Mrs. Schad later will return to complete the term of Mrs. Rankin's stay. The Schads next week will vacation at Santa Ana, Calif., where they will visit his parents.

Correction—The picture of Queen Mary Kathryn White and the Phoenix May festival prizes, carried in Sunday's issue, was made by Anders' studio, rather than Brainerd's studio, as was stated.

Ride—Sixteen young and adult riders of the Jacksonville Saddle club made an all-day ride and picnicked yesterday in the mountain country south of Jacksonville. The riders assembled for the ride at the Sam Campbell ranch and Campbell led the group.

Smoke Damages—Some smoke damage resulted Sunday when a pot was left too long on a burner at the Vern Pearson residence, 538 Bartlett street, firemen reported. They were called at 11:40 a.m. Firemen were dispatched about 9:45 a.m. today to extinguish a trash fire which was reported burning hard at 523 North Riverside avenue.

Pre-School Clinic—A pre-school clinic for children who will enter Griffin Creek school for the first time next fall will be held at the school Tuesday, June 3, from 9 to 11 a.m., with Dr. A. Erin Merkel, county health officer, in charge. New residents of the vicinity who have children entering the school particularly are invited to take them for the physical check-ups.

From Las Vegas—Joseph Blue, Upper Third street, Jacksonville, left yesterday for Las Vegas, Nev., after visiting for the week-end at his home. He recently went to Las Vegas where he is employed and Mrs. Blue plans to leave in about 10 days. They will make their home near the Nevada city. Blue is employed at a magnesium plant. They have lived in Jacksonville about seven years.

Graduated—Bob Worrall, West Evans creek, Rogue River, was graduated May 25 at Whitman college, Walla Walla, Wash., from the school of economics and business administration. His parents, Mr. and Mrs. Robert H. Worrall, attended the commencement exercises. The graduate is a member of Phi Delta Theta fraternity and was president of the chapter during his senior year. He was house manager of the fraternity during his junior year. As a sophomore he was business manager for the Pioneer, college newspaper, and during his junior was editor of the Wallatop, college year book. Worrall was manager of the Ski team; president of the Hawaiian club; member of the W club, tennis team, student congress and press club. He has been accepted in the postgraduate school of business administration of Harvard university and will continue his studies there for the next two years.

Released—Harold Corliss, 938 South Holly street, was released yesterday from the Sacred Heart hospital, after being there several days because of surgery.

At Cave Junction—Mrs. Edward L. Schultz, 412 King street, and her mother, Mrs. Catherine E. Sowell, 604 Beatty street, were at Cave Junction for Memorial day, where they visited relatives.

London Doctor Will Assume Care of Lepers in Africa

London — (U.P.) — A thirty-year old American neighborhood doctor, Merlin L. Brubaker, will leave London in July for a job which will give him care of nearly 2,000 African lepers in central Nigeria.

Dr. Brubaker is attending the school of hygiene at the University of London. He leaves for the leprosarium at Garkida, Nigeria, in July, at the conclusion of his six-months' course. He said he expects to remain in Nigeria for three years.

Brubaker, who comes from Live Oak, Calif., although in recent years he has lived in Fullerton, Calif., said his assistants at the leprosarium will be three American nurses. Though all equipment at the leprosarium is British and it stands on British soil, the outpost itself is American sponsored.

Brubaker will be accompanied to Garkida by his wife Polly and his two children, Judy, 2½ and Jon, one, who are in England with him now. He said it was unlikely they would be exposed to any danger through contact with the lepers.

Sees No Danger — "The residential part of the station, I am told, is completely isolated from the leper quarters," Brubaker said. "In any case, leprosy, although an infectious disease, is one of the least infectious of its group."

Brubaker said he became interested in leper work only last year, after talks with elders of the Church of the Brethren in Fullerton, Calif. The church sponsors the Garkida leprosarium.

"Dr. Leland Brubaker — no relation — who is head of the church in Fullerton, asked me whether I would consider taking up the post in Nigeria," Brubaker said. "We had often discussed the matter, and I agreed to give up my neighborhood general practice and come to London."

It was necessary to take this course at London university to get acquainted with the medical knowledge required for such a post.

Dr. Brubaker said the first term of his appointment was for three years, at the end of which he was due for a year's vacation in the United States.

"I haven't made up my mind whether I'll return for a second three-year term afterwards," he said. "I guess I'll just wait and see what things are like out there."

Brubaker said there were between 1,700 and 1,800 lepers in the leprosarium, which is stocked with some of the most modern

California Couple Injured in Crash

A young Glendale, Calif., couple is in Community hospital today, suffering from injuries sustained yesterday afternoon when the car in which they were riding went out of control and overturned.

State police said the accident happened on the Shady Cove road along the west bank of the Rogue River above the site of Rodge bridge. The car went into loose gravel in avoiding an oncoming vehicle, cracked across the road and hit a tree.

The driver was Eloise Margaret Hooper, 20, police said. Her injuries include a fractured pelvis, a broken leg, an injured eye and numerous cuts and bruises. Her husband, Harry, 24, suffered a broken right leg, a dislocated shoulder and hip, and "many" minor injuries, according to hospital attendants. Reports indicated that he was pinned in the car for a time after the accident.

Conger-Morris ambulance brought the Hoopers to the hospital.

THE CHRYSLER IMPERIAL 6-PASSENGER SEDAN

YOU'LL FIND IT EVEN BETTER THAN YOU'VE HEARD!..

It's been many years since a new car has caused as much talk as today's Chrysler Imperial has done. What you may not realize is how long it's been since a car gave so many reasons for excited talk as this one does. Here is literally a new leader of the world's fine cars!

May we invite you to drive and test for yourself the best and most worth-owning engine on the road today? (Chrysler's magnificent new 180 H.P. FirePower V-8.)

May we invite you to handle the easiest and safest steering wheel in existence at the moment? (Chrysler's full-time Power Steering.)

May we invite you to try out brakes which require as little as one-third the usual foot-pressure, and still stop you in many feet less than other cars do? (Chrysler Power Brakes.)

May we invite you to sit on the most comfortable seat cushions, and enjoy the fullest window vision you can find?

May we invite you to ride on the rough-road miracle of the Oritow shock absorbers which only Chrysler-built cars have?

May we invite you to drive a Chrysler Imperial... and learn for yourself how much you'd miss, and deeply regret, if you bought another car today without knowing this one first?

We... and Imperial by Chrysler... are at your service, any time.
