Four Non-Injury Accidents Friday

Four non-injury auto accidents, three in Medford and one on Crater Lake highway, on Friday, were listed in reports filed with Medford police.

An auto operated by Mervin Donald Woodard, Klamath Falls, and pickup truck driven by Clifford Lee Burk, Phoenix, were involved in a wreck at Main and Front streets in the evening. The front end of the Woodard car was smashed and the left side of the pickup badly damaged. Police said Woodard was cited for failure to stop at a stop light.

A vehicle operated by Victor L. Oswald, Prospect, was said considerably damaged in a smashup with a sedan driven by Mrs. Gloria Taylor, route 1 box 402, Talent.

A car driven by Mrs. Opal Rae Walte, Grants Pass, struck one operated by Mrs. Lawrence Buonocore, 109 South Oakdale avenue, on West Main street near Grape street, in the afternoon. Minor damage was reported.

Three vehicles were involved in an accident Friday night in front of Crater Lake motors on West Main street. They were a

Wave of Sentiment For General Seen By Washington Men

Portland (U.P.)—Walter Williams of Seattle, national chairman of the "Citizens for Eisenhower committee," said Saturday that a wave of popular sentiment for Gen. Dwight D. Eisenhower "is having a very good effect on delegates to the Republican national convention."

Williams flew here from his New York headquarters to keynote the Clark county, Wash., Republican convention Saturday afternoon before leaving for Seattle where he plans to resign as state chairman of the Republican party. The Washington state central committee is meeting to select Williams' successor.

"In some states the primary votes are binding on the delegates," Williams said, "but the big vote rolled up for Eisenhower truck driven by Leslie Ostrander, 616 North Central avenue, a pickup driven by Haroldlee Fitzsimmons, 273 Lozier lane, and a parked pickup registered to Harold Elvin Wallace, 1985 Sunset avenue.

Anti-Aircraft Gun Ready for US Troops

Watertown, Mass. (U.P.)—An anti-aircraft gun, capable of shooting down the fastest and highest flying planes, is now ready and soon will be used by U. S. forces in Korea.

Maj. Gen. Elbert L. Ford, Army chief of ordnance, visiting the Watertown arsenal here Friday, said, "this gun surpasses anything that Russia has as far as we know."

The gun, almost fully automatic, makes use of radar and other electronic equipment, Ford said.

Clackamas Legislator Succumbs in Portland

Portland (U.P.)—State Rep. J. S. (Jack) Greenwood, 58, Oregon legislator, died Friday night in Providence hospital.

Greenwood, who resided at Wemme and was known by fellow legislators as the "Old Man of the Mountain" from Clackamas county, had been ill of a

heart ailment since March 8. He was a candidate for reelection and his name will appear on the May 16 primary ballot. He was a past state president of the Fraternal Order of Eagles. Dead line on Classified Ads: 5:30 p.m. for following day; 10 a.m. Monday; noon Saturday for Sunday a.m.

Escaping Gas Blamed For German Explosion
Munich, Germany, (U.P.)—Escaping illuminating gas was blamed for an explosion which wrecked the suburban home of American civilian employee William Blake of Urbana, Ill. The blast tore through walls, blew the furniture to bits and shattered every window and door in the house. Neither Blake, head of the Munich Military Post Driver School, nor members of his family were at home when the explosion occurred Thursday night.

Crew Calls Dropping Of A-Bomb "Routine"

Albuquerque, N. M. (U.P.)—Crew members of the B-50 "flying laboratory" which dropped the A-bomb used in Tuesday's test at the Nevada Proving Grounds said Saturday the blast "tossed the plane about a bit."

The Air Force, which arranged an interview with the plane's crew members, said that the crew regarded the operation as a routine event.

Bombardier Not Nervous
Capt. George L. Trimble Jr., Adairsville, Ga., the bombardier, said he was not "particularly nervous when the bomb dropped, although the success of the test depended upon his accuracy. Trimble, who operated a Norden bomb sight and released the bomb, said he was too preoccupied to be nervous.

Crew's Accuracy Praised
Maj. Gen. John S. Mills, commanding general of the Air Force special weapons center at Kirtland Air Force Base here, praised the accuracy of the plane's crew members.

He said that although troops were within 3 1/2 miles of ground zero from the bomb blast, the bomb still must be regarded as

a weapon of "almost inconceivable destruction." None of the troops were exposed, he pointed out.

"I think that any tendency to minimize the effect of this weapon... would be calamitous for our people," Mills said.

Col. Osmand J. Ritland said it was the 12th nuclear device dropped by Air Force planes from the Kirtland base. Families of the plane's crew members were not aware, he said, that they were on the mission.

Square Dance Planned By J'ville Rebekahs

Jacksonville—A square dance session, to be sponsored May 2 by the Jacksonville Rebekah lodge, will add to funds used toward sending two Jackson county high school students on an Odd Fellow sponsored pilgrimage this summer to United Nations headquarters.

Callers for the square dance will be Mrs. Helen Howard and John Niedermeyer. The event will be held in the Jacksonville Community hall.

Last year this district of IOOF lodge was the only district in the northwest to sponsor a delegate to the UN pilgrimage. She was Miss Fran Cooper, Grants Pass.

Washing Shirts Is No Problem For My Wife!

"She's a smart girl!" says the young businessman. She sends them to Domestic Laundry and Dry Cleaners where she knows they'll come back sparkling white and ironed to perfection.
