

### School Boards Set Elections Monday

Patrons of the Medford city school district will vote tomorrow for a member of the city school board. The election will be held from 2 to 8 p. m. in the girls gymnasium of the senior high school.

Only candidate who has formally entered the race is Otto A. Ewaldsen, 20 Ross court. The outgoing board member, who is not a candidate for reelection, is E. Ronald Rice, 302 Vancouver avenue.

Ewaldsen's name will appear on the ballot. Voters desiring to cast a ballot for any other person must write in the name and place an X before it to have the vote counted.

C. W. (Bill) Anthon is the only candidate for election to the District 6C school board, representing the Central Point-Gold Hill area. Polls will be open from 2 to 8 p. m. at Central Point and Gold Hill.

Elections are also slated from 8 to 9 p. m. in each of the county's smaller districts.

### Eagle Point Bond Election June 27

Eagle Point—A special bond election will be held at Eagle Point on June 27 to amend the city charter by allowing a bonded indebtedness not to exceed \$15,000, according to City Recorder Sam F. Coy.

The election was ordered by the council, to raise funds to purchase a new pumper truck and equipment for the city fire department, Coy explained.

The special election will be held from noon to 7 p. m. at a central polling place to be announced later.

At a council meeting following a June 10 public hearing the city council approved a total budget of \$24,245.10 for the 1952-53 fiscal year. No special election on the budget is necessary, Coy related, because of a five year continuing levy voted in July, 1950.

The total tax levy for the next fiscal year is \$8,127.55 with only \$687.21 inside the 6 per cent limitation. Estimated receipts for the year are set at \$16,856.41.

### CP Rural District Boundary Hearing Slated Tuesday

Central Point — Petitions for inclusion in the Central Point Rural fire district are expected to be presented to the county court Thursday at 10 a. m., during an open public hearing on the proposed district's boundaries, according to officials of the rural fire department here.

Several residents and business owners of the proposed Jacksonville district have expressed intentions of seeking admittance to the Central Point district, they said. This is being done by submitting a petition " . . . prior to the date of such hearing . . . signed by 50 per cent or more of the record owners of real property in any area adjacent to such district . . .", according to state law, and if approval is given by the court.

The law also points out that the court may change the proposed boundaries at the hearing " . . . by reducing the area of such proposed district . . ."

The proposed district boundaries for Central Point are as follows: On the north, all of lower Table Rock east through upper Table Rock and across Rogue river; on the east, south to the Crater Lake highway, east to the Foothill road, south to Coker Butte road; on the south, west to Schulz road and the Table Rock Market road, south to De Barr road, south at Howard avenue across the Pacific highway and west to meet Ross lane; on the west, north paralleling Military road until it rejoins the Old Stage road, then west 1 1/2 miles, then north passing just west of Tolo to the Goldray dam and lower Table Rock.

### Clerk Sits on Robbery Suspect To Hold Him Until Police Arrive

Portland—(U.P.)—A flying tackle by a passerby ended a brief robbery spurge by a 39-year-old gunman Friday night only eight minutes after a state liquor store was robbed.

George Henry Stephenson, Portland, a railroad worker, was jailed on two charges of armed robbery after he was captured and disarmed and then identified as the man who an hour previously had held up a neighborhood grocery several blocks from the liquor store.

Clerk Gives Chase  
Joseph Kennedy, 64, liquor store clerk, chased Stephenson from the establishment after the suspect had pulled a .38-caliber revolver and pocketed about \$58. Kennedy caught Stephenson counting the money behind a tavern, but the gunman broke away from him and was fleeing down the street when Lyle K. Arends happened by and joined the chase.

Arends downed the fugitive with a tackle and was sitting on him, with Kennedy holding the robber's gun, when police arrived.

Mr. and Mrs. Ralph Rizzo, owners of the grocery store, picked Stephenson from a police lineup as the man who took about \$70 from them an hour earlier.

### Budworm Spraying Slated in Oregon

Salem—(U.P.)—Some 640,000 acres of Oregon forests will be sprayed in operations beginning next week to kill spruce budworm the State Forestry department said Saturday.

The project will begin as soon as the spruce budworms emerge. The State Forestry department will spray 366,000 acres and the U. S. Forest Service, 280,000 acres. The state will spray land in northeast Oregon and the U. S. Forest service, in the Mount Hood and Willamette National forests and on the Warm Springs Indian reservation. The spraying is estimated to cost a dollar an acre.

The spraying program began in 1948 and to date 2,128,000 acres have been sprayed. About

### Alaska Students First Atop Peak

Fairbanks, Alaska—(U.P.)—Four University of Alaska students have conquered 17,130-foot King peak for the first time.

The peak, highest unclimbed mountain in North America before the Alaskans made the ascent last week, is near the Yukon-Alaskan border.

Al Paige, leader of the four-man party returned to Fairbanks by plane Friday. He said his party had reached the summit and planted a University of Alaska flag atop the peak.

The proposed district boundaries for Central Point are as follows: On the north, all of lower Table Rock east through upper Table Rock and across Rogue river; on the east, south to the Crater Lake highway, east to the Foothill road, south to Coker Butte road; on the south, west to Schulz road and the Table Rock Market road, south to De Barr road, south at Howard avenue across the Pacific highway and west to meet Ross lane; on the west, north paralleling Military road until it rejoins the Old Stage road, then west 1 1/2 miles, then north passing just west of Tolo to the Goldray dam and lower Table Rock.
