. Regardless of what you may hear to the contrary, these are the FACTS.  
**3 POINTS OF INTEREST To Our Present and Future Customers**  
**1** Ford Motor Company will continue production of the present Ford Tractor without interruption, and Dearborn Motors Corporation will continue to market them nationally as in the past. By the end of 1952, Ford Motor Company has agreed to make two simple changes, and only two changes, in the means of operation and control of a pump used in the hydraulic system in the Ford Tractor. After these simple changes have been made, there is nothing in the settlement of the suit to prevent Ford Motor Company from continuing the manufacture of the present Ford Tractor for as long as it may choose.  
**2** Ford Motor Company will continue to produce and Dearborn Motors Corporation, and ourselves as dealer, will continue to supply all repair parts for all past, present and future Ford Tractors.  
**3** Ford Tractors will continue to offer all the advantages of the present system of hydraulic control, the present method of attaching and operating implements, and all other features responsible for their wide popularity. Dearborn Motors will continue to offer its same complete line of implements.  
It is a source of deep satisfaction to us to be in a position to debunk conclusively and finally in this way the assertions that have been made and the propaganda that has been spread over the past four years.
