Lights Up Wins by Nose In Sixth Running of Golden Gate Handicap

Albany, Calif. (U.P.)—Lights Up, a five year old chestnut owned by C. H. Jones and Sons of Long Beach, Calif., hung a nose defeat upon her rival in the sixth running of the \$50,000 added Golden Gate Handicap.

It took a photo finish examination by the judges to determine the winner, but thousands near the finish line among the record-breaking 24,526 spectators viewing the race knew at once that the coast's leading handicap and money-winning horse had been beaten.

Conversion, a five-year-old which has come up fast recently in Pacific coast racing, was third, while Mische, the Argen-

Women's Golf Activities

What is expected to be one of the largest tournaments of the season at Rogue Valley Country club is set for May 22. The Willamette Valley-Southern Oregon Women's Golf association which is composed of seven golf clubs, Corvallis, Bend, Roseburg, Coos Bay, Klamath Falls, Grants Pass and Medford, will hold the first tournament of the year.

Mrs. Charles Barnes, Mrs. Harvey Robertson and Mrs. Mahr Reymers, representatives of the association for the local club, are members of a committee making plans for this event.

Play for ladies' day, Thursday, May 15, will be fewest putts. Players who do not have games will be paired at the tee.

There were 39 women entered in scheduled ladies' day play at Rogue Valley Country club on Thursday. Winners in the various divisions will be announced later.

Tourney Tiffs Played
Matches in the quarter-finals of the women's spring golf handicap at Rogue Valley Country club have been completed.

In the championship flight Mrs. Clayton Lewis won by default from Mrs. B. L. Nutting, Mrs. W. W. Davies defeated Mrs. James Town 4 and 3, Mrs. Jack Wood defeated Mrs. William Miller 1 up on the 19th hole, and Mrs. F. G. Bunch defeated Mrs. H. E. Nulton 4 and 2.

In the first flight Mrs. George Harrington defeated Mrs. Roger Clark 4 and 2, Miss Isobel Stuart won by default from Mrs. William Kalibak and Mrs. Tom Fuson, Mrs. Ray Larson defeated Mrs. Leslie Schneider 4 and 2, and Mrs. Tom Culbertson defeated Mrs. William Stark 5 and 4.

Completion Date Set
Matches in the semi-finals must be completed by the afternoon of May 15.

In the championship flight Mrs. Lewis plays Mrs. W. W. Davies and Mrs. Wood plays Mrs. Bunch.

In the first flight Mrs. Harrington plays Miss Stuart, and Mrs. Larson plays Tom Culbertson.

PAIRINGS FOR THURSDAY:
Mrs. Belle Schenck, Mrs. Noble Vincent, Mrs. Bruce Stanley, Mrs. Mahr Reymers, Mrs. James Snider, Mrs. Jack Wood, Mrs. Tom Fuson, Mrs. William Schei, Miss Isobel Stuart, Mrs. Geo. Harrington, Mrs. Francis Cheney, Mrs. Leslie Schneider, Mrs. G. Bunch, Mrs. Sam Colton, Mrs. C. B. Collins, Mrs. W. W. Davies, Mrs. L. Paul Walker, Mrs. Leland Clark, Mrs. Allyn Monroe, Mrs. James Town, Mrs. J. A. Edwick, Mrs. Harvey Robertson, Mrs. Bayard Gelichell, Mrs. Chas. Barnes, Mrs. Tom Culbertson Jr., Mrs. William Barker, Mrs. E. H. Edgerton, Mrs. Ray Larson, Mrs. Arthur Peters, Mrs. Harvey Pavlat, Mrs. R. B. Moore, Mrs. Roger Clark, Mrs. Victor Sether, Mrs. William Yuvan, Mrs. Diamond Flynn, Mrs. Ward Samuel, Mrs. Ben Stafford, Mrs. Frank Humphrey, Mrs. John Day, Mrs. Robert Shepherd, Mrs. Clayton Lewis, Mrs. Karl Moore, Mrs. Roger Clark, Mrs. Victor Sether, Mrs. William Yuvan, Mrs. H. G. Nulton, Mrs. N. S. Shore, Mrs. Ken Curry, Mrs. Al Hart, Mrs. William L. Stark, Mrs. W. Bales, Mrs. J. Tobin, Mrs. Parker Woods, Mrs. Keith Bates, Mrs. M. F. Doran, Miss Clara Teller, Mrs. R. B. Temple, Mrs. Lee Mellich, Mrs. James Bunch, Mrs. H. A. Thieritz, Mrs. E. McGraw, Mrs. Francis Dairre, Mrs. E. T. Brophy, Mrs. N. B. Dorries, Mrs. H. D. McClure, Mrs. Ken Trotter, Mrs. Richard Finch, Mrs. Del Berg, Mrs. A. Orr, Mrs. Roland Hubbard, Mrs. E. Schuler, Mrs. John Snider, Mrs. William Thorndyke, Mrs. Warren Lesage, Mrs. R. B. Knight, Mrs. J. W. Mack, Mrs. O. Feisinger, Mrs. F. W. Schler, Mrs. R. L. Sleeter, Mrs. Richard Smith.

