Calumet Farm Entries Sweep Stakes Program

Inglewood, Calif. — (U.P.) — The fabulous Calumet farm swept both ends of a double stakes program at Hollywood park Saturday as A Gleam captured the Debonair Sprint and a triple entry raced one-two-three in the Vanity Handicap with Two Lea the first of the threesome.

The Calumet finish in the \$28,250 Vanity found disfavor with the crowd of 40,347 racing fans which sent it off a one to four favorite and the fans booted lustily as the trio came back to the finish line after the race.

The Vanity handicap at a mile and a sixteenth was Two Lea's first stakes victory since her comeback a few months ago after a year's layoff, and the six-year-old mare won by a length and a quarter with Jockey Henry Moreno up. Finishing behind her were the other Calumet mare and filly in the entry, Wistful and Jennie Lee, while Spanish Cream was fourth.

Dick Groat To Sign Pittsburgh Contract

New York — (U.P.) — Dick Groat of Duke, of the outstanding basketball players in the nation, will sign a Pittsburgh baseball contract within the next few days and will be playing shortstop for the Pirates before the month is out.

The 22-year-old Groat, from Swissvale, Pa., has worked out

Free Book on Arthritis And Rheumatism

HOW TO AVOID CRIPPLING DEFORMITIES
An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.
It reveals why drugs and medicines give only temporary relief and fail to remove the cause of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.
You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 2609, Excelsior Springs, Missouri. Adv.

Brown Manager Back in Action

Chicago — (U.P.) — The suspension of Player-Manager Marty Marion of the St. Louis Browns was lifted by American League President Will Harridge Saturday, but Marion was fined \$100.

Marion had been suspended for allegedly bumping umpire Bill McGowan while protesting a decision at third base in Wednesday's night game at Boston.

Harridge conferred with Marion and President Bill Veech of the Browns Friday and with umpires, including McGowan, Saturday.

PARTRIDGES ASSURED

Portland — Oregon's first large crop of Chukar partridges for stocking in eastern Oregon is believed assured at the Hermiton game farm where special electric brooders designed and built by Game Farm Superintendent Roy Dickinson have successfully raised 99 per cent of the young Chukars now three weeks old. For the past two years the game commission has tried without success to raise large numbers of Chukars; parasites and diseases acquired by the Chukars from domestic brood hens made heavy inroads.

BASEBALL

FRIDAY'S RESULTS:
Coast League
Seattle at Portland, postponed, rain.
San Francisco 1, Hollywood 0
Los Angeles 3, Oakland 0
Sacramento 6, San Diego 2

Philadelphia at St. Louis 2
Washington at Detroit 2
New York at Cleveland 2

numerous times with the Pirates and is labeled the finest college prospect since Lou Boudreau, who also starred on the basketball court at the University of Illinois.

Police in Illinois Get More Reports Of Mystery Shots

Springfield, Ill. — (U.P.) — State police, weary of chasing a "phantom gunman" over Illinois highways, prepared Saturday for another busy week-end as reports of additional shootings filtered into their headquarters.

The latest incident in the mysterious gun-play concerned a 22-year-old Colgate university senior who reported to police that someone in a blue car shot at him as he was driving alone early Saturday on U. S. 20, five miles west of Belvidere.

James Horsey, Chicago, son of Roy Horsey, vice-president of the Orange Crush Co., said he didn't hear a shot but an object — possibly a bullet — hit his windshield and chipped it.
Mr. and Mrs. Robert P. Walbecker, Rockford, told authorities they were driving to Freeport late last night when "a middle aged man" sitting in a car at the side of the road fired a shot at them.

The Rockford couple said they both heard the shot and investigating officers found a small dent on the side of the car.

Earlier, a Naperville, Ill., motorist, Henry Tainter, told Joliet, Ill., state police that two men passing him on Highway 68 fired at him "point blank."

Japanese Miners Rescued After Week Underground

Nagano, Japan — (U.P.) — Five miners trapped 125 feet underground for seven days and six hours were brought out alive Saturday.

Rescuers, almost ready to abandon their efforts, heard them shouting behind a huge boulder blocking the shaft in which they were caught by a cave-in.
They had not eaten in the entire time but otherwise were unharmed.

Corvallis — (U.P.) — The vanguard of 800 to 1000 scientists began arriving here Saturday for the 33rd annual meeting of the Pacific division of the American Association for the Advancement of Science.

Eagle Point Adopts Medford Water Rules

Eagle Point — The city council at Eagle Point has adopted the water regulations issued by the Medford water commission, according to Sam F. Coy, city recorder.

