Oatis Only Did Duty, Journalists Charge

Berlin—(U.P.)—The Congress of the International Federation of Free Journalists charged Thursday at its opening session that Associated Press Correspondent William N. Oatis was jailed by the Czech Communist government merely for fulfilling his duties as a newspaperman.

Oatis has just completed the first year of a 10-year sentence on charges of espionage. The congress Friday will reenact the Oatis trial to prove that the verdict was a miscarriage of justice and the trial a farce. Four Czechs and an American, not yet chosen, who resembles Oatis will be the actors.

One of the main purposes of the four-day congress is to draw attention to the fate of Oatis "who fulfilled only his duties as a newspaperman and has been a victim of a system which has drawn the Iron Curtain between East and West."