Hill Gail Not To Race In Preakness

Louisville, Ky. (U.P.)—The jinx that has struck so many Kentucky Derby winners Saturday put Calumet Farm's Hill Gail, the 1952 victor, out of action for at least two months and turned the struggle for three-year-old honors into a wide-open race.

Trainer Ben Jones, who watched Hill Gail give him a record sixth Derby victory last Saturday announced Friday night that the big colt will not race in next Saturday's Preakness at Pimlico or in the June 7 Belmont Stakes at New York because of an injured left foreleg.

Los Angeles Tops Oakland, 9-8

Oakland, Calif. (U.P.)—Following their pattern of early assault on Los Angeles pitchers, the Oakland A's tallied seven runs in the first two innings Saturday then hung on to post a 9-8 victory over the Angels.

The Oaks, for the second day in a row, blasted out Los Angeles' starting pitcher before he had retired a man. Ed Chandler was Saturday's early victim, being charged for four first-inning runs and the loss.

Bob Spicer, who suffered a similar fate in one of Friday night's games, was the fourth and last Angel pitcher to do duty. He blanked the Oaks during the three frames he worked.

Johnny Jorgensen, whose homer won the opener for Oakland Friday night, led the 12 hit attack Saturday. He batted in four Oakland runs with two hits. Team-

Hollywood Stars Nip Seals, 8-7

Hollywood (U.P.)—The Hollywood Stars staged off a desperate San Francisco rally to nip the Seals 8 to 7 Saturday in a Pacific Coast league game at Gilmore Field.

After trailing 8 to 2 into the 8th inning, the Seals staged a do-or-die effort and drove in four runs off Twink Hurler Larry Shepard, Relief Pitcher Fred Strobel took over after San Francisco loaded the bases and threatened to take the lead. Jim Moran streaked for home with the tying run when Bill McCawley drove a long fly to outfielder Gus Bell, but he was caught at the plate by Bell's toss to catcher Mike Sandlock, to end the threat.

The game probably was the final appearance for Strobel with the Stars as he has an appointment with the Army on May 18.

First baseman Chuck Stevens was the heavy stick man for the Stars, connecting four out of five times at bat and scoring mates Pete Milne and Tookie Gilbert each had three hits.

The victory, accomplished before 2,468 fans, was the second-place Oaks' fourth of the five games played thus far in the series.

Utah Thinclads Hand Montana U. First Trouncing

Missoula, Mont. (U.P.)—The University of Utah, with a springing victory in the mile relay, handed the Montana Grizzlies their first track and field defeat of the season Saturday.

The Redskins amassed 66 5/8 points to MSU's 54 1/6. Utah's relay team of Wing, Marshall, Newbond and Wolfersheim won the relay by three yards, gaining five points on that final event of the Skyline conference meet. Two Dornblaser stadium records were cracked under perfect weather conditions.

