

Taft and Eisenhower Tied for Delegates To GOP Convention

By LYLE C. WILSON

Washington — (UP) — Gen. Dwight D. Eisenhower pulled into a tie with Sen. Robert A. Taft Wednesday in Republican national convention votes thus far committed.

The United Press tabulation score was:

Taft 271; Eisenhower 271.

604 Votes Necessary

The minimum vote necessary to win the GOP presidential nomination at the convention opening July 7 in Chicago is 604.

Eisenhower drew even with Taft with the inclusion of delegate votes from Massachusetts, where the general Tuesday beat Taft better than two to one in the preferential vote and got 29 of the state's 38 delegates.

In the district delegate vote, Eisenhower got 27 to Taft's one.

Friends Church Sets Evangelism Meetings

Evangelism meetings will be held Wednesday through Saturday at 7:30 p.m. each day at the Medford Friends church, DeBarr street and Merriam road, members said today. Speaker will be Ed Harmon, pastor of Highland Friends church, Salem.

In addition to the daily meetings, Mr. Harmon will speak at 11 a.m. and 7:30 p.m. services Sunday. He was guest leader for the Friends church here during the National Christian Teaching mission sponsored last year by Medford churches.

The evangelistic series is a part of the Friends' Easter to Mothers day loyalty campaign. The theme of the series is "Loyalty to the Great Commission." Music will be furnished by local musical groups within the church. The public is invited to attend.

Gideons Observe 7th Anniversary April 26

The Rogue Valley camp of the Gideons International observed the seventh anniversary of the local camp on April 26. Dinner was served that evening to 109 members of the organization at the First Methodist church.

Twelve camps were represented at the dinner. Thirteen churches in the valley participated in Gideon services Sunday, April 27.

The state president, Harry Reicher, and the state treasurer, Melvin Becker, appealed for funds for sending bilingual Testaments to some 450,000 students in Japan who are requesting them.

Central Point Plan Group OK's Plats

Central Point — Two subdivision plats were approved last Monday by the Central Point planning commission, according to A. R. Pinkham, city recorder.

One plat was the Yocom subdivision, which consists of 13 lots and is part of the old Cooksey addition, located south of Pine street on the west side of Central Point.

The other plat included 80 acres on the Table Rock road south of Camp White, about three airline miles from the city. Pinkham said it is called Forest Acres and features "big lots" (about 100 feet by 285), 60-foot streets, with a total of four streets.

The recorder said that the commission is empowered by state law to approve all subdividing six miles from its city limits.

A council meeting is scheduled for next Monday evening in the city hall, according to Pinkham, with routine business the order.

Candidates To Speak At Farm Bureau Meet

A group of candidates for Jackson county offices will speak at a regular meeting of the Talent center of the Jackson County Farm Bureau Thursday, May 1, in the Talent high school gymnasium, members said today. The talks will be preceded by a short business meeting, they said.

Regular meetings on the county level are held the second Thursday of each month in the county courthouse auditorium in Medford. Persons interested in the meeting are invited to attend, according to A. L. Lemley, county farm bureau publicity chairman.

POWER OUTAGE

Power in southeastern Medford and the Talent area was disrupted for about 40 minutes Tuesday evening, California Oregon Power company officials reported today. The outage was caused by a broken transmission line near the Oak street bridge in Ashland, they said. Medford residents in the area served by the Highland drive substation reported power was off from about 6:15 to 6:55 p.m.

Old, Ornate Organ On Display at Store

An ornate, 100-year-old organ is now on display at the Purucker Piano house. The instrument, in excellent playing condition, is much wider and higher than the average organ. The keyboard has five octaves instead of four as most old organs have.

The Puruckers believe the entire case is solid rosewood. The intricately designed top part of the organ case can be removed. This part is designed like an old sideboard buffet. There are knobs, carving and cupolas, and two cupboards with beveled mirrors. At the center back is a half-circle bevel mirror.

The organ was manufactured by Story and Clark company, Chicago, which is still in business, according to the Puruckers. The Medford store obtained the organ recently in a trade-in on a new piano.

Mother's Day Gifts to GIVE or to OWN

MIRRO THE FINEST ALUMINUM

Sturdy, long-lasting MIRRO ware makes a thoughtful, generous gift... or a sensible, practical purchase for your own kitchen. Come in and choose from our wide variety of these high-quality aluminum utensils.
