

Electric Cooperative Slates Mass Meeting

A mass meeting for persons interested in the Twin Counties Electric cooperative will be held the afternoon of Sunday, May 11, starting at 2 o'clock at Ruch school, George Rode, attorney for the organization, said today.

Speakers, including George Loftin, president; Helen Brown, secretary-treasurer; Michael Loftin, director, and Rode, will explain aims of the cooperative in bringing electricity into rural

AMERICANIZED—Egyptian dancer Samia Gamal looks like any American girl as she takes in the desert sun at a Las Vegas, Nev., resort. She caused international stir when she married Shepard King, Texas oil heir.

areas through the mural electrification administration.

The public is invited to attend the meeting, Rode said. Application forms will be available and will be accepted at the meeting, he stated.

The 15 tribes of Indians who inhabited what is now the Mexican state of Oaxaca believed at the time of the Spanish conquest that they were descended from trees. Many trees, particularly large or old ones, were held in veneration.

Feeding the Family

By Zola Vincent
Food Editor

clove with 1/2 teaspoon salt in a bowl. Blend thoroughly with 1/4 cup salad oil, 1/2 cup lemon juice, 2 tablespoons chopped onion, 1/2 teaspoon black pepper and 1/2 teaspoon dried thyme.

Hollywood Salad Bowl

Plenty of lettuce, plenty of grapefruit, avocado and crab meat! Now is the time to make this supremely good salad in whatever size you like from a taste-tempting appetizer for serving in cocktail glasses to a man-size salad for the main event. Pare a large grapefruit. Separate into segments. Cut an avocado in half; peel, cube and combine immediately with grapefruit to prevent discoloring. Flake 1/2 pound of fresh cooked crab meat or 1 flat can crabmeat (cooked shrimp is good, too). Shred one head of lettuce and combine with other ingredients. Salt and pepper lightly. Blend together 1/4 cup mayonnaise and 1/4 cup chili sauce. Toss with other ingredients gently. Worthy of any special occasion. Six or eight small servings; four main course.

Gourmet Touches for Pork

If you choose plentiful, economy-wise pork roast for Mother's Day (or any other day), it is best roasted fat side up on a rack in an open roasting pan, allowing 45 to 50 minutes per pound cooking time in a moderate oven, 325 degrees. Consider seasoning it in one of these interesting ways. Before roasting the meat, scatter caraway seeds over it. About half an hour before roast is done, pour over it a mixture of undiluted frozen orange juice sweetened with a little brown sugar. Rub the meat with salt, pepper and a

little ginger before roasting. Citrus, Eggs, Pork, Juices Are Featured Foods; Watch Berries

Let's talk about strawberries first because this year's crop is excellent and will be increasing in supply throughout May; decreasing sharply in June. Fair quantities will continue throughout the summer as usual but watch May markets for best buys for eating fresh, for freezing and for "preserving." If you are home canning or freezing strawberries, talk over "timing" now with your fruit man. Pacific Coast states are now large commercial strawberry crop producers. Strawberry jam and frozen strawberries continue to head lists of commercial packs. Citrus fruits are plentiful. Fresh grapefruit and oranges, canned grapefruit sections, canned and frozen concentrated orange juice are all very good buys. Watch newspaper advertisements and displays. Eggs continue plentiful at reasonable prices. Two eggs for teenagers as well as their father at breakfast is a good idea. They'll enjoy custards more often, too. Pork products, both fresh and "cured" continue the best meat buy. In order to divert from the market temporary surpluses of pork and eggs, the U. S. Department of Agriculture's Production and Marketing Administration has announced a program to purchase shell eggs and smoked pork products for distribution to non-profit school lunch programs and other eligible outlets. So do not be surprised when pork products and eggs show up often on your children's school lunch program menus. Other plentiful foods include dried prunes and raisins, domestic dates, fresh fish, frozen fish fillets, peanut butter, cooking fats and salad oil, turkeys and dairy foods. Broilers and fryers are reasonably priced but turkeys offer the best value if you are planning a week-end family reunion for Mother's Day or other special occasion. Seasonal spring vegetables are likely to have variable prices because of spring rains. Reasonable prices mark asparagus, cabbage, carrots, celery, lettuce, onions, most bunched vegetables. Grocery advertising columns reveal many good buys. Good fruit buys include grapefruit, oranges with reasonable prices on avocados. Now is the time to enjoy strawberries to the fullest; make canning or freezing plans.