Montana's ace miler Bill Rife knocked one and four-tenths seconds off the mile run mark set by Arnold Gillette of Montana in 1926. Five's time was 4:19.1. Utah's Barney Dyer and Fred Pratley tied in breaking the high jump record, better the old mark by one and three-quarter inches. The new record is six feet, six inches.

three tallies.

Starting moundman Mel Queen went seven innings and took credit for the win.

WHAT'S THIS, CLIPPING?—Stan Musial, Cards first baseman, appears about to put a football block on Giants catcher Westrum in the second inning of St. Louis-New York game at St. Louis. Musial was pulled off the bag by a low throw from shortstop Solly Hemus and Westrum crossed safely. The Giants won, 3-0.

Frank Morris Husky Star As Washington State Wins

Pullman, Wash. (U.P.)—Washington State college's improving Cougars piled up points in a methodical fashion Saturday to score a 77 to 54 victory over the University of Washington Huskies in what had been termed a toss-up between the track and field rivals.

The Cougars, paced by lanky Clint Richardson's 11 points, won eight of 15 events and tied a ninth to win going away.

The versatile Richardson won the 220-yard dash and took second in both the 100-yard dash and the broad jump. Hurdler Frank Morris, Medford, Ore., and weightman Loran Perry both scored eight points for the Huskies.

Several good marks were turned in, but no meet records fell.

Oregon Webfoots Win Division Dual Track Meet Championship

Corvallis (U.P.)—The University of Oregon won the Northern division Pacific Coast Conference dual track meet championship here Saturday by defeating Oregon State college 74 2/3 to 56 1/3.

Oregon is unbeaten in Northern Division dual meets and went into the final competition highly favored over OSC. But the Ducks, lacking stars Bill Fell and Chuck Missfeldt, were harder pressed for their win than the experts had expected. The Beavers still had a chance to win as the meet went into the last two events, but Webfoot victories in those two clinched the win.

Fell and Missfeldt were in California participating in the West Coast relays at Fresno.

Two new Bell field records were set Saturday. Emory Barnes of Oregon cleared the high jump in six feet, eight inches to break the mark set by OSC's Ed Woodcock in 1940 at 6 feet, 5 3/4 inches.

News of 4-H CLUBS

Howard Club
Howard 4-H club members discussed record books during a recent meeting in the home of Mrs. Nenois, Norman Barnes and Winston Foley gave a demonstration on bees; Allen Swearingen gave another on welding. Two games were played at the close of the business meeting. Refreshments were served by Mrs. Nenois. Next meeting will be in the Swearingen home on May 12.

Allen Swearingen Jr., club reporter.

For a delicious soup, use three parts strong, clear chicken broth and add one part tomato juice. Heat over simmer burner of your gas range. Serve in soup dishes, garnish with sour cream or croutons that have been dipped in garlic butter.

Halos and Coronas

By J. HUGH PRUETT
Astronomer, Extension Division Oregon Higher Education System

So skillfully do the artistic fingers of nature work that her rearrangements of common phenomena often show little or no resemblance to the original materials. In the summer rainbow or the spectral-colored dewdrops clinging to the grass, we should hardly—without special study—recognize a transformation of the golden light of the sun.

Other phenomena of indirect sunlight are the coronas and halos, those rainbow-colored circles around the sun and moon which some persons so seldom notice that their observation occasionally causes alarm. They are really very common occurrences and are at times erroneously called rainbows.

Definite Diameters
Halos are large circles and have definite diameters. The most common one has a radius (half diameter) of 22 degrees. (You will recall that it is 90 degrees from the horizon to the point directly overhead.) When halo colors are distinct, the inside of the circle is red and the outside blue-white. Usually the entire band seems white, especially around the moon.

This is just the opposite of color arrangement in rainbows. There is a larger and more rare halo with a radius of 46 degrees. A 90-degree halo has sometimes been reported.

Halos are produced when cirrus clouds are in the sky. These clouds are so thin they seldom cause a noticeable darkening of the sun's light. They are classed as high clouds and are usually five or six miles above the earth, where the temperature is far below the freezing point of water. They are thus composed of ice crystals which act like little prisms. They break the light into colors and bend it in such a way that we see it in a direction other than directly from the sun or moon.

