

**SOC Speech Fraternity
Reelects President**

Ashland — Ralph W. Wood, Ashland, was re-elected president of Sigma Alpha Sigma, Southern Oregon college speech fraternity, when the group met Monday noon.

New officers named included Wayne R. Rawson, Medford, vice president; John J. Cady, Ashland, secretary; and Arthur N. Ostrander, Ashland, sergeant-at-arms. Leon C. Mulling, associate professor of speech, is faculty advisor to the group.

The Coast Guard air station, responsible for air-sea rescue and other work, is located at the San Francisco Municipal airport.

**Korean Police Action
Now Being Discussed
In Terms of Years**

By LYLE C. WILSON

Washington — (U.P.)—The men who should know most about it are talking of the Korean police action in terms of years, three years, maybe. It could be more.

They acknowledge that the United States and the United Nations have very little and the Communists have very great control over the situation. So long as it fits Communist plans to continue the truce talks as a propaganda device for the Kremlin, the talks probably will continue.

No Evidence Shown

As of today there is no evidence that the Communists desire honest negotiations and a

real truce. Nor is there any immediate evidence that the Communists want to resume all-out combat.

About 40 per cent of the effective ground force of the United States is pinned down in Korea plus large naval and air elements. The financial cost is terrific and the loss of life irreparable. Our intelligence does not know how great a strain the Korean action may be on Chinese and Russian facilities.

The standstill fact upon which prime emphasis is placed here is that the Communists are in command of the situation. As of now they can have war or peace as they desire, or continue truce talk propaganda. Their refusal to negotiate merely indicates their present choice which is to continue their present tactics for months and years, so long as Moscow writes the script that way. Perhaps the Communists have their eye on the weakest spot in the defenses of the free nations.

That spot is the fact that many nations are involved on the free side in Korea. The United States carries nearly all of the load. But there is a British division in action there, and there are smaller units from several others of the United Nations.

Allied Fall-Out Seen

If frustration, expense, or whatever caused even one of these participating nations to pull out, great damage would have been done the anti-Communist cause. The Kremlin may believe some of the Allies will fall out if the truce stall is continued long enough.

Authorities have noted a buildup of Communist strength in the Far East. Much progress has been made since truce talks began in converting Russian air power to jet propulsion. Perhaps the Communists simply are building up for an all-out blow.

Eagle Point School**Sets Welcoming Day**

Eagle Point — The first grade rooms of the Eagle Point school will hold "Welcoming day" Thursday, May 29, from 1 to 3 p. m. for children who will enter school for the first time next year.

Eligible children were invited to attend to get acquainted with the teachers and school.

RIOTER'S RAIMENT—Lt. Col. Mills C. Hatfield, guard commander at prisoner of war enclosure 10 in Pusan, Korea, holds blouse decorated with four stars and resplendent with medals and ribbons which was worn by leader of the recent riot in the camp.

**Portlander Killed
In Dispute Over
Property Line**

Portland — (U.P.)—Paul S. Buchanan died Monday night as the result of a stabbing inflicted by his 73-year-old, one-armed neighbor in the climax of a long feud over the property line between their homes in southeast Portland.

The 38-year-old man was stabbed three times by Logan C. Fields of Portland, police said.

Feud More Pronounced

According to police reports, the trouble began three years ago when Fields moved his house onto the lot next to the Buchanan home. The feud became more pronounced recently when Fields insisted that the Buchanan woodshed extended 22 inches onto his property.

Buchanan, police said, went to his neighbor's house Monday and approached Fields, who was burning rubbish in the back of his yard.

Charge May Be Changed

As Buchanan approached the man, police said, Fields whirled and stabbed him with a knife with which he had been cutting weeds.

Fields was charged with intent to kill but police indicated the charge may be changed by the Multnomah county district attorney's office. Fields was held on \$5,000 bail.

