

School District Land Transfer is Rejected By Boundary Board

Jackson County's Rural School District Boundary board unanimously disallowed a petition by residents of the country club and golf course area to transfer 207.06 acres from Lone Pine School district (No. 10) to Medford district (No. 49) at a public hearing held last week, according to Alf Mekvold, board secretary.

County Judge J. B. Coleman said that about 25 people attended the hearing, with some 18 opposing the transfer from the Lone Pine district.

Board Members Object

Those objecting to the transfer included several school board members. Grounds for opposing the transfer according to Mekvold, were based on the loss of \$57,620 in assessed valuation if transferred, that at the present time very few children were involved, and, further, that the Lone Pine district is already furnishing good education facilities, including transportation.

Others appeared in support of the transfer, Mekvold pointed out, because it was felt that people living in the area would prefer to send their children to Medford schools, and that in the future if the city boundary lines were to be changed to include the area it would have the ad-

vantages of Medford police and fire protection.

Tells Reasons

After hearing arguments by both groups, the rural board drew up a resolution against the transfer, the secretary said, because it could not be justified on the basis of the welfare of the children involved. The board has always adhered to the policy of using the welfare of the children involved as the principal criteria for determining its action, he said.

The loss of the assessed valuation would also work a definite hardship on district No. 10, and it was thought unwise to make any unnecessary boundary changes at this time because of the possibility of the pending state reorganization bill up for vote next November which, if passed, would change the boundary lines, Mekvold explained.

Earlier the same day, the board allowed a petition for the transfer of 6 3/4 acres from Kenwood district (No. 102) to the Medford district for a possible future school site for the Medford district. No one appeared at the hearing, with the transfer having the approval of the school boards in both districts.

Cite Population Growth

The acreage involved includes an area between Whittle avenue and the Old Crater Lake highway above the Roberts road. The approval was made by the board, Mekvold related, on the basis that the Medford school district felt that continued growth in that direction would make it necessary in the not too distant future to provide a school in the area. It was therefore necessary to acquire the property before any building took place on it, he added.

All board members were present at the hearings, including Judge Coleman, Commissioners L. G. Morthland and Robert Lytle and County School Superintendent Mekvold, who is the group's secretary.

McLeod

McLeod—a surprise "blue and pink" shower was given recently at the home of Mrs. Donald Vaughn honoring Mrs. Emery Nye. Those attending were Mesdames Arthur Hume, Jim Cleavenberg, Leo Hoag, George Hubbard, Bruce Pingle, Everett Shaffer, Archie McKillop, Clarence Hedgpath, Louis Cleavenberg, Heston Grieve, Lew Rogers, Marge Broomfield, Frank Boothby and Johnny Davidson. Mrs. Leo Hoag was the hostess.

Mr. and Mrs. Floyd Lambert sold out their gas station at Rogue Elk to W. A. Korte of San Diego who has taken possession. The Lambert's have gone to California.

A six-pound baby boy arrived at the home of Mr. and Mrs. Glenn Nelson on Friday, May 23. The little fellow has been named William Ronald. Mrs. Nelson is the former Joyce Axtell.

Mr. and Mrs. Harry Lentz of Boise, Ida., have been the house guests of Mr. and Mrs. Roy Vaughn.

Those attending the stag party at the home of Leo Hoeg recently were Paul Pearson, Donald Haughn, Robert Levensgood, Arthur Hume, Emery Nye, Jim and Louis Cleavenberg, George Hubbard, Clarence Hedgpath, Frank Boothby, Lew Rogers, Heston Grieve, Everett Shaffer and John Davidson.

Mr. and Mrs. Mike Flynn and two daughters and Mr. and Mrs. Wendal Vaughn and daughter, all of Medford, were dinner guests at the home of Mr. and Mrs. Donald Vaughn and family Sunday, May 25.

Mrs. Jim Sawyer and daughter Sandy are leaving for a trip to Minneapolis to visit Mrs. Sawyer's parents.

Miss Elizabeth Netherland of San Francisco is the guest of her sister and brother-in-law, Mr. and Mrs. Bob Alworth.

Miss Charlotte Mattson was the luncheon guest of Miss Jacqueline and Josephine Hume on Thursday, May 29.

The pupils of the seventh grade at Elk-Trail school gave the graduating class and their parents a supper Tuesday evening, May 27th, at the school house. About 100 attended.

Mrs. Donald Vaughn, principal at grade school, took his graduating class on a picnic to Ashland park Monday, May 26, and all went swimming in the afternoon.

VACATION at the top of the world

A vacation you'll never forget is the one you spend a mile high in the sky—in the gorgeous Canadian Rockies—at breath-taking lovely Lake Louise and delightful Banff Springs. Here you enjoy every comfort and service, plus world-famous food, hike, ride, swim, fish, play golf, tennis. Make reservations now with your local travel agent or...

ECONOMICAL ROCK WOOL

Reg. 2.10 **1.89** 40-lb. Bag

Easy to install. Just pour clean, odorless, lightweight Rock Wool between studs of walls, between joists in floor. Effectively insulates against cold, drafts, dust, summer heat. Soon pays for itself in winter fuel savings—reduces fuel bills up to 40%. Will not settle pack or deteriorate. Fireproof.

REGULAR 1.35 TILE-GLO

1.20 qt. Reg. 75c pt. **67c**

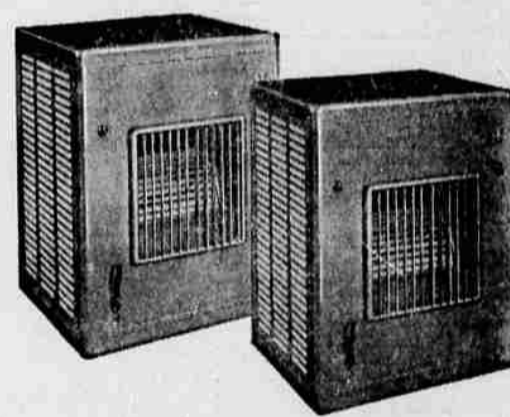

New—a sealer and finisher for asphalt, rubber and vinyl tile. Protects—seals out dirt. Won't soften tile. Just wipe on—Tile-Glo dries to a glossy, non-skid surface. Quart does average room, two coats.

