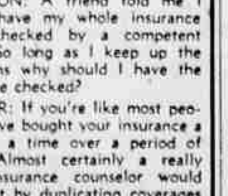
Now you Know!
The answers to everyday insurance problems*
By Reese Alexander
Insurance Counselor



QUESTION: A friend told me I should have my whole insurance setup checked by a competent agent. So long as I keep up the premiums why should I have the insurance checked?

ANSWER: If you're like most people you've bought your insurance a little at a time over a period of years. Almost certainly a really good insurance counselor would find that by duplicating coverages you are paying too much for what you have or that you could get a great deal more for what you spend.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