**Dionne Quints To
Embark on College
Careers Next Fall**

Corbett, Ont. — (U.P.)—Papa Oliva Dionne said his famous quintuplets at last will escape his ever-watchful eye when they go to college next fall.

"They've all decided they want to go to college," Dionne said. "They haven't made up their minds which one yet, but it definitely will not be a convent."

Thus Dionne dispelled a rumor that one of the five Canadian girls would become a nun.

He said that his daughters—Emilie, Annette, Yvonne, Marie and Cecile—would have to start making up their own minds Wednesday, when they celebrate their 18th birthday and reach the age of consent.

The anniversary will have double significance for the girls and nine classmates will graduate from their private school Wednesday and it will be closed as soon as the exercise is concluded.

Dionne said the birthday party would be a family affair. He said he would give each of the girls a rhinestone necklace with a bracelet and earrings to match.

Dionne said the girls may do their own choosing for husbands, "but the fact is, none of them has any boy friends."

Subversive Statement Said Unconstitutional

Olympia — (U.P.)—Thurston county Superior Judge Charles Wright declared unconstitutional Monday a state law requiring candidates for public office in Washington to swear they are not subversive.

Wright said the 1951 legislature exceeded its powers by adding to the qualifications for constitutional state and national offices, and that the oath require-

ment was a "direct" derogation of the rights of the people to choose their own public officers."

Assistant Attorney General Lyle Iversen said the ruling would be appealed to the State Supreme court.

**High Water Chases
Eskimos From Homes**

Anchorage, Alaska — (U.P.)—One of Alaska's mightiest rivers, the Kuskokwim, surged over its banks Tuesday and drove scores of Eskimos from their homes.

Private airlines operating float planes evacuated natives from the threatened village of Aniak, 335 miles west of here.

An Alaska Airlines spokesman said Pilot Orville Tosch of Nome was shuttling Aniak residents to Bethel, 100 miles downstream, as ice-choked waters continued to rise. Bethel itself was threatened by flood waters and the airport was under water, an officer of Northern Consolidated Airlines reported.

KNOW-HOW PAYS OFF

Chicago — (U.P.)—Officials of the Milk Foundation selected Nancy Eigelsbach, 16, as Chicago's Dairy Dream Girl because "she knows how to milk a cow."

Assistant Attorney General Lyle Iversen said the ruling would be appealed to the State Supreme court.

SPOT NEWS

MUSTARD AND KETCHUP STAINS

Mustard and ketchup present about the same problem in terms of stain removal as the so-called "tannin-like" stains.

There are just four things to remember about mustard and ketchup stains which will help you save the garment from unsightly brown spots.

1. If the mustard or ketchup has been spilled on a washable garment, sponge out with clear water. DO NOT USE SOAP. DO NOT ATTEMPT TO PRESS UNTIL THE STAIN HAS BEEN COMPLETELY REMOVED.

2. DO NOT, if at all possible, merely allow the stain to dry out and then let the garment hang in the closet for a long time. These stains become developed with age, and then they're harder than ever to get out. Sometimes they can't be removed at all, if the garment is not sent to the cleaner for a long time after staining.

3. If the mustard or ketchup stain has occurred on a "dry cleanable" garment, DO NOTHING. ABOVE ALL, DO NOT RUB OR WIPE IN ANY WAY. This only forces the stain into the fabric fibre and makes it more difficult to remove.

4. ALWAYS TELL US ABOUT THE STAIN. We can then employ special spotting and "spot-digesting" techniques prior to ordinary cleaning. Unless it's an extraordinarily complex procedure, there is no charge for this extra service. And you'll get your garment back in better condition.

The main thing to remember about mustard and ketchup stains is that it isn't the stains themselves that give so much trouble. It's what happens to them afterwards.

So—again, please—DON'T RUB... DON'T USE A HOT IRON... TELL US... and, if it's washable—SPONGE OUT WITH CLEAR WATER ONLY.
