

**American Product
Less Attractive
Than Import Tuna**

Astoria —(U.P.)— After all the fuss about fish imports, some 50 offshore tuna fishermen here have learned that Japanese fishermen, their chief competitors, are putting out a product superior in color to the American catch.

Fred Wolleson, Astoria tuna fisherman who has led west coast activities to protect the American fisherman from Japanese imports, brought the fishermen together at the Union Fishermen's Cooperative packing company to compare their canned product with the Japanese imported canned goods.

Tuna Look Better
Wolleson said they found the Japanese tuna is lighter, looks better in the can, is more coarse in texture—but tastes about the same.

Both packers and fishermen agreed that the color difference was mainly because American tuna catches no longer "bleed" their fish when first caught as the Japanese do.

Wolleson said he thought the American albacore was superior in taste and texture but that it did not look as good in the can, showing up considerably darker than the Japanese product.

He warned the fishermen that the average housewife buys by "eye appeal" and that American fishermen would have to start bleeding their fish to keep up with the imports.

**Subscription Warrants
Issued by Oregon Bank**

Portland — Warrants giving evidence of the right to subscribe for pro rata portions of 200,000 additional shares of capital stock have been mailed to shareholders of the First National Bank of Portland, it was announced today.

The subscription warrants are based on a rate of one new share for each five shares owned at the close of business on April 30, according to President F. N. Belgrano Jr. The subscription price for the new stock will be \$30 a share. Warrants will become void on May 29.

Upon completion of sale of the additional stock, the capital funds of the First National bank will exceed \$42,800,000, according to Belgrano.

**Timberwolf Division
Plans '52 Encampment**

Vancouver, Wash. — (U.P.) — General and special staff officers of the 104th Timberwolf division met here over the weekend with key personnel of the Oregon-Washington army infantry reserve unit to outline plans for the division's annual encampment at Ft. Lewis July 20 to August 4.

Col. Lamar Tooze of Portland, commanding officer of the Timberwolves, is in charge of the Saturday-Sunday pre-camp orientation session.

Johannesburg, South Africa — (U.P.) — Britain's trail-blazing Comet airliner landed smoothly here Saturday, on schedule to the minute in the world's first scheduled jet passenger flight.
