

Oregon Labor Group Eyes 37 Resolutions At Annual Meeting

Seaside, Ore. — (U.P.) — Some 37 resolutions were studied Tuesday by delegates to the annual convention of the Oregon State Federation of Labor, including one to make its president a full-time, \$500-a-month officer of the federation.

The constitutional amendment would make the president of the federation an assistant to Secretary James T. Marr. He would carry on organizational work, assist in legislative duties and take over administration matters when Marr is at the state legislature.

Secretary Resigns

The move was made as the result of the resignation of Federation President J. D. McDonald as secretary of the meatcutters Portland local. McDonald resigned because he felt he could not work under recent constitutional changes made by the local union.

Another radical change in the organization was a proposal to organize auxiliaries to unions to enlist women, who "spend the money" in a campaign to buy union-made goods.

A resolution reciting the

needs for a four-year state college in Portland was handed to the committee on education.

One proposed resolution would direct federation officers to take steps to have the law changed under which a teacher's certificate may be suspended for the rest of the school year in a dispute with his local board over "intolerable conditions."

Many of the resolutions had to do with the increases in unemployment and injury payments, support of federal legislation in the interests of government employees and for more voter registration facilities.

Judge To Question Little Kader Girl In Mother's Trial

Portland — (U.P.) — An interview was scheduled Tuesday by Circuit Judge Frank J. Lonergan with little Vickie Kader to determine if the four-year-old is competent to be a witness in the first degree murder trial of her mother, Mrs. Jada Z. Kader.

It was Vickie who told police that Mrs. Kader had thrown the body of her sister, Sherrille Ellen, down a sump hole of a southeast Portland gas works after her mother had allegedly asphyxiated the three-year-old child.

Members of the jury, attorneys and Mrs. Kader inspected the gas sump Monday. The 22-year-old mother showed no emotion as she visited the site. The court entourage also had a look at the Kader home, several all blocks from the scene of the alleged slaying.

Alternate Jurors Picked

Earlier in the day, two alternate jurors were picked to hear the case and Judge Lonergan over-ruled a defense motion to block presentation of evidence in the case. The defense charged the indictment against Mrs. Kader was vague.

WRONG PORTRAIT

Hamilton, Ont. — (U.P.) — Canadian counterfeiters have beaten the government to the punch. Bogus 10-dollar bills carrying a portrait of Queen Elizabeth II have turned up in several stores here. The government's currency still carries the portrait of the late King George VI.

Nearly 20 times as many trailer coaches are sold for permanent or semi-permanent location of homes as are purchased for vacationing or constant travel.

Wrap and Tie

7236 by Alice Brooks

Less than a yard of fabric for this rose-embroidered halter that tops your shorts, skirts, slacks! Embroider by machine or hand.

Pattern 7236: Small (Sizes 10, 12); Medium (Sizes 14, 16); Large (Sizes 18, 20). All sizes take 3/4 yard 35-inch. State size.

Exciting! Our 1952 edition of Alice Brooks Needlecraft Book!

Brimsful of new ideas, it's only twenty cents. NINETY-ONE illustrations of patterns of your favorite needlecraft designs, plus SIX easy-to-do patterns printed right in the book.

One Lightning Fire Reported on Week-End

Only one lightning-set fire was reported by the state forest patrol as a result of the thunder-showers over the week-end. It was a snag set afire by lightning, and was near the Cobleigh road, north of the Butte Falls highway. A fire crew put it out Friday and Saturday.

District Warden Ted Maul said that fire lookouts in some of the higher elevations were brought down off their posts over the week-end due to snow. They returned yesterday and today.

San Francisco — (U.P.) — William A. Bingham Monday was elected vice-president and director of the Coca-Cola Bottling Co., of Oregon at a board of directors meeting here.

PENNEY'S

Would you call this the world's greatest invention?

Perhaps not. For you recognize it instantly as the familiar container known as the tin can.

But... think for a moment of what it has accomplished.

It has changed the eating habits of America... helped raise the national health level. It has fed our armed forces all over the globe and provided them with a nutritious and a balanced diet.

It has permitted an interchange of products and a sharing of their benefits everywhere.

For example, Maine farmers can eat Oregon fruits and Oregonians can enjoy New England baked beans. You'll find Hawaiian pineapple in Canada, peaches in Alaska, American meats in Norway, and an outstanding variety of canned foods in far-distant, little-known lands.

Through the years American Can Company, working with an alert, progressive canning industry, has pioneered hundreds of uses for this famous container—not only for food, but for such diversified products as motor oil, beer, paint, coffee and ball bearings.

The miracle of the tin can could only have happened in America... where a free economy offers such unlimited opportunity for a progressive, forward-looking industry to create jobs and make better products available to everyone at lower cost.

American Can Company CANCO
CONTAINERS... to help people live better
Made in Canco's Oregon Plant at Portland

BOYS' NO-IRON PLISSE SPORT SHIRTS 1⁴⁹