Eagle Point, which connects with the Big Butte line, will observe the following regulations, Coy said:

All water will be turned off at the sound of the fire alarm and not turned on until the return siren is given; waste, such as running water onto sidewalks, streets and gutters as a result of watering a lawn is prohibited and the penalty is water disconnection.

The sprinkling of streets is forbidden. Any fish pool, fountain, cooling system or any other fixture that employs a stream of water in its operation shall be served only on a meter basis. In lawn and garden irrigation, anything in excess of 7,500 square feet shall be charged at the rate of 12½ cents per 100 square feet or fraction thereof.

Lawn sprinkling systems shall be constructed and operated so that not more than 20 gallons of water a minute shall be used in any circuit, and not more than one circuit shall be operated at one time. Each circuit must have a control valve readily accessible to the water department inspector.

Saturday Accident Results in Injury

A two-car collision occurred Saturday evening at 7:15 o'clock at Summit and Jackson streets with no serious injuries resulting to the occupants, according to Peri ambulance attendants.

Barbara Davis, 316 North Central avenue, an occupant in a car driven by Mrs. Jack Casebier, route 3, box 263-C, Phoenix, suffered shock and facial injuries, attendants said. Also taken to Sacred Heart hospital for observation were the three small children of Mrs. Casebier, Alan, Deanna and Julie. Attendants said they didn't appear to be injured.

The driver of the other vehicle was Roy Francis White, general delivery, Crescent City, Calif., city police said.

The cars hit head-on, according to Medford city police, with both front ends "smashed pretty badly." The police are still investigating the cause of the accident.

House Refusal Expected On Controls Extension

Washington — (U.P.) — Key Republicans said Saturday the House probably will refuse to continue price-wage-rent controls for more than nine months, despite the one-year extension recommended by the Banking Committee.

They also predicted that the new controls law, when finally enacted, will include the Senate's "request" that President Truman seek a Taft-Hartley law injunction to stop the steel strike.

Administration Democrats conceded privately that the first forecast may be right and that the second looks like a sure bet.

The Defense Production Act, basic controls law, expires in 17 days. The Senate on Wednesday passed legislation extending wage-price-rent curbs for eight months through next Feb. 28 and continuing for one year authority for credit and allocation controls.

J. C. Penney Makes Gift to University

Columbia, Mo. — J. C. Penney, founder of the chain store which bears his name, has presented a Guernsey dairy herd, and other assets, worth more than \$750,000, to the University of Missouri, it was announced last week.

The gift includes all the property, endowments and assets of the Foremost Guernsey Association corporation of New York, which recently was dissolved by the New York courts at Penney's request to permit transfer of title to the university.

The gift includes farm land, buildings and equipment at Hopewell Junction, N. Y., as well as cash, stocks and bonds. The herd itself has some 250 cattle, valued at more than \$200,000, and will be brought to Missouri.

Columbia Ferry Service Doubled During Summer

Astoria — (U.P.) — Ferry runs across the Columbia river at Astoria were doubled Saturday as the State Highway department put the service on summer schedules.

Ferry Superintendent Floyd Simon said the ferry Tourist No. 2 will be added to the run along with the M. R. Chessman so that coastal motorists will be offered river transport every 45 minutes during most of the day.

Dead line Sunday Classifieds is at noon Saturdays.

New Crops Create Need for Workers

Salem — (U.P.) — Two-thirds of the strawberry harvest is yet to be reaped and the cherry harvest is starting. And farms in the northern and western parts of Oregon will need up to 10,000 new workers in the next few days, the State Employment service said Saturday.

The Grange

Roxy Ann Grange
There was a good turnout for the June 6-meeting of Roxy Ann Grange which was presided over by Master Ivan Wolfe. Mr. and Mrs. Eddington of Des Chutes County Grange were visitors. Roscoe Roberts reported on a Dairy association meeting he had just attended. Marguerite Shaw reported on the H.E.C. meeting held June 4 at Verda Quackenbush's home. H. E. C. turned in \$70 to the Grange to be used to hook up the electric stove.

Al Sims was elected gatekeeper succeeding Bob Meadows who resigned.

Grangers have decided to get together and cut some wood for the Grange on Sunday, June 22. Paul Doolton has offered use of his saws, tractors and truck. Roscoe Roberts will also take his truck. A picnic will be enjoyed at the same time.

There will be a drill practice at the hall Thursday, June 19. Lecture program included the "5 Bobbin Dobbins," and a skit "Mother's Surprise," which turned out to be "Father's Surprise," featuring Father's Day, put on by H.E.C. Ladies. Refreshments were served to the men by the Ladies.

generally are available. The pea harvest in the Pendleton-Milton district is getting well under way and 450 more husky men are needed. Housing is not plentiful but board and room generally can be found.