Income of Forest At Record High In Recent Months

Returns from the Rogue River National forest totaled \$924,543 during the first three quarters of fiscal 1951-52, it was announced today by northwest regional forester J. Herbert Stone, Portland.

Receipts from the 19 national forests in Oregon and Washington during the same period amounted to a total of \$22,823,995, a new record, according to Stone. This represents an increase of more than \$5 million over the first nine months of fiscal 1950-51, he said. Approximately 95 per cent of the receipts were from the sale of timber and related products. The remainder was collected for the grazing of cattle, sheep and horses and the occupancy of lands for resorts, camps, summer homesites, rights-of-way and power sites.

Indications are that national forest receipts for this fiscal year will exceed expenditures for the protection, management and development of national forests by more than \$10,000,000, the regional forester stated. All receipts from the sale of natural resources and the rental of lands are deposited in the federal treasury. Twenty-five per cent of the national forest collections are returned to the states in which the national forests are situated for public schools and roads.

Raton Tunnel is 2,011 feet long. It penetrates Raton Mountain in the extreme northeast corner of New Mexico.

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

Love! What a volume in a word! An ocean in a tear. A Seventh Heaven in a glance. A whirlwind in a sigh. The lightning in a touch. A millennium in a moment. —Tupper.

At last there has been an expression of gratitude by a woman for one of the innumerable labor saving housekeeping devices invented by considerate and sympathetic men. A woman has written a poem in praise of the man who invented the "sit-down" ironing board. However, she does not refer to this kindly genius by name. Who was he? Now some woman should write a poem in praise of the man who invented the vacuum cleaner. And how about the inventor of the washing machine?

Please Note—The discussion as to what cinema actress has the most beautiful legs seems endless. I thought Marlene Dietrich held the Hollywood streamlined limbo title. Now note Betty Grable is accorded that honor. Miss Grable's measurements are, ankle seven and one-half inches, calf twelve inches, thigh eighteen and one-half inches. This, according to experts is practically perfect. Any young woman having similar measurements has an excellent chance of winning a bathing beauty contest.

Among the Married

Know any G. I. Joe who brought back a bride from Europe? How is the couple doing so far? Reports on World War I marriages of this type are very discouraging. It is said that in the World War I period 10,000 members of the A.E.F. married French girls and that 8,000 of these marriages ended in divorce courts.

Passing By—Countess Caroline Maria Febus Agatha Elizabeth Theresa von Furstenberg. Professionally known as Betsy von Furstenberg. Probably the most excessively publicized film performer of the present day. She also holds the Manhattan record for dates in one day. In one day Miss von Furstenberg had dates with five different young men.

Briefly

In the days beyond recall it was said to be possible to make 40 cigarettes from a five-cent package of "roll your own" tobacco. Wonder how many cigarettes the present day "roll your own" fans are getting per package. . . . How are you on geography? Name a city in the United States from which you have to go south to get to Canada.

Vampires

Is there a modern Theda Bara? A star specializing in the portrayals of the so-called "vampire" type of female? If there is, I have missed her pictures. In not featuring such a female por-

UN Essay Contest Winners Will Be Announced Friday

The two winners of the Jackson-Josephine county essay contest on the United Nations will be announced Friday, 7 p.m., at the Central Point Odd Fellows hall, according to Francis Brisbane, Jacksonville, publicity chairman of the Southern Oregon Leaders Council of Odd Fellows and Rebekahs.

The winners will receive an expense-paid trip to United Nations headquarters in New York and will spend a full week in the city. The nation-wide tour is sponsored by the Sovereign Grand Lodge of the Odd Fellows under the title "United Nations Youth Government."

The announcement will take place at a potluck dinner which Miss Fran Cooper, Grants Pass, last year's winner, is expected to give.

There are almost the same number of men as women in this country at this time. However, that is no guide to the husband hunting situation. That is, for a bachelorette. What must be considered is the ratio of males and females in the marrying age group. That is, from 24 to 35. In

to attend. Brisbane said that Mrs. Cooper was the only Oregon representative last year, and due to the efforts in promoting the program locally, the state will send a total of 14 delegates this year from area councils.

He stated that each of the country high schools was contacted to select a candidate to vie for the honor. The tour will start by bus from Spokane, Wash., with advisors in attendance, he added.

Each candidate will be presented a token gift at the Friday banquet, Brisbane concluded.