REGULAR 4.25 EXCELON

3.82 gal. Reg. 1.29 qt. **1.16**

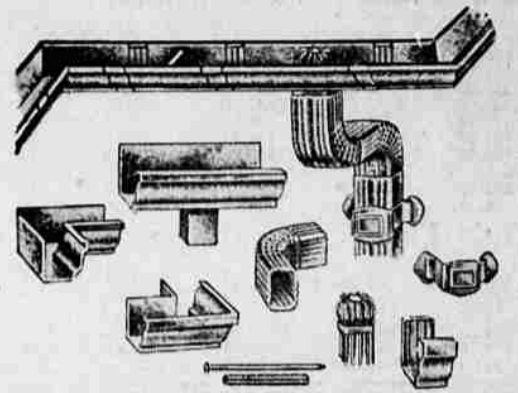

Rubber-based Flat Wall Paint that's really durable. You can scrub it year after year. Easy to apply—one coat covers. Primes, seals itself. Pastel colors. Deep tones available for slightly more per gallon.

BLOWER COOLER — 2500 CFM

Reg. 94.95 **90.95** Buy on Terms

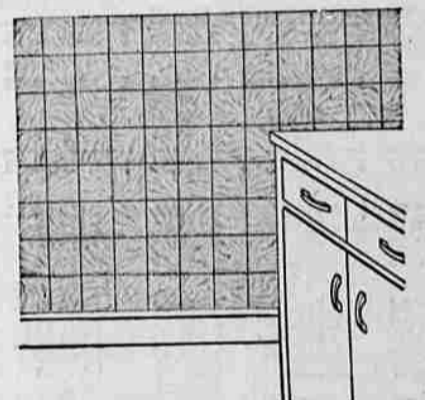

Evaporative cooler 26 1/2" wide, 33 1/4" high. Welded construction for rigidity and quiet operation. Grill is removable for duct installation. All parts galvanized for longer life. 1/4 HP GE motor.

GALVANIZED GUTTERING

10% OFF

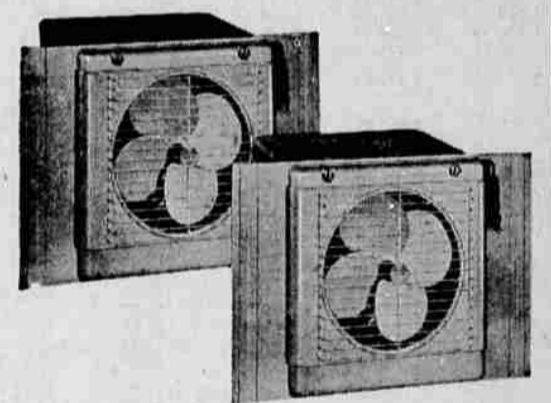

Popular "box" type of heavy, 28-gauge steel with rust-resisting galvanized finish. Slip-joint connectors eliminate soldering. Easy to install, no special tools needed. All necessary fittings are available.

BEAUTIFUL PLASTIC TILE

No Money Down **10% OFF** FHA Terms

Install in shower, bathroom, kitchen—unaffected by water. Slow-molded for toughness, durability—will not dent or crack. Color goes all the way through. Wide selection of lustrous marbled or plain colors.

WINDOW COOLER — 1500 CFM

Reg. 44.95 **40.95** Buy on Terms

Fan-type evaporative cooler to fit windows from 23" to 36" wide. Cabinet is 23" high. Removable front makes it easy to service cooler from inside the room. 1/20 HP elec. motor.

SOFT DRINK & ALCOHOLIC BEVERAGE STAINS

With warm weather here, there's hardly a family in the land that won't be drinking either soft drinks or alcoholic drinks of some kind.

From the standpoint of clothes, and the inevitable spilling and staining, a few words to the wise can help avoid serious consequences.

SOFT DRINKS: All of the common soft drinks, such as the colas, root-beer, ginger ale, and "pop" fall into the category of the "tannin-like" stains. This means, of course, that stains caused by soft drinks are often invisible until heat is applied. Then the characteristic brown stain appears—fixed for good.

The same suggestions apply here that do for all 'tannin-like' stains. If the garment is washable, sponge it out with clear water only. NEVER USE SOAP. And don't iron until absolutely sure all of the soft drink is out.

If the garment is a dry cleanable one, DO NOTHING. No rubbing or wiping. And if you'll tell us where the stain is when you bring the garment in, we'll give it the special treatment such stains require. And don't let the garment sit around in the closet. Moths just love stains.

ALCOHOLIC DRINKS: In general, the same precaution should be followed as with soft drinks. The one exception is that alcohol frequently causes dyes to bleed off. There is, unfortunately, no real remedy for this.

And so it follows that, with washable garments, you may take immediate emergency treatment yourself. Naturally, the sooner after staining you do, the better.

With dry cleanable garments we recommend that you immediately bring them in for cleaning.

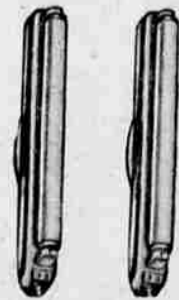

In either case, the reason for quick action is that—in addition to reasons cited above—the longer the stains stay on the fabric the more deeply imbedded they become in the fibers of the fabric—and, through aging, the more permanently fixed.