Statement Unfounded
We are sometimes told that a storm will occur within as many days as there are stars inside a moon halo. There is no foundation for this statement. The number of stars seen will depend upon the part of the sky the halo occupies (stars are thicker in some places than in others), the denseness of the cir-

rus clouds, and the brightness of the moon.

Circles smaller than halos are often seen. They are more highly colored and have the red on the outside. These are known as coronas or glories. They are caused by the interference of light waves as they come through spaces between drops of water in the thin low clouds.

Radii Variable
Coronas have variable radii depending upon the size of the drops. These radii usually range from one to ten degrees. The size may actually help to some extent in predicting coming weather, for the larger the drops the smaller the circle. Thus, if the radius of the circle is increasing, the moisture particles are becoming smaller and will soon evaporate; if decreasing, larger drops are forming.

STILL NO SAFETY
Knoxville, Tenn. (U.P.)—A Knoxville utilities board employee, while setting up "Danger Men Working" signs for the protection of his fellow roadside workers along Maryville Pike, was struck by an automobile.

Oregon Director Of Child Services Slates Talks Here

Dr. Charles Bradley, director of the Oregon Psychiatric Services for Children, will be the featured speaker at two meetings on May 15 in Medford.

The general public is invited to attend the annual luncheon at noon in the St. Mark's guild hall, which is sponsored by the Jackson County Public Health association and also a discussion at 8 in the evening in the county court house auditorium.

The meetings this week are a climax to recent assemblages of different county groups to discuss the possibility of more adequate child guidance services in southern Oregon.

At a meeting last Thursday, Dr. A. Erwin Merkel, county health physician, traced the history of child guidance in the county. At the present time two guidance clinics are held each year with a team of psychiatrists from the University of Oregon Medical school and the state board of health. However, this service may be discontinued, according to the clinic director, leaving the matter up to each community.

Last year, as an experiment, Jackson county was given a clinic each month, Dr. Merkel stated, but the demand was so great it was felt the clinic could not meet the needs.

Timberib Wing Barns

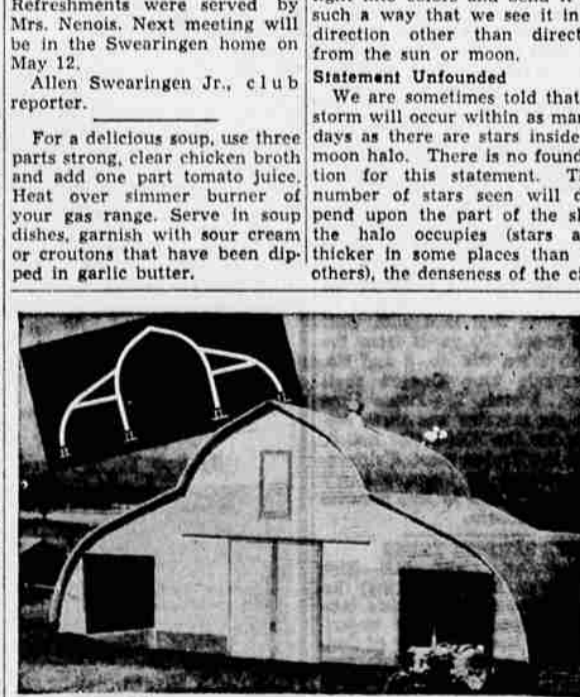

LOW-COST, PERMANENT, VERSATILE
A "Natural" FOR EFFICIENT FARMS

You can use this building for implement storage or cattle feeding, or dairy barn, or a combination of these and other uses. Both wings and center section are completely free of interior posts. Power cleaning equipment may be used, and bulky machinery may be moved about freely.

Your Timberib wing barn is a genuinely good "buy" thanks to Timberib rafters which come to you pre-cut. No lost time or waste material. With these arched rafters serving as both sides and roof, erection is easy and fast. Costs are genuinely low. Your barn will be permanent, too, for a timberib rafter is simpler and stronger than old-fashioned framing, and free from seasoning action.

Let us show you how Timberib buildings will save your building dollars and make your farming more efficient. See us today.
