21 Eighth Graders Get Diplomas At Gold Hill Dinner

Gold Hill—Twenty-one members of the eighth grade class of Gold Hill grade school received their diplomas Wednesday night at a promotion dinner held at the Gold Hill Grange hall.

The room was decorated with red roses, the class flower. The words, "Class of 1935," were spelled out in roses on a sign hung on the wall. The dinner was attended by about 90 people, including the graduates, their parents and friends, and some of the school faculty.

Promotion Exercises

Robert Sage, school principal, gave a brief talk, explaining that such an event is now called "promotion" exercises, rather than "graduation," so that students will not conclude that their education is finished when they receive their diplomas. Dale Collins, school district board member, gave out the diplomas.

Receiving diplomas were Frankie Birdsong, Berta Clark, Donna Eskew, Jean Estremado, Sylvia Malone, Nadra Moore, Jane Rosecrans, Bonnie Sears, Zoe Turner, Richard Bickel, Samuel Collins, William Devor, Royal Gray, Robert Lance, Sam Massey, Gayle Robbins, Mark Rogers, Richard Shoemaker, Ronald Trueblood, Leroy Waterhouse, Eugene Wilson.

Lack of Wind Halts Glider Record Try

Wenatchee — (U.P.) — Two glider pilots made a second unsuccessful attempt to establish a new endurance record Saturday. Like the first try there was not enough wind.

Capt. Earl J. Drew, a Larson Air Force base meteorologist, and Marvin M. Howlett, 24, Wenatchee, had hoped to stay in the air all weekend when they went up Friday at 7 p.m. But they were forced to come down two hours later because there was no wind.

They went up again at 7 a.m. but were back on the ground at 9 a.m.—same reason—no wind.

On The Side

(Distributed by King Features Syndicate, Inc.)

Something I have often found very difficult to accomplish is extracting a cork from a wine bottle. Time and again the cork crumbles and it becomes necessary to push it down into the bottle. I have always felt that this was the fault of the cork. However, according to an expert on the subject, the fault is usually with the corkscrew. A special type of corkscrew is necessary for the successful opening of wine bottles. This corkscrew should be inserted at the side of the cork and used in a slanting position. Incidentally, my tastes in wine are simple. I like Chianti and Chablis.

So They Say

"Four women born under Scorpio have been doing some checking on your sign of Leo," writes a Chicagoan. "Leo men are egotistical, arrogant, dominating and non-stop conversationalists. They love the spotlight. For examples Mussolini, George Bernard Shaw, and Leo 'Lippy' Durocher. Outside the home the Leo man is cheerful, amiable, sociable and considerate. At

home his poor wife often finds it a different story. He is sarcastic, moody and exacting. For hours at a time he won't say a word to his wife. He expects his wife to be constantly glamorous. Even after a hard session of housework he wants her to be lively, spirited and immaculately attired. Leo men are habitual flirts. They flirt with waitresses, manicurists, receptionists, stenographers and neighbors' wives. Any woman with a pretty face or shapely form arouses their flirtatious instinct. As for Leo women, they are notoriously bossy. They talk incessantly about their possessions. Or so say the stargazers. And how right they are!"

Glasses

Sixty-eight per cent of all women in the United States wear glasses all or part of the time. Conditions have changed greatly since Dorothy Parker, a spectacle wearer since childhood, plaintively observed: "Men seldom make passes at girls that wear glasses." Glasses for women have been so glamorized that even women who don't need any aid to their sight wear them. They think certain types of glasses make them look like movie stars.

The Grange

Upper Rogue Grange

Lecturers visitation night featured the June 5 meeting of Upper Rogue Grange. Seven Granges were represented. Lake Creek Grange, with 37 members present, put on an enjoyable program. Mr. McClintock of Fairview Grange, Tillamook county, talked on Grange insurance. Mr. Roberts of Roxy Ann Grange reported there is a prospect that alfalfa hay may be short in the valley this year due to so many ranchers threshing. Master James of Sams Valley Grange and Master Wolkoff of Lake Creek Grange each spoke briefly.

Mr. Barber announced a civil defense program will be held in Upper Rogue Grange hall on Tuesday, June 17, starting at 8 p.m. He urged all in the vicinity to attend the meeting which he said will be interesting and worthwhile.

There will be a cooked food sale at the next meeting, Thursday, June 19.

Next H.E.C. meeting will be on June 12, starting with 1 o'clock luncheon.

Upper Rogue Grange goes to Butte Falls Monday, June 16, to put on the program.

Shady Cove Grange

Shady Cove Grange H.E.C. met at the home of Mrs. Nellie Moteschenbacher on June 3 for a desert luncheon. Mrs. Sadie Vanderlipp was co-hostess.

Mrs. Ola Houston and Mrs. Leah Shepherd were visitors. Sadie Vanderlipp and Anna Beryl Kee received gifts from their secret pals.

The proposed opening of Casey's State park to overnight camping was discussed and the letter protesting same was signed by all members present, and the publicity chairman instructed to send it to the Bureau of State Parks in Salem.

Chairman Kee displayed a poster for the Grange canning contest, sponsored by White Satin Sugar, an Oregon product, and urged all Grange women to enter. The prizes are worthwhile.

Mrs. Shepherd demonstrated making corsages, and explained the arrangement of flowers and how to keep them fresh looking.

Next H.E.C. meeting will be on July 7 at the home of Pat Close on Big Butte creek.

Next Grange meeting will be Wednesday, June 18, at 8 p.m.

Central Point Sets Hearing on Budget

Central Point—A public hearing will be held at the Central Point city hall on June 24 over a \$56,207.97 budget for the 1935-1936 fiscal year, according to A. R. Pinkham, city recorder.

The total tax levy will be \$381.39 more than last year's total of \$23,424.21. Of this amount \$8,737.97 is within the 5 per cent increase limitation, and although \$15,080 is outside the limitation, no special election will be necessary, Pinkham pointed out, as the amount is covered by a 15-mill continuing levy.

The last publication of the budget will be next Thursday in the Central Point American.

Fishing license sales for the 1935-36 season shattered all records. A total of 16,026,699 licenses were sold to accumulate \$35,554,285 for the 48 state fish departments.—Sports Atfield.

ODD EGG LAID. A white hen in the James C. McDowell's flock at Talent produced an oddity in eggs last week when she laid an egg with a shell in deep brown tones at either end with a tan "belt" around the middle. Texture of the egg shell compared to sandpaper and also was much heavier than that on the average egg.
