

WOMEN'S PREROGATIVE THE WORLD OVER — Communist women prisoners of war on Kojia Island flatly refused medical treatment a few days ago. Exercising their right to change their minds, these prisoners climb into a truck en route to the camp hospital for minor medical attention. American guard (left) is closing the compound gate behind them.

On The Side

The treasures of the deep are not so precious as are the concealed comforts of a man locked up in woman's love. I went the air of blessings when I come but near our house. What a delicious breath marriage sends forth! —Middleton

Do you know anybody who is the seventh child of a seventh child? Is he or she unusually lucky? Mrs. Lillian Guest, the Englishwoman who recently won several British football pools, including one worth \$200,000 (tax free), is a seventh child of a seventh child. Mrs. Guest says she has been lucky all her life, including being lucky in love.

Briefly
One of the best slogans in the history of entertainment is Sophie Tucker's, "The Last of the Red Hot Mamas." She acquired this slogan when she introduced a song by Jack Yellen, titled, "I'm the Last of the Red Hot Mamas" . . . The Hollywood record for number of offspring is eight, held by Maureen O'Sullivan. However, this record is in danger. Ave Gardner (Mrs. Frank Sinatra) recently observed: "I want lots of children. I have always wanted to emulate my grandmother who had nineteen children."

Ageless Beauty
Do you remember that beautiful, agile and shapely musical show actress, Dorothy Dickson? She was Carl Hylon's dancing partner, Dorothy, originally from Kansas City, Mo., has lived in London for many years. She is now 54 years old, but reported still beautiful and shapely. Still has her school girl figure, waist, 25 inches; hips 34 inches. Said Miss Dickson recently: "Seems I am ageless. Age is something that happens to other people, not to me. I don't diet. But then I don't overeat. People who get stodgy figures have stodgy brains."

Fishing
There are about 15,000,000 fishing enthusiasts in the U. S. A. So if you can think of something different to sell to fishermen your fortune is made. There is much talk of luck in fishing. This brings to mind the observation of the late Confucius:

"The more you know the more luck you will have." The fellows who catch the most fish are not lucky. They know how to fish. Selection of bait is of major importance. A fellow up in Maine spent several years studying fish with a view toward finding something in the way of food they couldn't resist. He finally did, now he is a very wealthy man.

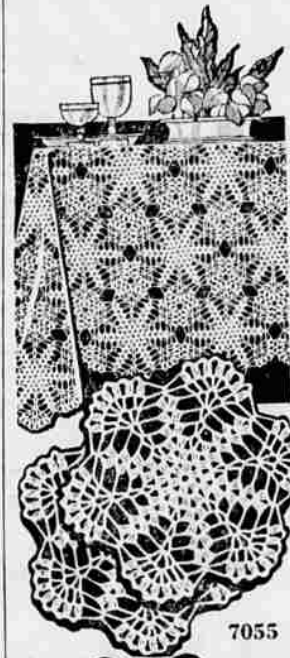

Sidelights
Now women are being given a saliva test. That is, women who are expectant. It is claimed this test can predict the sex of the expected child. . . . "So some character, picking an all-time, team of Irish birth or descent major leaguers, has Bresnahan for catcher," writes a Chicagoan named Dalon. "The man's ignorant. Didn't he ever hear of Jimmy Archer, of the Chicago Cubs, who was born in Dublin? Bresnahan couldn't carry Jimmy's glove."

Asking
Queries from clients. Q. Am I right in saying Mrs. Leslie Carter was 33 years old and without previous acting experience when she made her debut under Belasco in "The Heart of Maryland"? A. No, sir. Mrs. Carter was 28 and without previous stage experience when she appeared in a play titled, "The Ugly Duckling." However, "The Heart of Maryland" was only the second play she appeared in. Was her first hit and she was 33 years old at that time. Q. You referred to the song, "My Wife's Gone to the Country, Hurrah!" Wasn't there also a popular ditty about a husband having gone to the country, much to his wife's satisfaction? A. There was a song titled, "I Sent My Husband to the Thousand Isles."

Real Estate
The Duke of Westminster owns 600 acres in the City of London. This property is now figured to be worth the equivalent of \$60,000,000. How much do you think 600 acres of land in midtown Manhattan is worth? Do you know how many acres of land there are in all Manhattan? The answer is 14,211.
