News, Gossip, Comment
From Camp White

By SID HOLLINGSWORTH

The first application of a program of medical supervision for occupational activities began this week with the transfer of 25 men from Company A to Company 1, where all detail men will be located.

This follows the policy announced by Manager Paul Hutton April 22, covering reclassification of men and assignment to a new schedule of duties calling for a minimum of 20 hours a week.

A planning board, consisting of the domiciliary officer, the chief of social service, and the executive assistant for physical medical rehabilitation, is in charge of the rearrangement.

Department President Flora E. Fields, of the United Spanish War Veterans auxiliary, visited Camp White on Monday, accompanied by Past Department President Austria Barneburg, Medford, and a group of auxiliary officers from Portland and Astoria, including Mary Harding, Astoria, senior vice-president; Hazel Anderson, department conductor, Medford; Josephine Cheney, Portland; and Gladys Rammin, Medford, of the Military Order of Lizards, USWV.

On Sunday a visiting group of DAV personages included Mr. and Mrs. James R. Lillie, Medford, Mr. and Mrs. John C. Groat,

Roseburg, Mr. and Mrs. R. C. Heiden, Roseburg, Lester P. Mathes, Central Point, Charles A. Poteet, Klamath Falls, and State Department Chaplain Olive Anderson, Klamath Falls. Mrs. Lillie is DAV auxiliary hospital chairman.

Frank Rhinehart, clerk to the domiciliary's chaplains, became a person of note when he was born on Feb. 29, 1896. He was eight years old when he celebrated his first birthday, owing to the fact that there was no leap year in 1900. In accordance with the Gregorian time schedule, this singular circumstance was published by Ripley in "Believe It or Not." And to make it more unusual, he is one of twins.

Richard Smith, of Richmond, Va., and New York, is the Jackie Robinson of the Arts and Crafts team. He is always there in a pinch, hitting or fielding, to keep things moving. When some art work was needed for the Fair he painted a picture and won second prize. And if the machinery needs fixing, Smith gets a wrench and screw driver and goes to work.

A subduing note was struck at the VFW Auxiliary dance Monday night by the appearance of the ladies in the long formal evening dresses. The Camp White orchestra made the oc-

Soap Box Derby Entries Top 100; Meeting Tonight

The list of entries in the 1952 Rogue Valley Soap Box Derby has passed the 100 mark. It was reported today by C. Lyall Fidler, chairman of the event. Of these 68 are from Medford, 25 from Grants Pass and 15 are from Ashland.

Another meeting of all entrants, their parents, sponsors, and those who wish to sponsor a boy, will be held at the Barnes Chevrolet company tonight. The meeting will include a "problem clinic" for boys building derby racers will be held, and there will be another showing of the film about the 1951 All-American Soap Box Derby.

More Wheels Here
Fidler said that another shipment of wheels has arrived, and boys who have not yet obtained theirs can pick them up at Barnes Chevrolet, which is serving as derby headquarters.

A representative of the Shell Oil company will be at tonight's meeting to tell about that company's award for the local race, and about the firm's plans for cooperation in engineering and lubrication of models.

Police Sgt. Clyde Fichtner, president of Chapter 16, International Foot print association, which is another derby sponsoring agency, is in charge of prizes for the Rogue valley race, and he said that there will be prize of some sort for every boy entering.

Scholarship Grand Prize

The grand prize for the All American Derby, to be run at the Akron, O., Derby Downs in August, is a \$5,000 scholarship at a university of the winning boy's choice. Winner of the Rogue valley derby will go directly to the Akron event from here—there is no regional nor state run-off.

The trip will be all-expense-paid for the boy and one parent.

It was decided in conferences with Mayor Diamond Flynn this week that the race here will be run either on Crown avenue or East Main street, whichever has the best per cent grade. The course will be about 1,000 feet long, and racing speeds are not to exceed 30 miles per hour. Two cars will race in each heat, and each heat winner will receive a prize. Merchants and individuals have been generous in donating worthwhile prizes, Fidler said.

Man Walks 50,000 To Deliver News

Ballarat, Australia — (U.P.) — Les Thompson, 55, has walked 50,000 miles and worn out 96 pairs of boots over the last 16 years in bringing the news of the world to the people of Clunes, a township near here.

"That's twice around the world and that's enough for any man," Thompson said. "Now I'm going to retire."

Every day of the week except Sunday, for Victoria has no Sunday newspapers, Thompson has walked a newspaper delivery round that took him over 10 miles of hills and dales in Lunes. Each year he wore out half a dozen pairs of army issue boots.

casian one for fine music.

Three new members have been admitted for the usual waiting period for medical clearance. They are F. A. Henicka, Arthur Larsen and Harold Dunham.

Both Commander Willard Abbott and Vice-Commander Hans Sorenson of the VFW Post have gone north to visit with their families. Sorenson's daughter, Mrs. R. V. Merical and Rose Anne, of Van Nuys, Calif., drove here last week and together they continued on to Tacoma where they will spend some time with other members of the family before returning here. Mrs. Merical's husband, an Army officer, is on his way to Korea.

ADULTS TO BLAME

Jacksonville, Fla. — (U.P.) — Police here say they have no trouble with juvenile vandalism in the city parks. It's the grownups stealing plants that give officers headaches.
